**Soul of the Sword** Robert L. O'Connell,2002 In an elegantly illustrated volume a noted historian reveals culture society and history through the saga of war and its implements from the claws and horns of our evolutionary antecedents to today's nuclear MIRV missiles 150 illustrations throughout *Once They Moved Like The Wind* David Roberts,1994-07-19 Recounts the days of the Indian wars when the U S Cavalry repeatedly tried to subdue the great warriors led by Cochise and later Geronimo

**Casualties of the New World Order** M. Wesley,1997-07-14 Casualties of the New World Order contends that the high rate of failure among post Cold War UN missions are attributable to common weaknesses which are vulnerable to civil war dynamics These mission weaknesses derive from the high level of control over the missions mandates and operations wielded by combinations of self interested and distracted UN member states The effects of these weaknesses are examined in the failed missions in Bosnia Somalia and Angola while their absence is observed in the successful missions to El Salvador Mozambique and Cambodia

**Red Sabbath** Robert J. Kershaw,2005 There are few battles in the sometimes bloody history of the expansion of the United States in North America during the Indian Wars that are more famous than Little Bighorn In Red Sabbath noted military historian Robert Kershaw turns his attention to this classic encounter between the United States Army and the Plains Indians Analysing the causes of Custer's defeat from the standpoint of a professional soldier he examines the multitude of factors that lay behind this setback of a modern US Army's campaign against an unsophisticated foe Bringing a forensic examination to the subject this new view of the battle will be required reading for all those with an interest in the military history of the USA and of the career of that iconic figure Custer His analysis debunks many of the myths about Custer's abilities as a military commander and previous generalisations of this savage encounter providing a unique insight into the Battle of the Little Bighorn

**Annual Report** Mershon Center for Education in National Security,1991

**The Fires of October: The Planned US Invasion of Cuba During the Missile Crisis of 1962** Blaine Pardoe,2014-03-26 It was the closest we ever came to unleashing the Third World War The image of that world was so horrible to contemplate that both sides stepped away from that precipice and opted for peace Fires of October is the exhilarating military history of the Cuban Missile Crisis exploring in detail the strategic plans implemented by American Armed Forces as they headed towards a catastrophic nuclear collision with Cuba and the USSR Using recently declassified material Blaine Pardoe systematically recounts the origins of the crisis from the Berlin Crisis of 1961 and Cuba's military metamorphosis to the internal disorganization of the US military which exacerbated tensions between the USA Cuba and the USSR Pardoe reveals that the invasion plans were based on old intelligence outdated maps and misconceptions about the size strength and composition of the Soviet forces in Cuba for the first time and with harrowing results he scrutinizes the potential fallout had the invasion gone ahead Gripping and unnerving Fires of October shows us just how close the world came to nuclear war

*Lee's Last Stand* Derek Smith,2002 Offers a compelling look at the last battle of the once mighty

Army of Northern Virginia      **To the End of the Earth** John C. McManus, 2023-05-02 Winner of the Army Historical Foundation Award for Excellence in U S Army Writing From the liberation of the Philippines to the Japanese surrender the final volume of John C McManus s trilogy on the US Army in the Pacific War Brilliant and riveting a truly great book Gen David Petraeus Triumphant and compelling Richard Frank McManus is one of the best if not the best World War II historians working today World War II magazine The dawn of 1945 finds a US Army at its peak in the Pacific Allied victory over Japan is all but assured The only question is how many more months or years of fight does the enemy have left John C McManus winner of the Gilder Lehrman Prize for Military History concludes his magisterial series described by the Wall Street Journal as being as vast and splendid as Rick Atkinson s Pulitzer Prize winning Liberation Trilogy with this brilliant final volume On the island of Luzon a months long stand off between US and Japanese troops finally breaks open as American soldiers push into Manila while paratroopers and amphibious invaders capture nearby Corregidor The Philippines are soon liberated and Allied strategists turn their eyes to China Iwo Jima Okinawa and the Japanese home islands themselves Readers will walk in the boots of American soldiers and officers braving intense heat rampant disease and a by now suicidal enemy determined to kill as many opponents as possible before defeat and they will encounter Japanese soldiers faced with the terrible choice between capitulation or doom At the same time this outstanding narrative lays bare the titanic ego and ambition of the Pacific War s most prominent general Douglas MacArthur and the complex challenges he faced in Japan s unconditional surrender and America s lengthy occupation      *To Foreign Shores* John A. Lorelli, 1995 Most other books on the subject have been written from the perspective of the landing forces This account describes the whole spectrum of modern seaborne assaults It covers ships and landing craft ship to shore movement command relationships air and gunfire support mine countermeasures salvage and much more      **The Decision to Use the Atomic Bomb** Gar Alperovitz, 2010-12-29 With a new preface by the author Controversial in nature this book demonstrates that the United States did not need to use the atomic bomb against Japan Alperovitz criticizes one of the most hotly debated precursory events to the Cold War an event that was largely responsible for the evolution of post World War II American politics and culture      **Pearl to V-J Day** Jacob Neufeld, William T. Y'Blood, Mary Lee Jefferson, 2000 In observance of the 50th anniversary of the end of World War II the Air Force History and Museums Program sponsored a symposium on the War in the Pacific held at the Bethesda MD Naval Officers Club The gathering offered a unique opportunity for its guest panelists participants in that war or historians of it to reflect on a variety of subjects Japanese objectives American military preparedness and grand strategy the interaction between U S Army Air and Navy leaders combined operations political and diplomatic intrigue the challenges of ground air and sea warfare within differing Pacific theaters military science and technology the essential role of intelligence the proposed Allied invasion of the Japanese home islands and the use of the atomic bombs For the United States World War II began and ended in the Pacific from Japan s aerial attack on Pearl Harbor on December 7 1941 to its surrender in Tokyo Bay

on September 2 1945 For all but 5 months of those years Americans and their Allies were compelled to hold the line in Asia doggedly opposing imperialist Japan while a Europe First policy against Nazi Germany and fascist Italy prevailed in the Atlantic and Mediterranean The United States operated over huge distances from China Burma and India to countless Pacific islands Sixty five photographs are included *Lincoln and Grant* Edward H. Bonekemper, 2015-03-23 Lincoln and Grant is an intimate dual portrait of President Abraham Lincoln and General Ulysses S Grant their ordinary Western backgrounds their early struggles to succeed and their history making relationship during the Civil War Though generally remembered by history as two very different personalities the soft spoken Lincoln and often crude Grant in fact shared a similar drive and determination as this in depth character study illustrates **A Military History of the Modern Middle East** James Brian McNabb, 2017-03-09 This timely study synthesizes past history with the major military events and dynamics of the 20th and 21st century Middle East helping readers understand the region s present and look into its future The Middle East has been and will continue to be a major influence on policy around the globe This work reviews the impact of past epochs on the modern Middle East and analyzes key military events that contributed to forming the region and its people By helping readers recognize historical patterns of conflict the book will stimulate a greater understanding of the Middle East as it exists today The work probes cause and effect in major conflicts that include the fall of the Ottoman Empire the World Wars the Arab Israeli wars and the U S wars with Iraq examining the manner in which military operations have been conducted by both internal and external actors New regional groups for example the Gulf Cooperation Council GCC are addressed and pertinent events in Afghanistan and Pakistan are scrutinized Since military affairs are traditionally an extension of politics and economics the three are considered together in historical context as they relate to war and peace The book closes with a chapter on the Arab Awakening and its impact on the future balance of power *Ulysses S. Grant: A Victor, Not a Butcher* Edward H. Bonekemper, III, 2010-10-11 Ulysses S Grant is often accused of being a cold hearted butcher of his troops In *Ulysses S Grant A Victor Not a Butcher* historian Edward H Bonekemper III proves that Grant s casualty rates actually compared favorably with those of other Civil War generals His perseverance decisiveness moral courage and political acumen place him among the greatest generals of the Civil War indeed of all military history Bonekemper proves that it was no historical accident that Grant accepted the surrender of three entire Confederate armies and won the Civil War Bonekemper ably silences Grant s critics and restores Grant to the heroic reputation he so richly deserves *Tinclads in the Civil War* Myron J. Smith, Jr., 2010-01-13 Once the Union Army gained control of the upper rivers of the Mississippi Valley during the first half of 1862 slow and heavy ironclads proved ineffective in patrolling the waters Hastily outfitted steamboats were covered with thin armor and pressed into duty These tinclads fought Confederate forces attacking from the riverbanks provided convoy for merchant steamers enforced revenue measures and offered tow dispatch and other fleet support services This history documents the service records and duties of these little known vessels of the Union fleet **Artbibliographies**
