**2/1 Game Force a Modern Approach - Third Edition** Neil H. Timm Ph. D., 2012-06 The 2 1 Game Force bidding system is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure Two Over One Game Force system of bidding This is not a book on conventions it is a book about bridge that incorporates conventions that allow the partnership to reach game or slam In this regard I have incorporated modern methods for hand evaluation developed by Marty Bergen New bidding conventions like SARS Shape Asking Relays after Stayman Quest transfers and an overview of Bridge Rules and Laws that I hope will improve your approach to the bidding structure you may use today In this second edition I have included additional Bridge Rules expanded and added material in several sections and included many more conventions common to the 2 1 Game Force System This edition includes the Montreal club and diamond relay bids the Kennedy club the Kaplan interchange bid the Ekren 2 convention picture bids the forcing pass masked mini splinters the Ingberman and Ping Pong conventions and the Marvin two spades convention among others Finally a new chapter on Precision called Simplified Precision has been added The 2 1 Game

Force bidding system is an improvement over the standard American system that has been in effect and played by bridge players for many years. The advantage of the 2 1 system is that it allows the partnership to know that game is possible with only a single bid. In this book I have tried to present the fundamental aspects of the bidding structure for playing a pure two over one game force system of bidding. This is not a book on conventions; it is a book about bridge that incorporates conventions that allow the partnership to reach game or slam. In this regard I have incorporated modern methods for hand evaluation developed by Marty Bergen. New bidding conventions like SARS Shape Asking Relays after Stayman Quest transfers and an overview of Bridge Rules and Laws that I hope will improve your approach to the bidding structure you may use today. In this second edition I have included additional bridge rules, expanded and added material in several sections and included many more conventions common to the 2 1 Game Force System. This edition includes the Montreal club and diamond relay bids, the Kennedy club, the Kaplan interchange bid, the Ekren 2 convention, picture bids, the forcing pass, masked mini splinters, the Ingberman and Ping Pong conventions, and the Marvin two spades convention among others. Finally, a new chapter on Precision called Simplified Precision has been added. In the third edition I have made corrections brought to my attention by several readers. The chapter on slam bidding has been expanded to include asking for aces and kings simultaneously, the Baron 4NT convention, and more. New material on Roman Jump overcalls, the McCabe Adjunct, and the Reverse McCabe Adjunct, Bergen's Jacoby 2NT bids, Meckwell major suit bids, and Meckwell responses to minor suit openings more on interference over strong no trump minor suit Stayman Kokish Relays, and several other conventions have been added to this latest edition. Finally, new chapters on Transfer Precision, the Meckwell Precision, Meckwell Lite Bids are also included in this issue. The Meckwell Lite material, chapter 18, was developed by a Luke Gillespie and Jim Streisand and is included in the book with their kind permission.

There are many books and articles about how to improve your play, but there are few that focus on being a better partner, having fun, and playing bridge the right way. In this book, there is plenty of technical advice. But more important, this book examines the best ways to participate joyfully in the world's greatest game. In this time of various scandals at the highest levels of bridge, these topics need to be promoted more often. Besides, there are thousands of players around the world who have limited awareness that they are making unethical bids, plays, or hesitations, or taking advantage of partner's actions. Although you might have come across some of these tips in various books and magazine articles, this book is unique by focusing more on having a pleasant time playing and making your table a welcome and pleasant place to be.
