eve of the French Revolution As Calhoun explains Kohn was particularly qualified to undertake this study He grew up in Prague the vigorous heart of Czech nationalism participated in the Zionist student movement studied the question of nationality in multinational cultures spent the World War One years in Asian Russia and later traveled extensively in the Near East studying the nationalist movements of western and southern Asia The work itself is the product of Kohn s later years at Harvard University In The Idea of Nationalism Kohn presents the single most influential articulation of the distinction between civic and ethnic nationalism This has shaped nearly all ensuing research and public discussion and deeply informed parallel oppositions of early and late Western and Eastern varieties of nationalism Kohn also argues that the age of nationalism represents the first period of universal history Civilizations and continents are brought into ever closer contact popular participation in politics is enormously increased and the secular state is ever more significant The Idea of Nationalism is important both in itself and because it so deeply shaped all the work that followed it After sixty years his interpretations and analyses remain acute and instructive The Modern Polish Mind. An Anthology Edited by M.

Kuncewicz Maria Kuncewiczowa,1962 **Out of the Shtetl** Nancy Sinkoff,2003 **The Polish August** Neal Ascherson,2011-10-28 What has happened in Poland Poland has erupted four times in the last twenty five years but only the events of 1980 have had comprehensive media coverage As a result many questions have been raised in the minds of Western observers How were such changes possible What forces lay behind them In what way did the workers strike relate to the demands for political democracy Although a colourful and vivid eye witness account of the 1980 upheavals it is to these questions that Neal Ascherson s brilliant and thoughtful analysis mainly addresses itself Viewing the situation in perspective he argues that the Polish working class has brought about a controlled revolution but is not intent on taking power for itself the real heirs to the gains of 1980 and 1981 are likely to be the intelligentsia in or out of the Communist Party It is this social and political ferment that poses fundamental questions about the future of the whole Soviet system in Eastern Europe
