**Missed Opportunities Indo-Pak War 1965** Lachhman Singh Lehl, 1997      Deterritorialised Identity and Transborder Movement in South Asia Nasir Uddin, Nasreen Chowdhury, 2019-01-31 This volume is about migration across South Asia and the complex negotiation of borders by people and the states in the process. A border is understood as a form of demarcation but it also opens up the flow of people, goods and ideas of legality and illegality. Borders are dynamic and dyadic in the interface of state and non-state actors involved in border operations. Consequently, transborder movement becomes a complex web involving concerns of security, trade, militancy and questions of citizenship along with discourses of ghettoisation, belonging and otherness. Since the mid-20th century, the South Asian region has witnessed growing social and political instability and breakdown of regional cooperation. In this context, the volume casts a wide interdisciplinary lens across South Asia and discusses economic migration as well as forced migration due to persecution and natural disasters. It looks at how understandings of territoriality and border become blurred due to increasing transborder migration in the region, how states in South Asia address transborder movements at both policy level and on the ground, and how borderlands become spaces for illegal trade and informal economy in South Asia and for negotiations between states and refugees on identity and citizenship. This highly topical volume is for a wide group of scholars and students interested in South Asia, ranging from sociology, anthropology, political science, history to interdisciplinary fields like migration studies, peace and conflict studies and development studies.

**The Gallant Dogras** Shankar Prasad, 2005      **A Talent for War** Ramdhir Singh, 2013-10-18 Lt Gen Sagat Singh is unarguably the only military genius post-independence India has produced. He commenced his military career through humble beginnings in the Bikaner State Forces with only a smattering knowledge of English. At the outbreak of World War 2, he was commissioned as an officer and served in the Middle East with his Battalion and on staff. By the time the War was over, he was the only officer to have done two staff courses, including the prestigious course at Quetta. On being absorbed into the Indian Army after Independence, he was transferred to 3rd Gorkha Rifles where he commanded two battalions. He was given command of the Para Brigade on promotion and led it in the Goa Operations with aplomb. He was primarily responsible for liberating this Portuguese Colony. Sagat's drive and energy stood out. On promotion as Major General, he commanded 17 Mountain Division in Sikkim where, in 1967, in a bloody skirmish which lasted several days, he gave the Chinese a bloody nose, proving that the Indian Army was no pushover. That year, he was transferred to Shillong and tasked to curb the Mizo Insurgency. In two years, he succeeded in doing so effectively. In 1970, he was promoted to Lt Gen and given command of 4 Corps. It seemed his whole life was geared to leading a Corps into battle. In 1971, in a major logistic achievement, he moved and staged his Corps at Agartala. When operations commenced to liberate Bangladesh, his Corps relentlessly attacked and defeated Pakistan forces, crossed river lines and terrain considered impassable. His innovative use of helicopters has never been repeated. His is the only example in the Indian Army of a successful corps-level campaign which

can stand out historically His knowledge of the operational art was perhaps without parallel He retired in Dec 1974 and settled down in Jaipur where till his death in 2001 he tried to ameliorate the lives of ex servicemen and his people His achievements were recognised by the Government of Bangladesh when the President publicly and formally honoured his son and daughter in law in Mar 2013      **The Armed Forces of Pakistan** Pervaiz Iqbal Cheema,2002 This book describes the nature of Pakistan s defense capabilities and the forces that shape them in the twenty first century      **Taiwan Today** Anita Sharma,Sreemati Chakrabarti,2010 Contributed articles presented at a conference titled Taiwan Today organized by the Department of East Asian Studies University of Delhi in January 2007      **After Midnight** Meghaa Gupta,2022-08-15 At the time of independence few believed that a country made up of over 500 princely states and British provinces could survive as a nation even for a few years That a land stripped of its riches wracked by disease and famine and divided along tense communal lines could thrive in its ambition and aspirations Yet in 75 years since independence India has grown beyond anyone s expectation Today it s an Asian powerhouse poised to become the third largest economy in the world In many ways this is one of the greatest underdog beating the odds stories in world history How did India get this far What were the sweeping social cultural scientific political military environmental and economic developments it witnessed along the way Interspersed with personal anecdotes illustrations infographics informative timelines and pull quotes After Midnight gives a powerful context to the present and revels in the diverse and remarkable ideas that have come to shape this great nation It attempts to provide young readers with perspective meaning and food for thought as they try to comprehend the many facets of this fascinating country This well researched accessible and definitive handbook tells the story of India like never before
