Gunn, 1987 Giles Gunn s challenging new work is at once a passionately argued defense of the kind of moral reflection once associated in America with the writings of Lionel Trilling and Edmund Wilson and an acknowledgement that this pragmatic legacy must be reevaluated in the light of challenges posed by structuralist and post structuralist theory Including discussions of such thinkers as Burke Geertz Bakhtin Rorty Trilling and Wilson Gunn provides a carefully delineated vision of what criticism actively engaged in its society can accomplish **Genders, Races, and Religious Cultures in Modern American Poetry, 1908-1934** Rachel Blau DuPlessis, 2001-01-11 In *Genders Races and Religious Cultures in Modern American Poetries* Rachel Blau Duplessis shows how through poetic language modernist writers represented the debates and ideologies concerning New Woman New Negro and New Jew in the early twentieth century From the poetic text emerge such social issues of modernity as debates on suffrage sexuality manhood and African American and Jewish subjectivities By a reading method she calls social philology a form of close reading inflected with the approaches of cultural studies Duplessis engages with the work of such canonical poets as Wallace Stevens Ezra Pound T S Eliot William Carlos Williams Gertrude Stein Marianne Moore and H D as well as Mina Loy Countee Cullen Alfred Kreyenborg and Langston Hughes writers she claims still marginalized by existing constructions of modernism This book is an ambitious attempt to remap our understanding of modern poetries and poetics and the relationship between early twentieth century writing and society **A Companion to Literary Theory** David H. Christopher Rovee, 2024-01-02 New Critical Nostalgia weighs the future of literary study by reassessing its past It tracks today's impassioned debates about method back to the discipline's early professional era when an unprecedented makeover of American higher education with far reaching social consequences resulted in what we might call our first crisis of academic life Rovee probes literary study's nostalgic attachments to this past by recasting an essential episode in the historiography of English the vigorous rejection of romanticism by American New Critics in the new light of the American university's tectonic growth In the process he demonstrates literary study's profound investment in romanticism and reveals the romantic lyric's special affect nostalgia as having been part of English's professional identity all along New Critical Nostalgia meticulously shows what is lost in reducing mid century American criticism and the intense quirky and unpredictable writings of central figures such as Cleanth Brooks Josephine Miles and W K Wimsatt to a glib monolith of New Critical anti romanticism In Rovee's historically rich account grounded in analysis of critical texts and enlivened by archival study readers discover John Crowe Ransom's and William Wordsworth's shared existential nostalgia witness the demolition of the immature Percy Shelley in the revolutionary textbook Understanding Poetry explore the classroom give and take prompted by the close reading of John Keats consider the strange ambivalence toward Lord Byron on the part of formalist critics and romantic scholars alike and encounter the strikingly contemporary quantitative studies by one of the mid century's preeminent poetry scholars Josephine Miles These complex and enthralling engagements with the romantic lyric introduce the reader to a dynamic intellectual milieu in which professionals with varying methodological commitments from New Critics to computationalists working in radically different academic locales from Nashville and New Haven to Baton Rouge and Berkeley wrangled over what it means to read with nothing less than the future of the discipline at stake *Lionel Trilling and the Critics* John Rodden, 1999-01-01 Lionel Trilling and the Critics provides a comprehensive portrait of Lionel

Trilling perhaps the most influential American cultural critic of the twentieth century The contributors are a who's who of Anglo American intellectuals from the 1930s through the 1970s They include Edmund Wilson Robert Penn Warren F R Leavis Leslie Fiedler R W B Lewis R P Blackmur Irving Howe Irving Kristol Raymond Williams Norman Podhoretz Gertrude Himmelfarb William Barrett Bruno Bettelheim Gerald Graff and Cornel West *A Reopening of Closure* Murray Krieger, 1989 Surveying the expanding conflict in Europe during one of his famous fireside chats in 1940 President Franklin Roosevelt ominously warned that we know of other methods new methods of attack The Trojan horse The fifth column that betrays a nation unprepared for treachery Spies saboteurs and traitors are the actors in this new strategy Having identified a new type of war a shadow war being perpetrated by Hitler's Germany FDR decided to fight fire with fire authorizing the formation of the Office of Strategic Services OSS to organize and oversee covert operations Based on an extensive analysis of OSS records including the vast trove of records released by the CIA in the 1980s and 90s as well as a new set of interviews with OSS veterans conducted by the author and a team of American scholars from 1995 to 1997 *The Shadow War Against Hitler* is the full story of America's far flung secret intelligence apparatus during World War II In addition to its responsibilities generating processing and interpreting intelligence information the OSS orchestrated all manner of dark operations including extending feelers to anti Hitler elements infiltrating spies and sabotage agents behind enemy lines and implementing propaganda programs Planned and directed from Washington the anti Hitler campaign was largely conducted in Europe especially through the OSS's foreign outposts in Bern and London A fascinating cast of characters made the OSS run William J Donovan one of the most decorated individuals in the American military who became the driving force behind the OSS's genesis Allen Dulles the future CIA chief who ran the Bern office which he called the big window onto the fascist world a veritable pantheon of Ivy League academics who were recruited to work for the intelligence services and not least Roosevelt himself A major contribution of the book is the story of how FDR employed Hitler's former propaganda chief Ernst Putzi Hanfstaengl as a private spy More than a record of dramatic incidents and daring personalities this book adds significantly to our understanding of how the United States fought World War II It demonstrates that the extent and limitations of secret intelligence information shaped not only the conduct of the war but also the face of the world that emerged from the shadows *The Chicago Critics, an Evaluation* Tutun Mukherjee, 1991 *Modern American Literature and Contemporary Iranian Cinema* Morteza Yazdanjoo, 2022-12-29 As an endeavor to contribute to the burgeoning field of comparative literature this monograph addresses the dynamic yet understudied intertextual dialogism between modern American literature and contemporary Iranian Cinema pinpointing how the latter appropriates and recontextualizes instances of the former to construct and inculcate vestiges of national gender identity on the silver screen Drawing on Louis Montrose's catchphrase that Cultural Materialism foregrounds the textuality of history and the historicity of texts this book contends that literary texts are synchronic artifacts prone to myriad intertextual and extra textual readings and

understandings each historically conditioned The recontextualization of Herzog Franny and Zooey The Glass Menagerie A Streetcar Named Desire and Death of a Salesman into contemporary Iran provides an intertextual avenue to delineate the textuality of history and the historicity of texts Ridiculous Critics Philip Smallwood, Min Wild, 2014-09-16 Ridiculous Critics is an anthology of eighteenth century writings on the figure of the literary critic and on the critic's mixed and complex role The collection assembles critical texts and satirical images chronologically to suggest a vision of the history of eighteenth century literary criticism Including comic vicious heartfelt and absurd passages from critics poets novelists and literary commentators celebrated and obscure the writings range through poetry fiction drama and periodical writing The anthology also includes two original essays discussing and illustrating the irrepressible spirit of critical ridicule in the period and commending its value and effect The first offers an evaluation of the merciless and sometimes shockingly venomous satirical attacks on critical habits and personalities of the eighteenth century The editors argue that such attacks are reflexive in the sense that criticism becomes increasingly supple and able to observe and examine its own irresponsible ingenuities from within The volume's concluding essay supplies an analysis of modern modes of criticism and critical history and suggests applications across time We propose that humor's vital force was once an important part of living criticism The eighteenth century mockery of critics casts light on a neglected common thread in the history of criticism and its recent manifestations it prompts questions about the relative absence of comedy from the stories we presently tell about critics dead or alive The passages invite laughter both with the critics and at their expense and suggest the place that ridicule might have had since the eighteenth century in the making of judgments and in the pricking of critical pretension For this reason they indicate the role that laughter may still have in criticism today and provide an encouraging precedent for its future
