The Galoshes of Fortune Hans Christian Andersen,2024-11-23 I t was in Copenhagen in one of the houses on East Street not far from King s Newmarket that someone was giving a large party For one must give a party once in a while if one expects to be invited in return Half of the guests were already at the card tables and the rest were waiting to see what would come of their hostess s query What can we think up now Up to this point their conversation had gotten along as best it might Among other things they had spoken of the Middle Ages Some held that it was a time far better than our own Indeed Councilor of Justice Knap defended this opinion with such spirit that his hostess sided with him at once and both of them loudly took exception to Oersted s article in the Almanac which contrasted old times and new and which favored our own period The Councilor of Justice however held that the time of King Hans about 1500 A D was the noblest and happiest age While the conversation ran pro and con interrupted only for a moment by the arrival of a newspaper in which there was nothing worth reading let us adjourn to the cloak room where all the wraps canes umbrellas and galoshes were collected together Here sat two maids a young one and an old one You might have thought they had come in attendance upon some

spinster or widow and were waiting to see their mistress home However a closer inspection would reveal that these were no ordinary serving women Their hands were too well kept for that their bearing and movements too graceful and their clothes had a certain daring cut They were two fairies The younger one though not Dame Fortune herself was an assistant to one of her ladies in waiting and was used to deliver the more trifling gifts of Fortune The older one looked quite grave She was Dame Care who always goes in her own sublime person to see to her errands herself for then she knows that they are well done They were telling each other about where they had been that day The assistant of Fortune had only attended to a few minor affairs she said such as saving a new bonnet from the rain getting a civil greeting for an honest man from an exalted nincompoop and such like matters But her remaining errand was an extraordinary one *Fairy Tales of Hans Christian Andersen* Hans Christian Andersen, 2016-10-17 it is an excellent fairy tales book for individuals who loves stories
