Mexifornia A State Of Becoming Library Edition:

Mexifornia Victor Davis Hanson, 2016-04-19 Victor Davis Hanson locates the cause of our immigration quagmire in the opportunistic coalition that stymies immigration reform and even worse stifles any honest discussion of the present crisis Conservative corporations contractors and agribusiness demand cheap wage labor from Mexico whatever the social consequences Meanwhile progressive academics journalists government bureaucrats and La Raza advocates see illegal aliens as a vast new political constituency for those peddling the notion that victimhood not citizenship is the key to advancement The troubles Hanson identifies may have reached critical mass in California but they also affect Americans who inhabit Mexifornia and other states of becoming Hanson follows the fortunes of Hispanic friends he has known all his life how they have succeeded in America and how they regard the immigration quandary But if Mexifornia is an emotionally generous look at the ambition and vigor of people who have made California strong it is also an indictment of the policies that got California into its present mess In the end Hanson is hopeful that our traditions of assimilation integration and intermarriage may yet remedy a predicament that the politicians and ideologues have allowed to get out of hand

I Feel Earthquakes More Often Than They Happen Amy Wilentz, 2006-08-22 From one of our most astute contemporary writers Amy Wilentz comes an irreverent inventive portrait of the state of California and its unlikely governor Arnold Schwarzenegger The prizewinning author a lifelong easterner and an outsider in the West takes the reader on a picaresque journey from exclusive Hollywood soirees to a fantasy city in the Mojave desert from the La Brea Tar Pits to celebrity besotted Sacramento from the tents of Skid Row to surf drunk Malibu from a snowbird retreat near Mexico to the hippie preserve of tide beaten Big Sur along the way offering up sharp observations on politics fund raising the water supply the Beach Boys earthquake preparedness home economics

catastrophism movie star politicians political movie stars Charlie Manson and location scouts who want to rent your house in order to make television commercials for bathroom wall cleansers or Swedish banks Wilentz moved to Los Angeles from a Manhattan wounded by September 11 only to discover a paradise marred by fire flood and mudslides In what seemed like a joke to her a Democratic governor nicknamed Gumby was about to be ousted by an Austrian muscleman in a bizarre election promoted by a millionaire whose business was car alarms Intrigued she set out to find the essence of the quirky trailblazing state During her travels she spots celebrities but can't quite place them drops in on famous salons with habitués like Warren Beatty and Arianna Huffington and visits the neglected office of one very special 9 000 year old woman Plunging into the traffic of California Wilentz noodles out meaning in some of the least likely of places she sees the political in the personal and the personal in the political By now an expert on tremors real and imagined she offers readers on both coasts insights into where California stands today and America as well **San Joaquin Valley Waterscapes** Neil Jensen Dau,2007 **Braille Books** Library of Congress.
