MCCG240 - Evaluation and Management Services

Lesson 1 – New and Established Patients

Introduction

Patients schedule appointments with healthcare providers for many different reasons. When a patient meets with a healthcare provider, an encounter or office visit can happen in a wide range of healthcare settings. Some healthcare settings a patient can meet with a healthcare provider are office, Skilled nursing facility, ER, Urgent care clinic, online, and even in an acute care facility. E/M codes explain a patient visit with a healthcare provider to manage patient care. This lecture will provide an explanation of the many different subsections of the E/M section of the CPT coding book.

New Patients

New Patient Office Visit (E/M) Services codes are 99202-99205. New Patient Office Visit (E/M) Services is the first category in the E/M section. A new patient is one who has not received any professional services from the physician or qualified health care professional or another physician/qualified health care professional of the same specialty and subspecialty who belongs to the same group or practice within the past three years. There are four levels of care for this type of encounter, with the time and medical decision-making requirements shown below.

New Patient Levels Of Care

99203			Low	30 - 44
99204			Mod	45 - 59
99205			High	60 - 74
