Modern Marriage:

I Do (I Think) Allison Raskin, 2024-10-15 Marriage norms in today's society are rapidly changing and it can be hard to keep up. Allison Raskin's book unpacks the questions and uncertainties around marriage that so many of us have. A must read for anyone and everyone that may be curious about the intricacies of modern marriage. Nick Viall, TV Personality Host of The Viall Files and Bestselling Author of *From Just Between Us*, cohost and bestselling author Allison Raskin comes with a witty incisive take on modern marriage and how a new generation can navigate its uncertainties and questions. Marriage rates may be on the decline but that doesn't mean marriage is disappearing from society. In fact, as modern relationship norms and structures continue to evolve, the public discourse about marriage has never been louder or more conflicted. Divorce rates, the appeal of cohabitation, seemingly infinite options for future partners, the patriarchal roots of marriage and gender roles, and economic uncertainty are just a few factors that leave a new generation of single and dating adults wondering: What does marriage even look like now? Why do people still do it? And most importantly, is it for me? With conversational wit and compassion, bestselling author Allison Raskin draws on new research, interviews with licensed experts, and the stories of real-life couples to break down the many pieces of today's marriage conversation and to make the leap of faith a little less scary for Gen Z and millennial adults like herself. What emerges is a thoughtful investigation into our cultural assumptions about commitment, compatibility, divorce, meaningful partnership, the future of marriage, and what it really means to join your bank accounts.

Building a Reality-Based Relationship Liberty Kovacs, 2007-12 In 1967, as a novice marriage and family therapist counseling a growing number of troubled spouses living in unhappy marriages, Dr. Liberty Kovacs realized a need for a workable, realistic model for successful marital therapy. Drawing on her forty years of professional experience, real-world cases, and studies, Dr. Kovacs shares her model for the modern marriage. Kovacs maps the journey shared by couples across six unique and all-important marital stages: honeymoon, expectation, power struggle, seven-year itch, reconciliation, and acceptance. Along the way, they develop a clearer understanding of their identities as individuals and of their fit together. Dr. Kovacs has used her powerful marriage model with thousands of couples with an overwhelmingly positive response, and in this invaluable and interactive workbook, she delivers all the tools you and your partner need to explore and develop your own identities, further your understanding of individual couple and family dynamics, increasingly value one another, lay a foundation for a relationship based on mutual love and respect, whether you are in a relationship, want to be in a relationship, or have even failed at relationships. [China on Film](#) Paul G. Pickowicz, 2013-02-28 Leading scholar Paul G Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present Moving decade by decade he explores such key

themes as the ever shifting definitions of modern marriage in 1920s silent features East West cultural conflict in the movies of the 1930s the strong appeal of the powerful melodramatic mode of the 1930s and 1940s the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s

Throughout its long history of film production China has been embroiled in a seemingly unending series of wars revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society

The Pendulum Culture? Janusz Balicki, Anne Wells, 2010 Many people in the United Kingdom welcome the richness that so many immigrants bring to society but others are afraid worrying about the effect of population influx on a small island with limited space They are especially

anxious about Muslims who seem unwilling to integrate A closer examination shows that younger Muslims especially those in college are in fact more willing to integrate than generally believed But they face difficult challenges in straddling the line between two cultures At home they can be faithful to their family culture but when away they adapt Seeking to help different groups understand each other authors Janusz Balicki and Anne Wells examine the views of a group of Muslim college students They share firsthand accounts from young Muslims who are navigating multiple cultures The authors examine issues such as the importance of religious identities and of various traditions gender equality and dress codes and relationships between parents and children Regardless of whether you are Muslim or not you will understand yourself and others better and find new ways to work together with The Pendulum Culture **Love in Africa** Jennifer Cole,Lynn M. Thomas,2009-08-01 In recent years scholarly interest in love has flourished Historians have addressed the rise of romantic love and marriage in Europe and the United States while anthropologists have explored the ways globalization has reshaped local ideas about those same topics Yet love in Africa has been peculiarly ignored resulting in a serious lack of understanding about this vital element of social life a glaring omission given the intense focus on sexuality in Africa in the wake of HIV AIDS Love in Africa seeks both to understand this failure to consider love and to begin to correct it In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar the effects of a Mexican telenovela on young people s ideas about courtship in Niger the models of romance promoted by South African and Kenyan magazines and the complex relationship between love and money in Madagascar and South Africa Love in Africa is a vivid and compelling look at love s role in African society
