Anissa Rogers, 2025-05-26 Human Behavior in the Social Environment Perspectives on Development and the Life Course

returns for a seventh edition to provide students with an expansive overview of the major theories and issues related to human behavior and the social environment that are important to understand for professional practice across a variety of cases and contexts. Maintaining its clarity and cohesion, this edition has been updated to offer students current and relevant information on important topics in social work practice and expanded to help students understand the complexity of the issues they will face in the field, including how poverty, diversity, and strengths affect human development and behavior. Several new theoretical perspectives appear in this update, including indigenous theory, new feminism, and restorative justice, and these additions complement the major psychological, sociological, life course, and anti-oppressive theories that have come to define this book's grounded and balanced coverage. Illustrated and fully supported by a set of Quick Guides for students engaged in field work, vignettes woven throughout the book, and a full package of interactive cases and instructor-led resources that are available on www.routledgesw.com, the new edition of *Human Behavior in the Social Environment* is a perfect complement to this foundation course on the undergraduate and graduate level. Its signature theoretical framework equips students to have a well-rounded understanding to call upon and apply to the myriad client problems and situations they will need to practice social work.

Social Work Skills for Community Practice Mary-Ellen Brown, Katie Stalker, 2022-11-10

Focuses on skill building to facilitate positive social change. With straightforward content enriched by practical and applicable learning experiences, this comprehensive text prepares social work students for careers in community organizing and macro practice. It focuses on building the social work skills required for organizing communities, including cause-based coalitions, geographically identity-based communities, and health and human service organizations, to achieve culturally relevant equity and justice-driven social change. The second edition presents new information that includes self-care for the community practitioner, social work grand challenges, cultural humility, community dialogue, trauma-informed and resiliency-focused community development, environmental justice, and many other topics. Emphasizing community practice through the application of macro, mezzo, and micro social work skills, the book uses frameworks drawn from generalist social work practice as well as core competencies identified by CSWE's EPAS. Its focus on a broad range of community practice models makes it accessible to all social workers. The text also highlights the importance of technology as a tool for social work macro practice with skill-building activities. Vivid case vignettes, applied and experiential learning activities, and team and individual-based assignments reinforce content and emphasize skill building along with abundant resources for further learning.

New to the Second Edition: Presents a framework for self-care for the community practitioner. Highlights the importance of community practitioner readiness, competency, and leadership. Introduces a new trauma-informed and resiliency-focused approach for community development. Discusses strategic compatibility for interorganizational collaboration. Introduces youth-based participatory research and empowerment evaluations.

Key Features: Focuses on skill building for community engagement and organizing, facilitating community dialogue, and conducting

assessments Covers planning and implementing community change initiatives and evaluating and disseminating knowledge from change activities Provides case vignettes to reinforce content and abundant resources for additional learning Offers a complete ancillary package that includes chapter PowerPoints Test Bank and an Instructor s Manual with suggested individual and group activities and more
