is going on and who wants him and the general dead When he goes to London to confront or warn the general hes not sure which an attempt is made on his life by a small group of army rangers But they dont know the kind of survivor at all costs they have taken on He kills all the would be assassins and makes it to the generals headquarters in London Taylor isnt prepared for what he encounters mainly the generals daughter Tracy an army first lieutenant He has never seen a soldier that looks like her and they soon become lovers Tracy is a computer expert and works in the Allied Headquarters Europe Actually the headquarters is a huge listening station staying on top of what European leaders are saying in their phone conversations and communications It is a spy network headquarters Tracy has intercepted a message from a satellite system that isnt even supposed to be online unless the US is involved in a war Its a highly secret system about which very few people know The message is a complete dozier on the general and the commander of Army Special Forces They are both marked for assassination Taylors search which includes Tracy as an assistant leads him to a top secret facility in Utah There a scientist has developed a device that will see stealth aircraft Now that device is for sale by someone to the highest bidder John Taylors only living relative is his sister Doris Although he is confident no one knows she exists when his life is in danger he send her off on a trip to Barbados to get her out of the line of fire She is kidnapped and held aboard a yacht so the enemy might lure Taylor into a trap They believe he knows where the missing device is hidden Taylor doesnt disappoint them and walks right into their trap Then he finds out Tracy is much more than a lieutenant who knows her way around computers when she comes to the rescue Taylor has always used women and dumped them when it was convenient But he finds himself to be truly in love for the first time in his life Then as they return to DC from Utah a passing car fires into their car and Tracy is killed Taylor is to say the least pissed He has always done his job without passion much like a mechanic changing a tire He was given an assignment to kill someone and he killed him or her always knowing it was for the good of democracy and his country But that has changed They made it personal when they killed Tracy and he vows to kill them all Whoever they are A seemingly unrelated incident takes place in the Caribbean A team of army rangers fires a deadly missile at a US frigate then the army team is all murdered on the shore of Honduras The helicopter crew which ferried the rangers ashore picks up the bodies and takes them to an aircraft carrier on maneuvers in the Caribbean As they leave the carrier a missile shoots down their helicopter A large naval fleet is participating in war games and the president goes to visit the carrier Before Taylor killed one of the perpetrators aboard the yacht where Doris had been held the man told him the entire thing was about assassinating the president Now Taylor realizes a team is aboard the carrier to sink it with explosives while the president is aboard He and

well being Faith Makes Us Live is essential reading for those who want to better understand the role of religion and religious institutions in immigrants lives Mark Chaves Duke University An exemplar of theory driven ethnographic research Professor Mooney provides an ambitious comparative study at once rich in detail and grand in scope By systematically comparing three countries on two continents this book uncovers crucial patterns of relationships among church state and civil society and how they affect immigrants on the ground This is what ethnography should be rooted in the lived experience of everyday life and yet motivated by the need to understand human social processes in general Andy Perrin University of North Carolina Thoroughly sociological in design and analysis this study opens new vistas for the field of religion and immigration Leaving behind celebratory or critical accounts of the role of religious beliefs in the adaptation of immigrant minorities Mooney makes clear that processes and outcomes depend on the interaction between religious institutions and the broader socio political context An original contribution made even more valuable by its focus on one of the most downtrodden groups in the migrant world Alejandro Portes Princeton University
