events such as the Cold War and the Second World War within the context of the governments of Churchill and Eden

Revisiting Churchill's wartime helmsmanship in order to shed further light on his post war administration N ng D n provides a greater historical awareness of the broad international context of decolonized Indo China and South East Asia **Minority Groups in Thailand** American Institutes for Research. Cultural Information Analysis Center,1970 *The American Military Mission to China, 1941-1942* William G. Grieve,2014-01-23 This is an overview of America's first effort in military aid to a foreign sovereign nation at a time when Europe was engaged in open warfare Asia was facing a series of military confrontations and most of the world thought global conflagration was inevitable The work offers insight into the impact of war in Burma a backwater of World War II and examines events that result when great powers go to great lengths to further their own goals The work also examines disagreements among China the United Kingdom the United States and Japan and shows the evolution of aid provision to another country and changing expectations as new information arises Burma's Road Toward Development David I. Steinberg,2019-03-01 A liberalization of economic policies has inspired considerable economic growth and encouraged the development of Burma's natural resources but according to David Steinberg the current military government is akin to previous civilian governments in its commitment to socialism as a vehicle for development The economic flexibility demonstrated by the government has not been matched by political liberalization and as a result economic growth remains a captive of administrative and policy constraints Steinberg traces the origins and acceptance of socialist thought and planning in Burma and shows how socialist ideology has had to be tempered with pragmatism in order to make economic development possible Looking to Burma's future he also points out two central problems facing the country strained minority relations which have kept the nation from developing a sense of unity and difficulties with political succession brought on by the military regime's preoccupation with perpetuating its own leadership
