Modern Oil Impressionists Ron Ranson, 1992 *The Art of Impressionism* Anthea Callen, 2000-01-01 Drawing on scientific studies of pigments and materials artists treatises colourmen s archives and contemporary and modern accounts Anthea Callen demonstrates how raw materials and paintings are profoundly interdependent She analyses the material constituents of oil painting and the complex processes of making entailed in all aspects of artistic production discussing in particular oil painting methods for landscapists and the impact of plein air light on figure painting studio practice and display Insisting that the meanings of paintings are constituted by and within the cultural matrices that produced them Callen argues that the real modernity of the Impressionist enterprise lies in the painters material practices **BOOK JACKET**

Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes Morisot's Modernism and Impressionist Art Claire Moran, 2025-09-29 This volume seeks to reframe French Impressionist painter Berthe Morisot 1841 95 in the history of art via a focus on the spaces and people that informed her work and thereby offers a new interpretation of Impressionism and of modernist aesthetics Claire Moran utilizes close visual analyses of artworks in particular those of family friends domestic servants and acquaintances textual analysis of Morisot s journals and letters investigation of late nineteenth century advice manuals magazines and advertisements in relation to Morisot s life and work examination of housing floor plans and gardens and the study of specific household objects that recur in her work and their history This multi pronged method of analysis grounded in Morisot s lived experience will allow a new understanding of Morisot s art to emerge one with the potential to not only highlight the modernity of her aesthetics but also question both public and critical assumptions about Impressionism The book will be of interest to scholars working in art history gender studies French studies and history of design **The Impressionists Handbook** Robert Katz, Dars Celestine, 1999 The two authors who are both knowledgeable writers with extensive background in the study of art and art history write engagingly about the history of impressionism and the life and works of Pissarro Manet Degas Monet Renoir and Sisley At 7x8 5 the
