## **Mibion And Evangelism:**

**Mission and Evangelism** Somen Das, 1998 Papers presented at a seminar on Mission and Evangelism held at Bishop's College Calcutta 11th-13th Feb 1997     Introduction to Global Missions Zane Pratt, M. David Sills, Jeff K. Walters, 2014-07-01

Missions is the work of the church to reach and teach the peoples of the world for Christ's sake. The missionary call is a vital part of the life of every follower of Jesus Christ and therefore the church. But the effective discipleship of all nations requires a solid biblical, historical, and practical foundation. Therefore the study of missiology demands the effective application of biblical studies, theology, and history. This text brings the rich heritage of evangelical missiology founded on conservative theology to a twenty-first century audience passionate for the proclamation of the gospel. Introduction to Global Missions brings the authors' decades of combined missionary and teaching experience to a survey text appropriate for college or seminary classroom. The book is divided into four sections and thirteen chapters. The text begins with the biblical and theological foundations of Christian missions, including a biblical theology of missions. Before moving to the practical and strategic issues of twenty-first century missions, the authors consider the historical development of missions with a view toward providing a basis for contemporary strategies. A final foundational set of chapters addresses the impact of cultures on the communication of the gospel. The remainder of the text deals with key issues and opportunities in missions, including church planting, missions in the local church, and strategies for disciple making. Introduction to Global Missions provides a foundation for readers to consider their own missionary call, whether as a full-time field missionary or a church member on short-term projects. No matter their role, Great Commission Christians need a framework for doing missions well.     *Christian Mission in the Modern World* John Stott, 2008-12-04 John Stott shows that Christian mission must encompass both evangelism and social action. He begins with careful definitions of five key terms: mission, evangelism, dialogue, salvation, and conversion. Then, through a thorough biblical exploration of these concepts, Stott provides a model for ministry to people's spiritual and physical needs alike.     **Missions, Evangelism, and Church Growth** Clyde Norman Kraus, 1980     **The Evangelization of the World:** Jacques A. Blocher, Jacques Blandinier, 2012-12-06 Written in an engaging style and intended largely for a lay audience, The Evangelization of the World tells the remarkable story of how Christianity grew from an insignificant Jewish sect in the first century until, by the beginning of the twenty-first century, it had become the world's first truly global religion. The book is careful to explain historical context and mission theory, but the foci of the narrative are the great personalities of mission: the Apostle Paul, St. Martin of Tours, St. Patrick, St. Francis, Xavier, John Eliot, Count von Zinzendorf, William Carey, Robert Morrison, David Livingstone, Mary Slessor, Albert Schweitzer, and many others who make this account of the expansion of the church a fascinating and often dramatic tale. In addition, the book does not neglect the great mission conferences of the twentieth century, nor does it avoid the controversial aspects of mission that in many instances continue to vex the movement today.     What is Mission? J. Andrew Kirk, How should today's Church shape its response to

the Gospel How can we set about making disciples of all nations in our post Christian multifaith world What does mission mean in our times Here is a book that addresses these issues and many more with honesty and openness It strips mission of its old associations with colonialism and militarism It looks anew at the underlying theology reminding us that our task is God's mission not a human construct It explores key aspects of contemporary mission from the familiar such as the relation of mission to evangelism and to people of other faiths to the unusual and thought provoking such as mission and the environment justice for the poor and the overcoming of violence Students of mission and Christians who wish to engage with today's world to integrate faith and life will find here an inclusive comprehensive and lucid presentation of all the relevant discussions

Three Spheres of Evangelism: Worship, Discipleship, and Mission Scott Stewart, 2013 **Mission and Evangelism in a Secularizing World** Narry F. Santos, Mark Naylor, 2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God's mission has been accomplished is being accomplished and will be accomplished
