Modern Fiction and Human Time Wesley A. Kort,1985 *The Study of Literature and Religion* D. Jasper,1989-09-18
An exploration of the relationship between literature and religion which adopts an interdisciplinary approach aiming to provide an introduction to the variety of ways in which literature literary theory and theology are related **The Study of Literature and Religion** David Jasper,2009-06-19 Literature and religion are never far apart The greatest literary achievements of the West from Aeschylus to Dante to Shakespeare cut deeply into the soul of humanity and stir in us those ultimate questions of existence truth and beauty which can only be answered if they are ever answered at all by religious commitment or the equally passionate rejection of theology and its speculation from the General Editor s Preface *The Temporal Mechanics of the Fourth Gospel* Douglas Estes,2008-01-01 By redefining narrative temporality in light of modern physics this book advances a unique and innovative approach to the deep seated temporalities within the Gospel of John and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship **Leslie Marmon Silko** Louise K. Barnett,James L. Thorson,1999 An exciting collection of new essays on the work of the outstanding American Indian woman writer **Novels of William Boyd** Dr. Rajesh Shashikant Latane,2015-02-25 have great pleasure in writing this foreword to Dr Latane s book on the Novels of William Boyd The book is a significant contribution to Boyd criticism It has discussed the early the middle and the last phase of Boyd s novels In doing if the author has defined the totality of Boyd s vision Indeed every novel is a part of this totality and the totality is more than a mere sum of the novels The reciprocal relationship between the part and the whole is the crux of novel criticism and the book has given due justice to this aspect Another important feature of the book is the analysis of the postmodernist element in Boyd s novels This critical framework can be used to analysis the postmodernist element in the contemporary Indian novel in English Even going further it can be used to analyse the Postmodernist element in the contemporary Marathi novel A thesis is really acknowledged when it become a source material for the future researchers and comparatives Mr Latane s book has that potential I heartily wish a good reception to the book Dr Prakash Deshpande Kejkar Former Professor of English Shivaji University Kolhapur **Oe and Beyond** Stephen Snyder,Philip Gabriel,1999-04-01 Are the works of contemporary Japanese novelists as Nobel Prize winner Oe Kenzaburo has observed mere reflections of the vast consumer culture of Tokyo and the subcultures of the world at large Or do they contain their own critical components albeit in altered form Oe and Beyond surveys the accomplishments of Oe and other writers of the postwar generation while looking further to examine the literary parameters of the Post Oe generation Despite the unprecedented availability today of the work of many of these writers in excellent English translations some twenty years have passed since a collection of critical essays has appeared to guide the interested reader through the fascinating world of contemporary Japanese fiction Oe and Beyond is a sampling of the best research and thinking on the current generation of Japanese writers being done in English The essays in this volume explore such subjects as the

continuing resonances of the atomic bombings the notion of transnational subjects the question of the de canonization as well as the re canonization of writers the construction and deconstruction of gender models the quest for spirituality amid contemporary Japanese consumer affluence post modernity and Japanese infantilism the intertwining connections between history myth making and discrimination and apocalyptic visions of fin de siecle Japan Contributors pursue various methodological and theoretical approaches to reveal the breadth of scholarship on modern Japanese literature The essays reflect some of the latest thinking both Western and Japanese on such topics as subjectivity gender history modernity and the postmodern Oe and Beyond includes essays on Endo Shusaku Hayashi Kyoko Kanai Mieko Kurahashi Yumiko Murakami Haruki Murakami Ryu Nakagami Kenji Oe Kenzaburo Ohba Minako Shimada Masahiko Takahashi Takako and Yoshimoto Banana Contributors Davinder L Bhowmik Philip Gabriel Van C Gessel Adrienne Hurley Susan J Napier Sharalyn Orbaugh Jay Rubin Atsuko Sakaki Ann Sherif Stephen Snyder Mark Williams Eve Zimmerman **D. H. Lawrence** Paul

Poplawski,1996-06-24 D H Lawrence remains one of the most popular and studied authors of the 20th century This book is a comprehensive but easy to use reference guide to Lawrence s life works and critical reception The volume has been systematically structured to convey a coherent overall sense of Lawrence s achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence s career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text The book begins with an original biography by John Worthen one of the world s foremost authorities on Lawrence s life and work The chapters that follow provide separate entries for all of Lawrence s works except for individual poems and paintings with critical summaries discussions of characters and details of settings There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies Maps and chronologies further trace Lawrence s travels and his development over time **Character Studies and the**

Gospel of Mark Matthew Ryan Hauge,Christopher W. Skinner,2015-02-26 Characters in the Second Gospel are analysed and an in depth look at different approaches currently employed by scholars working with literary and reader oriented methods of analysis is provided The first section consists of essays on method theory and the second consists of seven exegetical character studies using a literary or reader oriented method All contributors work from a literary narrative critical reader oriented or related methodology The book summarizes the state of the discussion and examines obstacles to arriving at a comprehensive theory of character in the Second Gospel Specific contributions include analyses of the representation of women God Jesus Satan Gentiles and the Roman authorities of Mark s Gospel This work is both an exploration of theories of character and a study in the application of those theories *War in Heaven/Heaven on Earth* Stephen D. O'Leary,Geln S. McGhee,2014-12-18 The apocalypse is a motif that lies behind many religious beliefs and practices War in Heaven Heaven on

Earth theorizes the apocalyptic as it has arisen in a variety of religious traditions from Native American religion to Islam in Northern Nigeria and new terrorist movements Millennial theory and history are explored from the perspective of social psychology sociology and post modern philosophy The volume is unique in applying an analysis of millennial themes to a comparative study of religion *Time: A Bibliographic Guide* Samuel L. Macey, 2018-10-10 Originally published in 1991 A multidisciplinary guide in the form of a bibliography of selected time related books and articles divided into 25 existing academic disciplines and about 100 subdisciplines which have a wide application to time studies **Teaching Religion and Literature** Daniel Boscaljon, Alan Levinovitz, 2018-09-27 Teaching Religion and Literature provides a practical engagement with the pedagogical possibilities of teaching religion courses using literature teaching literature classes using religion and teaching Religion and Literature as a discipline Featuring chapters written by award winning teachers from a variety of institutional settings the book gives anyone interested in providing interdisciplinary education a set of questions resources and tools that will deepen a classroom s engagement with the field Chapters are grounded in specific texts and religious questions but are oriented toward engaging general pedagogical issues that allow each chapter to improve any instructor s engagement with interdisciplinary education The book offers resources to instructors new to teaching Religion and Literature and provides definitions of what the field means from senior scholars in the field Featuring a wide range of religious traditions genres and approaches the book also provides an innovative glimpse at emerging possibilities for the sub discipline *Liminal Readings* David S Arnold, 1992-12-09 *Irish Children's Literature and the Poetics of Memory* Rebecca Long, 2021-03-25 Focusing on the mythological narratives that influence Irish children s literature this book examines the connections between landscape time and identity positing that myth and the language of myth offer authors and readers the opportunity to engage with Ireland s culture and heritage It explores the recurring patterns of Irish mythological narratives that influence literature produced for children in Ireland between the nineteenth and the twenty first centuries A selection of children s books published between 1892 when there was an escalation of the cultural pursuit of Irish independence and 2016 which marked the centenary of the Easter 1916 rebellion against English rule are discussed with the aim of demonstrating the development of a pattern of retrieving re telling remembering and re imagining myths in Irish children s literature In doing so it examines the reciprocity that exists between imagination memory and childhood experiences in this body of work *Childhood and Innocence in American Culture* James M. Curtis, 2023-08-01 This collection argues that the romanticized conflation of childhood and innocence in American culture has been on a steady decline at least since the 1960s largely due to postmodern critiques of overarching narratives involving both the child and the innocence of childhood Additionally this collection highlights and analyzes examples of children s literature and culture throughout the 20th century and into the 21st which pointedly defy traditional idealized notions of childhood Such an analysis serves to reiterate the idea that the romanticized notion of childhood which has pervaded American culture for over

two centuries is little more than a cultural construction that bears little to no resemblance to the actual lived experience of American children *Bound to Differ* Wesley A. Kort,2010-11-01 Journal of the American Academy of Religion American Academy of Religion,1988 *Take, Read* Wesley A. Kort,2010-11-01 This book deals with the role of the category of scripture within adequate theories of textuality and culture Wesley Kort is interested in the practice of reading a text as though it were scripture Beginning with John Calvin s theory of reading Kort shows that the theory and practice of reading as detailed by Calvin are applied to other texts that begin to be read as scripture and eventually in the modern period replace the reading of the Bible as scripture These alternative texts are beginning in the sixteenth century nature then in the early eighteenth century history and at the beginning of the nineteenth century literature Kort argues that what we take as modernity is based on a practice of reading not in what it means to read but in what texts are read as scripture He argues that the postmodernist attempt not to read anything at all as scripture is an illusion that the theories of reading of Maurice Blanchot and Julia Kristeva expose In conclusion Kort raises the question of what it might mean today to again read the Bible as though it were scripture that is to read the Bible with practices indicated by Blanchot and Kristeva **Screening The Sacred** Joel Martin,2018-03-05 What are the religious impulses in the 1976 film Rocky and how can they work to shape one s social identity Do the films Alien and Aliens signify the reemergence of the earth goddess as a vital cultural power What female archetypes borne out of male desire inform the experience of women in Nine and a Half Weeks These are among the several compelling questions the authors of this volume consider as they explore the way popular American film relates to religion Oddly religion and film two pervasive elements of American culture have seldom been studied in connection with each other In this first systematic exploration the authors look beyond surface religious themes and imagery in film discovering a deeper implicit presence of religion They employ theological mythological and social and political criticism to analyze the influence of religion in all its rich variety and diversity on popular film Perhaps more importantly they consider how the medium of film has helped influence and shape American religious culture secular or otherwise More than a random collection of essays this volume brings to the study of religion and film a carefully constructed analytic framework that advances our understanding of both Screening the Sacred provides fresh and welcome insight to film criticism it also holds far reaching relevance for the study of religion Progressive in its approach instructive in its analyses this book is written for students scholars and other readers interested in religion popular film and the impact of each on American culture **Mark as Story** Kelly R. Iverson,Christopher W. Skinner,2011 This volumes celebrates Mark as Story and offers critique engagement and exploration of the new hermeneutical vistas that emerged in the wake of this pioneering study
