Modern Architecture 1920 1945:

Modern Architecture. 1920-1945 Yukio Futagawa, Kenneth Frampton, 1988 Modern Architecture, 1851-1945: Modern architecture, 1920-1945 K. Frampton, 1983 Modern architecture 1920-1945 Kenneth Frampton, 1983 Chronology of Western Architecture Doreen Yarwood, 2010-01-01 Accessible to casual and serious readers alike this comprehensive survey ranges from 2000 BC to the 1980s and features more than 1 000 chronologically arranged photographs and drawings Each of the 105 two page spreads represents a specific era and includes comments on architectural details and historical events of the period The New Eco-Architecture: Alternatives from the Modern **Movement** Colin Porteous, 2013-10-11 The New Eco Architecture builds a historical bridge between architectural science and design It seeks to address neglected aspects of the Modern Movement as a prelude to supporting a diversity of architectural insight and experimentation aimed at twenty first century environmental needs and priorities The attitudes and influences of renowned figures are re examined in relation to current issues of architectural sustainability By setting today s green architectural quest within a twentieth century context and evaluating the main protagonists with regard to a modern eco sensitive lineage the book will be of primary interest to architectural students academics and practitioners However it should also intrigue historians theoreticians and critics who tend to gloss over such issues as well as other disciplines engaged with the built environment Encyclopedia of Twentieth Century Architecture R. Stephen Sennott, 2004 A balance of sophistication and clarity in the writing authoritative entries and strong cross referencing that links archtects and structures to entries on the history and theory of the profession make this an especially useful source on a century of the world's most notable architecture. The contents feature major architects firms and professional issues buildings styles and sites the architecture of cities and countries critics and historians construction materials and planning topics schools movements and stylistic and theoretical terms Entries include well selected bibliographies and illustrations Reference that rocks American Libraries May 2005 GA document special issue, 3; modern architecture 1920-1945, 1983 London's Contemporary Architecture Ken Allinson, 2007-06-07 London is a living architectural exhibition This handy pocket guide aids navigation of the city's greatest sights with a clear map based format features more than 260 buildings with full notes and references provides a superb full colour photographic record of the capital London's Contemporary Architecture is a practical and highly illustrated guide to the best modern buildings Now in its fourth edition this location based book has been fully updated to cover the latest additions to the London skyline This guide looks at London district by district It identifies the buildings most worth visiting and offers essential information about the selected architectural gems Packed with fascinating informative commentary and useful location maps it also includes examples of London's finer older buildings that are found near to the key contemporary sites Anthony Hunt Angus Macdonald, 2000 This volume reviews the work of Anthony Hunt and explores the relationship between engineering and architecture in some of the most important buildings of the late 20th

century **Contemporary Japanese Architecture** James Steele, 2017-03-16 Contemporary Japanese Architecture presents a clear and comprehensive overview of the historical and cultural framework that informs the work of all Japanese architects as an introduction to an in depth investigation of the challenges now occupying the contemporary designers who will be the leaders of the next generation It separates out the young generation of Japanese architects from the crowded distinguished multi generational field they seek to join and investigates the topics that absorb them and the critical issues they face within the new economic reality of Japan and a shifting global order Salient points in the text are illustrated by beautiful descriptive images provided by the architects and from the extensive collection of the author By combining illustrations with timelines and graphics to explain complex ideas the book is accessible to any student seeking to understand contemporary Japanese architecture Architecture of Italy Jean Castex, 2008-01-30 Covering all regions of Italy from Turin's Palace of Labor in northern Italy to the Monreale Cathedral and Cloister in Sicily and all periods of Italian architecture from the first century Colosseum in Rome to the Casa Rustica apartments built in Milan in the 1930s this volume examines over 70 of Italy s most important architectural landmarks Writing in an authoritative yet engaging style Jean Castex professor of architectural history at the Versailles School of Architecture describes the features functions and historical importance of each structure Besides idetifying location style architects and periods of initial construction and major renovations the cross referenced and illustrated entries also highlight architectural and historical terms explained in the Glossay and conclude with a useful listing of further information resources The volume also offers ready reference lists of entries by location architectural style and time period as well as a general bibliography a detailed subject index and a comprehensive introductory overview of Italian architecture Entries cover major architectural structures as well as smaller sites including everything from the well known dome of St Peter's at the Vatican to the Fiat Lingotto Plant in Turin Ideal for college and high school students as well as for interested general readers this comprehensive look at the architecture of Italy is an indispensable addition to every architectural reference collection A Concise History of Modern Architecture in India Jon T.
