Bomber Boys on Screen S. P. MacKenzie, 2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and television drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day Bomber Boys on Screen is the first in depth study of how and why the screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In Bomber Boys on Screen MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war The Lion Has Wings 1939 to the start of new century Bomber s Moon 2014 are situated in the context of technical possibilities and limitations evolving social and cultural norms in the United Kingdom and elsewhere and the development of moral and utilitarian controversies surrounding the wartime bomber offensive directed against Nazi Germany While the focus is on feature films and television plays reference is also made to documentaries memorials veterans organizations book titles war comics and other representations of the war fought by Bomber Command

The Spirit of the Game Mihir Bose, 2012-01-19 The spirit of the game was first nurtured on the playing fields of the English public school and in the pages of Tom Brown s Schooldays this Corinthian spirit was then exported around the world The competitive spirit the importance of fairness the nobility of the gifted amateur seemed to sum up everything that was good about Britishness and the games they played Today sport is dominated by corruption money celebrity and players who are willing to dive in the box if it wins them a penalty Yet we still believe and talk about the game as if it had a higher moral purpose Since the age of Thomas Arnold Sport has been used to glorify dictatorships and was at the heart of cold war diplomacy Prime Ministers princes and presidents will do whatever they can to ensure that their country holds a major sporting tournament Nelson Mandela saw the victory of the Rugby World Cup as essential to his hopes for the Rainbow Nation Mihir Bose has lived his life around sport and in this book he tells the story of how Sport has lost its original spirit and how it has emerged in the 20th century to become the most powerful political tool in the world With examples and stories from around the world including how the sport hating Thomas Arnold become an icon how a German manufacturer gave Jessie Owens a pair of shoes at the Berlin games of 1936 and went on to dominate the world of sport how India stole cricket from the ICC how an Essex car dealer become the most powerful man in Formula 1 and who really sold football out Praise for Mihir Bose Mihir Bose is India s CLR James Simon Barnes The Times Mihir s insider knowledge is unsurpassed David Welch His Olympic contacts are second to none He knows everybody Sue Mott

the character Joey in the sitcom Friends on hearing an acquaintance has no TV It s a good question since its beginnings during WW2 television has assumed a central role in our houses and our lives just as satellite dishes and aerials have become features of urban skylines Television or the idiot s lantern depending on your feelings about it has created controversy brought coronations and World Cups into living rooms allowed us access to 24hr news and media and provided a thousand conversation starters As shows come and go in popularity the history of television shows us how our society has changed Armchair Nation reveals the fascinating lyrical and sometimes surprising history of telly from the first demonstration of television by John Logie Baird in Selfridges to the fear and excitement that greeted its arrival in households some viewers worried it might control their thoughts the controversies of Mary Whitehouse s Clean Up TV campaign and what JG Ballard thought about Big Brother Via trips down memory lane with Morecambe and Wise Richard Dimbleby David Frost Blue Peter and Coronation Street you can flick between fascinating nuggets from the strange side of TV what happened after a chimpanzee called Fred J Muggs interrupted American footage of the Queen s wedding and why aliens might be tuning in to The Benny Hill Show

Independent Television in Britain P. Bonner,L. Aston,2002-12-13 Success out of near disaster finances taken to the edge of bankruptcy resignations this volume tells the dramatic stories of the major new commercial television developments in Britain between 1981 92 This is an authoritative account from the people involved and from official documents of the launches and first ten years of Channel 4 and TV am the expansion of cable television and early difficulties of satellite broadcasting

The Lost Hero Mihir Bose, History abounds with many heroes The Indian freedom struggle had its own share of them Subhas Chandra Bose fired the nation with patriotic fervour very different in character to the non violent approach preached by Gandhi Truly an outsider to the movements of satyagraha and passive resistance that rapidly gained momentum he made a valiant effort to galvanize the nation into action with evocative slogans such as Freedom is never given it is taken Tum mujhe khon do main tumhe azadi doonga JAI HIND India s national greeting was the salutation coined by him to arouse nationalistic passion among the Indians In what was unthinkable then Bose dared to ally with the Nazis and the Japanese and raised an indigenous army called Azad Hind Fauj to challenge the military might of the British Empire Why then has Subhas Chandra Bose been largely marginalized as a footnote in the history of India s independence Perhaps the mythical legends that continue to shroud both his personal life and political happenstance hold some answers *The Lost Hero* a thoroughly researched biography of Subhas Bose delves into the life and times of this great man with the hope that he is granted a befitting place in the annals of Indian history

Television Producers Jeremy Tunstall,2003-09-02 Covering all the major areas of television production this in depth work highlights the widely varying influences difficulties and opportunities at work in the industry Each kind of producer across the seven areas here examined faces the same practical issues of budget talent and equipment resources and end product expectations however the self image of the producers and the creative environment in which they work can differ greatly from one programming sector to

the next and whilst their careers may run parallel they are usually cut off from one another ideologically Based on interviews from over two hundred and fifty producers working across a selection of British television channels as well as producers of a number of high profile American shows this book takes in a panoramic view of production models at work today and concludes with some insightful suggestions for the future **Silver: The Spy Who Fooled the Nazis** Mihir

Bose,2017-01-20 Dennis Potter: Between Two Worlds Glen Creeber,1998-05-20 Dennis Potter is the most well known respected and controversial television dramatist Britain has ever produced Plays and serials such as The Singing Detective and Pennies From Heaven received huge critical acclaim whilst always attracting audiences in their millions This book will critically analyse both the strengths and the weaknesses of Potter s oeuvre whilst investigating his status as both an author and a celebrity Re examining the drama it foregrounds its ambiguities and contradictions whilst clarifying the complex mixture of themes styles and techniques that produced its distinctive and often provocative appeal *Lion and Lamb* Mihir Bose,2018-09-15 The great British dilemma is this Britain is a country forever wrestling with two moral sides whether to be viewed as a lion that roars and conquers or a gentle lamb that gambols happily In the days of the empire one face meant the Magna Carta Habeas Corpus the Mother of Parliaments and the country that harbored people forced to flee their homelands But there also was an imperial face where colonial subjects were made very aware that the British knew how to ensure obedience even if that required the use of brutal force Brexit has once again highlighted these dualities In Britain s Eternal Dilemma Mihir Bose shows how those who voted to leave the E U want Britain to roar like a lion In contrast the Remainers saw Brexit as a self inflicted wound believing the only option is to live symbiotically with the rest of Europe for a common future Writing from the unique perspective of an immigrant Bose personifies this ongoing debate He has experienced racism in his near half century in Britain but he has also been provided unimaginable opportunities to become a writer opportunities he would never have had in his native India This timely book demonstrates that Britain is still wresting with its two sided identity while also showing that Brexit is still the number one priority on the European political agenda *Dennis Potter*

John R. Cook,1998 Anthology of key extracts in Italian both literary and non literary Introduction and notes in English Contains material which would mesh well with various standard set texts such as Pavese Bittorini Calvino Vigan A unique selection no competing Italian edition The Literary Review ,1992 **Power Without Responsibility** James Curran,Jean Seaton,2003 The sixth edition of this title is a guide for all those involved with the production and consumption of the media It includes up to date analysis of new media and legislation New Labour conservatism and coverage of Scottish and Welsh devolution *Power Without Responsibility* James Curran,Jean Seaton,2003-12-16 Widely regarded as the standard book on the British Media this authoritative introduction to the history sociology theory and politics of media and communications studies has been substantially revised and updated to bring it up to date with developments in the media industry Its three new chapters describe the battle for the soul of the internet the impact of the internet on society and the rise of new media in

Britain In addition it examines the recuperation of the BBC how international and European regulation is changing the British media and why Britain has the least trusted press in Europe [Dreaming the Impossible](#) Mihir Bose,2022-05-05 Shortlisted for the 2023 Sports Book Awards for Best Sports Writing of the Year The British who are rightly proud of their sporting traditions are now having to come to terms with the dark unacknowledged past of racism in sport until now the truth that dare not speak its name Conscious and unconscious racism have for decades blighted the lives of talented black and Asian sportsmen and women preventing them from fulfilling their potential In Formula One despite Lewis Hamilton s stellar achievements barely one per cent of the 40 000 people employed in the sport are of ethnic minority heritage In football Britain s premier sport the number of non white managers in the professional game remains pitifully small And in cricket Azeem Rafiq s testimony to the Commons select committee has exposed the scandal of prejudice faced by Asian cricketers in the game Veteran author and journalist Mihir Bose examines the way racism has affected black and Asian sportsmen and women and how attitudes have evolved over the past fifty years He looks in depth at the controversies that have beset sport at all levels from grassroots to international competitions and how the Black Lives Matter movement has had a seismic impact throughout sport with black sports personalities leading the fight against racism However this has also led to a worrying white fatigue Talking to people from playing field to boardroom and the media world he illustrates the complexities and striking contrasts in attitudes towards race We hear the voices of players coaches and administrators as Mihir Bose explores the question of how the dream of a truly non racial sports world can become a reality The Marcus Rashford mural featured on the cover was commissioned by the Withington Walls community art project created by artist AskeP19 akse_p19 and based on photography by Danny Cheetham dannycheetham To find out more about the Withington Walls project you can follow them at Withingtonwalls on both Twitter and Instagram or visit their website www.withingtonwalls.co.uk **A Licence to be Different** Maggie Brown,2020-12-10 Traces the history and development of Channel 4 one of the UK s best loved and most controversial TV channels Identifies key figures and signature programmes such as Brookside The Big Breakfast and Wife Swap as well as successful American imports including Friends and Sex and the City [Raj, Secrets, Revolution](#) Mihir Bose,2004 [Thank You Mr Crombie](#) Mihir Bose,2024-05-02 Bracing yet affectionate reflections on migration race and society in Britain since the 1960s [From Midnight to Glorious Morning?](#) Mihir Bose,2017-07-03 Mihir Bose was born in January 1947 Eight months later India became a modern free nation The country he knew growing up in the 1960s has undergone vast and radical change India today exports food sends space probes to Mars and all too often Indian businesses rescue their ailing competitors in the West In From Midnight to Glorious Morning Bose travels the length and breadth of India to explore how a country that many doubted would survive has been transformed into one capable of rivaling China as the world s preeminent economic superpower Multifarious challenges still continue to plague the country although inequality and corruption are issues not unique to India such a rapid ascent to global

prominence creates a precarious position However as Bose outlines this rapid ascent provides evidence that India is ever capable of making great strides in the face of great adversity Bose s penetrating analysis of the last seventy years asks what is yet to be done for India in order to fulfill the destiny with which it has been imbued The predictions of doom in August 1947 have proved to be unfounded the growth of the nation in population and capital has been exponential and there is much to celebrate But Bose s nuanced personal and trenchant book shows that it is na ve to pretend the hoped for bright morning has yet dawned **The Guardian Index** ,1998 **A Maidan View** Mihir Bose,2006 Examines cricket s influence on India from the beginnings to the growth that led to India becoming the commercial backbone of the sport worldwide
