Microdramas John H. Muse,2017-10-13 In Microdramas John H Muse argues that plays shorter than twenty minutes deserve sustained attention and that brevity should be considered a distinct mode of theatrical practice Focusing on artists for whom brevity became both a structural principle and a tool to investigate theater itself August Strindberg Maurice Maeterlinck F T Marinetti Samuel Beckett Suzan Lori Parks and Caryl Churchill the book explores four episodes in the history of very short theater all characterized by the self conscious embrace of brevity The story moves from the birth of the modernist microdrama in French little theaters in the 1880s to the explicit worship of speed in Italian Futurist synthetic theater to Samuel Beckett s often misunderstood short plays and finally to a range of contemporary playwrights whose long compilations of shorts offer a new take on momentary theater Subjecting short plays to extended scrutiny upends assumptions about brief or minimal art and about theatrical experience The book shows that short performances often demand greater attention from audiences than plays that unfold more predictably Microdramas put pressure on preconceptions about which aspects of theater might be fundamental and about what might qualify as an event In the process they suggest answers to crucial questions about time spectatorship and significance
