Introduction to Criminology

David Kauzlarich,Hugh D. Barlow,2009 The ninth edition of Introduction to Criminology provides a comprehensive introduction to the study of lawmaking lawbreaking and reactions to crime Both classic and contemporary theories of the causes of crime are discussed and critiqued Special attention is given to critical theories of crime and to general theories The latest crime statistics research and theorizing are fully integrated throughout the text and the innovative epilogue provides students with the tools to actually apply criminological theory to real life events New to this edition Thoroughly updated throughout including statistics studies and theories in criminology The discussions of drugs prostitution and organized crime are now together in one chapter chapter 7 New chapters have been added on critical theories chapter 14 and biological psychological and evolutionary explanations of crime chapter 11 More illustrations and examples of crime from popular culture have been added throughout the text in an effort to help students make stronger intellectual connections to the material A new epilogue has been added that will help students think through common criminological issues and questions they are likely to encounter in everyday conversation

Criminal Behaviour Clive Hollin,2006-10-19 This study looks at contemporary

psychological research and theory into criminal behaviour and considers the relationship between psychological and criminological theories At the same time the book examines the impact of psychology on strategies

What is Crime?

Stuart Henry,Mark Lanier,2001 For decades scholars have disagreed about what kinds of behavior count as crime Is it simply a violation of the criminal law Is it behavior that causes serious harm Is the seriousness affected by how many people are

harmed and does it make a difference who those people are Are crimes less criminal if the victims are black lower class or foreigners When corporations victimize workers is that a crime What about when governments violate basic human rights of their citizens and who then polices governments In What Is Crime the first book length treatment of the topic contributors debate the content of crime from diverse perspectives consensus moral cultural relative conflict power anarchist critical feminist racial ethnic postmodernist and integrational Henry and Lanier synthesize these perspectives and explore what each means for crime control policy *Sociology* David M. Newman, 2009-12-08 The Eighth edition of David Newman's *Sociology Exploring the Architecture of Everyday Life* once again invites students into the world of sociological thought Sociology encourages students to think less about the next test and more about how the subject applies to their everyday lives In addition to updated coverage and fresh examples this edition features revamped Micro Macro Connections that have been even further honed to help students understand the link between individual lives and the structure of society

Urban Crime, Criminals, and Victims Per-Olof H. Wikström, 2012-12-06 Crime is largely an urban phenomenon but the specifically urban and area dimensions of the social processes that are connected with crime have been seriously understated in much recent criminological work Such a claim could not have been made forty years ago Baldwin Davidson 1981 One very good example of the increasing interest in urban crime is the recent volume of Crime and Justice entitled Communities and Crime Reiss 1987b Hence much of the experience we have on urban crime is based on North American and British research and theory

The Enemy Within Anu Koskivirta, 2018-12-06 This work explores the quantitative and qualitative development of homicide in eastern Finland in the second half of the eighteenth century and the early years of the nineteenth The area studied comprised northern Savo and northern Karelia in eastern Finland At that time these were completely agricultural regions on the periphery of the kingdom of Sweden Indeed the majority of the population still got their living from burn beating agriculture The analysis of homicide there reveals characteristics that were exceptional by Western European standards the large proportion of premeditated homicides murders and those within the family is more reminiscent of modern cities in the West than of a pre modern rural society However there also existed some archaic forms of Western crime there Most of the homicides within the family were killings of brothers or brothers in law connected with the family structure the extended family that prevailed in the region This study uses case analysis to explore the causes for the increase in both familial homicide and murder in the area One of the explanatory factors that is dealt with is the interaction between the faltering penal practice that then existed and the increase in certain types of homicide Despite the fact that it focuses on a particular region the study and the questions it poses have both international and current relevance This work builds a bridge between research into legal history and the sociologically oriented study of the history of criminality
