Belarus is one of fifteen successor states of the former Soviet Union. It's the only post-Soviet state that is in full control of its territory and has no territorial conflicts with its neighbors. It's squeezed between Russia and the European Union. Belarus had never been an independent nation prior to the Soviet Union's disintegration, and its identity is still evolving. This third edition of *Historical Dictionary of Belarus* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Belarus.

Belarusian Fine Art: Time and Time Again Zina Gimpelevich, 2023-02-06 It's hard to imagine feeling a sense of loss for artwork until you become immersed in the stories of the Belarusian fine artists. Dr Zina Gimpelevich has spotlighted in her newest book artists whose work was curtailed under the tyranny of the Russian Empire, the tragedy of the Holocaust, and persistent poverty. Yet these artists' collective resilience and the work they produced—paintings, sculptures, textiles, ceramics, and more—have helped bring beauty and joy to the world, even when depicting the suffering felt by so many. In *Belarusian Fine Art: Time and Time Again*, Dr Gimpelevich celebrates the work of over 150 Belarusian fine artists, including many from the School of Paris. She estimates more than 3,000 Belarusian artists are creating today in Belarus, her birth country. Many remained in their home country; many became migrants who traveled beyond borders and never returned home. Native sons such as Mark Chagall and Markus Yaka (Mark Rothko) have left their influence and work the world over and are often claimed by other countries. Other fine artists created in obscurity or self-imposed exile, hiding their work to avoid the grasp of oppressive regimes. Dr Gimpelevich has ensured their names and work will not be forgotten and will receive the recognition they richly deserve. The harsh truths Dr Gimpelevich brings to light are tempered with glimmers of hope from recent generations of Belarusian fine artists. Like their predecessors and mentors, their work shows an unyielding reverence for their country's landscapes, culture, history, and people. Although this book has its lens focused on Belarusian fine art, Dr Gimpelevich adeptly provides readers with a deeper understanding of how politics and power struggles have affected this little-known country's citizens, many of which still endure today.
