Child Sacrifice in Ancient Israel Heath D. Dewrell,2017-05-23 Among the many religious acts condemned in the Hebrew Bible child sacrifice stands out as particularly horrifying The idea that any group of people would willingly sacrifice their own children to their god s is so contrary to modern moral sensibilities that it is difficult to imagine that such a practice could have ever existed Nonetheless the existence of biblical condemnation of these rites attests to the fact that some ancient Israelites in fact did sacrifice their children Indeed a close reading of the evidence biblical archaeological epigraphic etc indicates that there are at least three different types of Israelite child sacrifice each with its own history purpose and function In addition to examining the historical reality of Israelite child sacrifice Dewrell s study also explores the biblical rhetoric condemning the practice While nearly every tradition preserved in the Hebrew Bible rejects child sacrifice as abominable to Yahweh the rhetorical strategies employed by the biblical writers vary to a surprising degree Thus even in arguing against the practice of child sacrifice the biblical writers themselves often disagreed concerning why Yahweh condemned the rites and why they came to exist in the first place

instance or are simply inaccurate. They also explain why medications are often not the best ways to help children who are struggling to learn. The authors guide readers through the morass of commonly used labels and treatments offering specific suggestions that can be used to help children at school and at home. This book offers extremely empowering information for parents and professionals alike. The Mislabeled Child examines a full spectrum of learning disorders from dyslexia to giftedness, clarifying the diagnoses and providing resources to help. The Eides explain how a learning disability encompasses more than a behavioral problem; it is also a brain dysfunction that should be treated differently. *CliffsNotes On Nicholas Sparks and Micah Sparks' Three Weeks with My Brother Teacher's Guide* Richard P. Perry, 2016-07-21 The Story of Micah journeys through the life of a boy born with Down syndrome and a life-threatening heart defect. Nonetheless, he is able to bring love and hope to a world where many still believe. If it's broken, throw it away. The mother who never imagined she would be the one to birth a child with an unexpected outcome explores the uncertainties of what lay ahead on this unfamiliar road. Micah's body is frail from battling illness throughout the first year of life, causing hope to seem unreachable as chances for survival wane. Despair attempts to become this mother's companion, putting faith to the ultimate test. However, hope whispers to persevere. Would she direct her gaze toward the crashing waves or resolve to move forward toward faith? This tiny boy helps his mother realize she did not have to be the perfect mother; she just needed to persevere, put God first, and do her best. God's plan all along was to dismantle expectations of human perfection, replacing it with God's love. Through life's battles, Micah becomes a champion, overcoming challenges of life with a steady determination, teaching us to believe the impossible. His life urges us not to hold back, knock down restrictive walls, and rise above the circumstances. Micah's extraordinary gift to us has been a life worth living. **A Commentary on Micah** Bruce K. Waltke, 2008 Learned yet accessible, this is an ideal commentary on Micah for teachers, pastors, and students alike. *The Speeches of Micah* Charles S. Shaw, 1993-11-01 In this important book, Shaw deploys a rigorous and systematic rhetorical analysis in the service of a reconstruction of the historical setting of each of the discourses in Micah. Unlike Muilenburg's

rhetorical criticism this approach focuses on the persuasiveness of the discourses the means by which the author achieves his goal Among Shaw s tools is the concept of the rhetorical situation It involves not only the question of the identity of the narratees but also objective factors like events conditions and attitudes to which the discourse responds and subjective factors like the speaker s own view of the situation For each discourse the author analyses its goals and strategy determining the structure of the speeches the function of each part in the persuasiveness of the speech the kinds of proof and the style utilized in order to achieve the author s goals
