Masculinities in German Culture Sarah Colvin, Peter J. Davies, 2008 Intended to encourage and disseminate lively and open discussion of themes pertinent to German Studies viewed from all angles literary artistic musical theoretical Edinburgh German Yearbook takes particular interest in cultural

problems and issues arising out of politics and history Volume 2 examines the meanings and significance of masculinity in German culture from medieval mystics to the cultural impact of young male immigrants living in Germany today *White Male Disability in Modernist Literature* Martina Simone Kübler,2023-01-16 This study explores the representation of disability in three of the most well known novels of the twentieth century D H Lawrence s *Lady Chatterley s Lover* 1928 Ernest Hemingway s *The Sun Also Rises* 1926 and William Faulkner s *The Sound and the Fury* 1929 By signifying cultural demise and a loss of masculinity white male disability in the literature of the 1920s represents a fear of a foundering patriarchal white supremacist world order However if we take seriously what queer and disability studies have advanced disabled bodies in literature can also help us redefine life and love in the modern era forcing us to imagine possibilities outside of our comfort zones they help us reimagine the elusive myth of independent self sufficient human existence *The Image of the English Gentleman in Twentieth-Century Literature* Christine Berberich,2016-03-03 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity **The Making and Mirroring of Masculine Subjectivities** Susan Mooney,2022-08-09 This book shows how diverse critical modern world narratives in prose fiction and film emphasize masculine subjectivities through affects and ethics Highlighting diverse affects and mental states in subjective voices and modes modern narratives reveal men as feeling intersubjective beings and not as detached masters of master narratives Modern novels and films suggest that masculine subjectivities originate paradoxically from a combination of copying and negation surplus and lack sameness and alterity among fathers and sons siblings and others In this comparative study of more than 30 diverse world narratives Mooney deftly uses psychoanalytic thought narrative theories of first and third person narrators and Levinasian and feminist ethics of care creativity honor and proximity We gain a nuanced picture of diverse postpaternal postgentlemen emerging out of older character structures of the knight and gentleman

From Wollstonecraft to Stoker Marilyn Brock,2014-01-10 This collection of 13 essays examines the work of Victorian

authors Wilkie Collins M E Braddon Letitia Elizabeth Landon Mary Wollstonecraft J Sheridan Le Fanu Bram Stoker Charles Dickens Robert Louis Stevenson Elizabeth Gaskell Henry James and Charlotte Bronte Each essay explores their use of archetypal Gothic elements such as dark secrets and forbidden sensations to depict nineteenth century attitudes to class gender race colonialism and imperialism Modernism, Male Friendship, and the First World War Sarah Cole,2003-08-28 Sarah Cole examines the rich literary and cultural history of masculine intimacy in the twentieth century Cole approaches this complex and neglected topic from many perspectives as a reflection of the exceptional social power wielded by the institutions that housed and structured male bonds as a matter of closeted and thwarted homoerotics as part of the story of the First World War Cole shows that the terrain of masculine fellowship provides an important context for understanding key literary features of the modernist period She foregrounds such crucial themes as the over determined relations between imperial wanderers in Conrad s tales the broken friendships that permeate Forster s fictions Lawrence s desperate urge to make culture out of blood brotherhood and the intense bereavement of the war poet Cole argues that these dramas of compelling and often tortured male friendship have helped to define a particular spirit and voice within the literary canon Reassessing John Buchan Kate Macdonald,2015-09-30 A collection of edited essays on the novelist John Buchan 1875 1940 author of among many other works *The Thirty Nine Steps* 1915 *Witch Wood* 1927 and *Sick Heart River* 1940 It considers Buchan s writing and reputation from the perspective of the twenty first century and examines Buchan s major fiction and non fictional writing *Sex in Imagined Spaces* Caitriona Dhuill,2017-07-05 From Thomas More onwards writers of utopias have constructed alternative models of society as a way of commenting critically on existing social orders In the utopian alternative the sex gender system of the contemporary society may be either reproduced or radically re organised Reading utopian writing as a dialogue between reality and possibility this study examines the relationship between historical sex gender systems and those envisioned by utopian texts Surveying a broad range of utopian writing from the nineteenth and twentieth centuries including Huxley Zamyatin Wedekind Hauptmann and Charlotte Perkins Gilman this book reveals the variety and complexity of approaches to re arranging gender and locates these re arrangements within contemporary debates on sex and reproduction masculinity and femininity desire taboo and family structure These issues occupy a position of central importance in the dialogue between utopian imagination and anti utopian thought which culminates in the great dystopias of the twentieth century and the postmodern re invention of utopia **Postcolonial Animal Tale from Kipling to Coetzee** Jopi Nyman,2003 This Book Offers Provocative New Readings Of Animal Narratives That Have Changed The Way We Think About Animals Writing And Postcoloniality It Is Contended That Animal Tales Are Much More Complex And Political Than Is Generally Assumed By Discussing Several Well Known Animal Tales By Canonical And Popular Writers In Their Cultural And Historical Context It Is Argued That Animal Writing Enters The Contested Terrain Of Human Values And Ideologies And That Many Famous Nineteenth And Twentieth Century Animal Narratives Address Questions Of Race Gender

Domesticated Bachelors and Femininity in Victorian Novels Jennifer Beauvais,2020-10-12 Domestic issues chastity morality marriage and love are concerns we typically associate with Victorian female characters But what happens when men in Victorian novels begin to engage in this type of feminine discourse While we are familiar with certain Victorian women seeking freedom by moving beyond the domestic sphere there is an equally interesting movement by the domestic man into the private space through his performance of femininity This book defines the domesticated bachelor examines the effects of the blurring of boundaries between the public and private spheres and traces the evolution of the public discourse on masculinity in novels such as Bronte s Shirley Braddon s Lady Audley s Secret Eliot s Daniel Deronda and Stevenson s The Strange Case of Dr Jekyll and Mr Hyde This bachelor along with his female counterpart the New Woman opens up for discussion new definitions of Victorian masculinity and gender boundaries and blurs the rigid distinction between the gendered spaces thought to be in place during the Victorian period

Taking a Hard Look Amanda du Preez,2009-05-27 It is the aim of this edited volume to take a hard look at gender and visual culture Gender and visual culture traverse in quite unique and often fascinating ways On the one hand gender functions as an interdisciplinary approach and critical tool to analyse and investigate several subject fields As such gender contributes to establishing a much needed theoretical and functional platform spanning across many fields of enquiry from where gender practices can effectively be critiqued and ideally changed On the other hand the growing popularity and ubiquity of visual culture in a global context create the increasing need to reflect on and interrogate this phenomenon in an academic manner Although

Visual Culture Studies is an established subject at many Northern institutions it is fairly new and relatively under theorised in the South In response to the growing need to investigate issues dealing with gender and visual culture and particularly how they creatively intersect this selection of chapters first presented as papers at the Taking a Hard Look Gender and Visual Culture international conference 20 21 June 2007 Institute for Gender and Women s Studies University of Pretoria South Africa are collected here in the hope to make a purposeful contribution to the burgeoning discourse However by addressing the creative intersection between gender and visual culture this edited volume is no novelty In fact the topic of gender and visual culture has been addressed over the past decade in several edited volumes It is in this proud tradition that this book aims to take its place and to create a dialogue with international theory on gender and visual culture studies from a South perspective Key questions that are explored in the volume What type of gendered visual culture is being presented and created in the South particularly but not exclusively How is visual culture gendered Can one refer to a move beyond gender in terms of a trans gendered visual culture or are we still caught up in the same debilitating role models How does one address the ever increasing alienation between gender studies and the younger generation of students and scholars moving into higher education What is the role of gender as interdisciplinary tool in the academic analysis of visual culture as it spans across several subjects such as science social work technology psychology medicine philosophy sociology engineering communication economics religious studies business management anthropology geography historical studies cultural and media studies visual studies art history and literature studies

Forging the Bubikopf Nation Marina Vujnovic, 2009 The era between World Wars I and II set East Central Europe on a path of a modernization that was opening up numerous possibilities for challenging the region s traditional politics and established gender roles In interwar Yugoslavia questions of ethnically driven nationalism dominated the public discourse but the modernizing processes of industrialization and rising consumerism also opened up a small public space for the development of the women s press The intuitive and change driven Croatian journalist and novelist Marija Juri Zagorka led this parallel and alternative public discourse in Yugoslavia s most popular interwar women s magazine Zenski list Forging the Bubikopf Nation is a book about this magazine its editor and its readers as well as about the alternative visions of modernity that they were offering to the magazine s readers both throughout Yugoslavia and within the diasporic communities in the United States and Canada during the thirteen years of the magazine s existence from 1925 1938 Sensitively written but researched with great methodological rigor and from a range of theoretical perspectives this is a must read book for all of those who are interested in mass communication history gender and politics and for those who want to better understand

this pivotal time in the history of a highly complex and intriguing part of the world **Dark Imaginings** Geoff Payne, 2008

What does it mean to say that poetry is dark How does the presence of darkness give meaning to literary works Such questions sit at the centre of this study of Lord Byron a man who has been characterised as intrinsically dark by generations of scholars This is the first book to offer a comprehensive survey of Byron s darkness producing new and innovative readings of his poetry by exploring how darkness both literal and figurative helps to structure his work s ideological topography and facilitates the exchange of ideas between its different ideological systems Canvassing a variety of issues relevant to a number of different manifestations of darkness the study explores such diverse topics as the relationship between sublime aesthetics and the gendering of desire the connection between darkness and Byron s Scottish nationalism and the influence of blackness on his engagement with the Orient With such a broad focus in mind it also engages with texts that represent Byron s oeuvre in its broadest sense engaging not only with canonical texts such as Manfred and Don Juan but also selections from Byron s juvenilia the Oriental Tales and his letters and journals as well as surveying the critical reviews that helped to influence the colour of his work and its later reception Der Wahre Historiker Caitríona Leahy, 2007
