Sports on Television Alvin H. Marill, 2008-12-30 Television has always augmented its dramatic and variety programming with sports After covering wrestling and boxing matches for several years ABC added the hugely popular Roller Derby between 1949 and 1951 and later college and pro football Today there is a multitude of pay and cable networks devoted exclusively to baseball football golf hockey tennis ice skating and auto racing Rather than focusing on live sports broadcasts however this book chronicles the history of sports themed comedies and dramas to see how our national fictions have affected our authentic sports experiences and vice versa Sports dominate the television landscape today and still the demand for more is so great that pay and cable networks continue to find funding and success even when devoted exclusively to a single sport But this is really nothing new television has always augmented its dramatic and variety programming with sports Live sports have had a tremendous impact on what we see on television and on how we see it Rather than focusing on live sports broadcasts however this book takes a critical look at sports themed comedies and dramas to see how our authentic sports affect our national fictions as well From the character studies that supplement Olympic coverage to nightly highlight reels to reality programming on ESPN sports both echo and help shape the myths that pervade our culture Sports on Television covers the changing relationship between live sports broadcasts and television dramas as well as the important technological developments and cultural shifts that have changed the way we view the reality of sports In 1949 after covering wrestling and boxing matches for several years ABC added the hugely popular Roller Derby and later moved on to college and pro football where humble beginnings have since developed into a national obsession In the early sixties Jimmy Stewart played a disgraced baseball player in Flashing Spikes which was also one of the rare ventures into television for veteran director John Ford On HBO the Yankees have been the subject of both 61 about Roger Maris's quest to top Babe Ruth's home run record and The Bronx Is Burning about the 1977 Yankees team And there have been sports themed TV sitcoms as well such as Sports Night Aaron Sorkin's critically lauded but commercially unsuccessful project which preceded his work on The West Wing Meanwhile American Gladiators a strange blend of canned programming and authentic athletic endeavor that in effect puts television audiences in an arena with what amounts to professional athletes is quickly becoming one of the most popular shows on primetime Here Marill gives due time to all of these unique projects [Jet](#), 2008-03-31 The weekly source of African American political and entertainment news [Enser's Filmed Books and Plays](#) Ellen Baskin, 2018-04-27 This title was first published in 2003 The sixth edition of this compendium of film and television adaptations of books and plays includes several thousand new listings that cover the period from 1992 to December 2001 There are 8000 main entries covering 70 years of film history including some foreign language material **Encyclopedia of Sports Films** K

Edgington, Thomas Erskine, James M. Welsh, 2010-12-29 Whether chronicling an athlete's rise, fall, and redemption or following a team's improbable triumph on the field, sports have been a favorite theme of filmmakers almost since movies were first produced. And whether focusing on soccer, Bend It Like Beckham, boxing, Rocky and its sequels, hockey, Slap Shot, baseball, Bull Durham, football, The Longest Yard, basketball, Hoosiers, cycling, Breaking Away, or tennis, Wimbledon, such films capture the competition and thrill of sport. All major films with a primary focus on athletic endeavor are contained in Encyclopedia of Sports Films. In this volume, more than 200 fictional feature-length movies released between 1925 and 2010 are described, including comedies, dramas, and biopics. While the focus is on Hollywood productions, independent films and foreign releases are also represented. Though boxing and baseball films have tended to dominate the genre, many other sports are also included here, including skiing, curling, and cricket. Arranged alphabetically by title, each main entry contains a synopsis of the film, principal production information, and a critical analysis. In addition to the main entries, credits and brief descriptions for more than 200 films are also provided. DVD and VHS distributors are included if available. Appendixes include made-for-television movies, documentaries, and films based on or inspired by true events and persons. For teachers who wish to incorporate films into their lesson plans, as well as librarians ordering titles for their patrons, Encyclopedia of Sports Films will be a valuable resource. *Michael Jordan, Inc.* David L. Andrews, 2001-08-16 Uses Michael Jordan as a vehicle for viewing the broader social, economic, political, and technological concerns that frame contemporary culture. *Further Family Lessons* Steven E. Propp, 2014-12-31 Its three years later, and the grandkids are growing, but so are the life challenges they face. Some of them are dealing with the additional issues created by attending junior high and high school. They're playing football and basketball, participating in cheerleading competitions, building castles and dioramas for school projects, attending birthday parties and swim parties, making and revising their Christmas Lists, and generally keeping their parents and grandparents busy with all of their activities and interests. There are more and more things they need to learn how to do, such as multiplication and division, how to ride a skateboard or a bike, how to bake cookies, how to swim without touching the bottom of the pool, how to play the guitar, how to compute the tip to leave at a restaurant, how to download games and apps to a new mobile device, and much more. The questions they pose for Papa and Nana are getting more complex, too. Beginning with simpler questions like "Do whales eat people?" "Can vampires come in the house if they're not invited?" and "Is that a boy fish or a girl fish?" they progress to more complex inquiries such as "Can animals talk?" "Do other planets have days like we do?" "Do you believe in global warming?" "What's it like to be an adult?" "What do you think about the Big Bang?" and "Do you believe in God?" Whether they're going to the Zoo, hosting a video game party, deciding which music video to watch, first visiting Papa at work, trying to cross a muddy path in the Nature Walk, reading a popular series of books, posting pictures on social media websites, dancing a Zumba workout, or making a Father's Day card, the activities and mishaps recounted in this book may help you to better appreciate the joy, wonder, and beauty of young people and reinforce your belief in the ultimate and indispensable value
