Modern American religion : v.1, the irony of it all, 1893-1919 Martin E. Marty, 1986 The Irony of it All, 1893-1919 Martin Emil Marty, 1986 **The Theology of Dallas Willard** Gary Black Jr., 2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard s unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith **Yet Saints Their Watch are Keeping** J. Michael Utzinger, 2006 Evangelicals have always worried about how to be the Church in the world They have also struggled to determine with which institutions to attach themselves Examining the idea of the church or ecclesiology within the Northern Protestant establishment in the late nineteenth and early twentieth centuries J Michael Utzinger argues that evangelical ecclesiology was characterized by denominational ambivalence This ambivalence meant that while Northern Protestants valued their denominational affiliations they also had no compunction to work outside of them Trans denominational affiliations a result of this ambivalence often acted as an agent for change that not only disturbed but revitalized their home denominations Evangelicals believed their denominations were worth fighting for even while they criticized their respective denomination s shortcomings Faced with what they perceived to be the waning of their cultural influence different parties of evangelicals in the late nineteenth worked to change the vision of the church within their home denominations Utzinger examines the theological sources of ecclesiological change doctrine of the Holy Spirit eschatology and methods of cultural engagement that evangelicals promoted and how these influenced later fundamentalism and modernism Further he carefully charts the dynamics of conflict and compromise within the Northern Protestant establishment churches Using the Northern Baptist Convention the Presbyterian Church in the USA and Disciples of Christ as case studies Utzinger shows that despite their infighting evangelicals typically found ways to cooperate with one another in order to preserve their denominational institutions In other words the controversies results were not only contention but compromise And rather than indicating the eclipse of denominationalism fundamentalism and modernism acted to revitalize those institutions and help them persist Publisher These Truths: A History of the United States Jill Lepore, 2018-09-18 Nothing short of a masterpiece NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In

the most ambitious one volume American history in decades award winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation Widely hailed for its sweeping sobering account of the American past New York Times Book Review Jill Lepore s one volume history of America places truth itself a devotion to facts proof and evidence at the center of the nation s history The American experiment rests on three ideas these truths Jefferson called them political equality natural rights and the sovereignty of the people But has the nation and democracy itself delivered on that promise These Truths tells this uniquely American story beginning in 1492 asking whether the course of events over more than five centuries has proven the nation s truths or belied them To answer that question Lepore wrestles with the state of American politics the legacy of slavery the persistence of inequality and the nature of technological change A nation born in contradiction will fight forever over the meaning of its history Lepore writes but engaging in that struggle by studying the past is part of the work of citizenship With These Truths Lepore has produced a book that will shape our view of American history for decades to come White Roses on the Floor of Heaven Susanna Morrill,2006 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company **Reinhold Niebuhr Revisited** Daniel F. C. Kemeny,1998-10-29 This book argues against the conventional idea that Protestantism effectively ceased to play an important role in American higher education around the end of the 19th century Employing Princeton as an example the study shows that Protestantism was not abandoned but rather modified to conform to the educational values and intellectual standards of the modern university Drawing upon a wealth of neglected primary sources Kemeny sheds new light on the role of religion in higher education by examining what was happening both inside and outside the classroom and by illustrating that religious and secular commitments were not neatly divisible but rather commingled *The Tyranny of Change* John Whiteclay Chambers,2000 While recognizing a progressive ethos a mixture of idealistic vision and pragmatic reforms that characterized the period Chambers elaborates the role of civic volunteerism as well as the state in achieving directed social change He also emphasizes the importance of radical and conservative forces in shaping the so called Progressive Era **BOOK JACKET At Home in Nature** Rebecca Kneale Gould,2005 Gould's attention to the ironies and ambivalences that abound in the practice of homesteading provides fresh and insightful perspective Beth Blissman Oberlin College This luminously written ethnography of the worlds that homesteaders make significantly broadens our understanding of modern American religion In richly textured descriptions of the everyday lives and work of the homesteaders with whom she lived Gould helps us understand how the tasks of clearing land making bread and building a
