

MODERN BIOLOGY

Memoria Press' *Guide to Modern Biology* is designed to teach students the science of life in a clear and understandable way. *Modern Biology* is a big book, but this course is designed to cover only the material students need for a complete high school course. Students will spend several weeks on biochemistry, cell structure, and the fundamentals of genetics, picking up later in the book with microbiology and the structure and function of plants, and concluding with a study of vertebrate and invertebrate animals.

Dr. Shelburne's illuminating lectures in the *Instructional Videos* explain and expand upon the information in the text, while the *Student Guide* and *Biology Coloring Workbook* walk students toward mastery and prepare them for the Tests. This great text, along with Dr. Shelburne's lectures and targeted exercises, will bring this subject alive.

Teacher Guide

FIRST FORM LATIN: Latin Grammar, Year One

It has never been easier to teach Latin! The uniqueness of this program lies in: a text organized into five units that enables the learner to comprehend the whole in its logical parts; a comprehensive full-size workbook that provides 4-6 pages of exercises for each lesson, guiding the student through every skill needed for mastery; a comprehensive teacher manual with key, scripted lesson plans, chalk talk, recitation, and review guidelines, quizzes, tests, flashcards, vocabulary drill sheets, and much more!

All the techniques developed by Cheryl Lowe over the last 25 years have been incorporated. *First Form Latin* is the first in a series of four texts that covers the entire Latin grammar at a pace that fosters mastery rather than frustration. This beautiful, concise text of approximately 30 two-page lessons visually and logically unfolds the Latin grammar before the eyes of the student, one double lesson at a time. This series enables the parent or teacher with no Latin background to have a state-of-the-art Latin program.

CLASSICAL RHETORIC WITH ARISTOTLE

Martin Cothran's *Classical Rhetoric* is a guided tour through the first part of the greatest single book on communication ever written: *Aristotle's Rhetoric*. *Classical Rhetoric* includes questions that will help the student unlock every important aspect of the book, along with fill-in-the-blank charts and analyses of great speeches by Ulysses, Socrates, Lincoln, and Marc Antony (in the words of Shakespeare). More than just an English or public speaking course, *Classical Rhetoric* involves a study of the fundamental principles of political philosophy, ethics, and classical psychology. User-friendly, it features step-by-step daily assignments, and explicit instructions at every level. *Classical Rhetoric with Aristotle* is an introduction to the traditional principles of speaking and writing.
