Tsakiridou, 1997 Postmodernism's dedication to the rehabilitation of lesser artists and its revision of modernist history have not affected Cocteau studies even in areas of self evident relevance like sexuality myth and gender Jean Cocteau James S. Williams, 2008-02-01 Despite Jean Cocteau's renown as a leading figure in European cinema his work and life have rarely

been examined together Evaluating Cocteau s career and his fascinating personal life on equal terms James Williams offers here a groundbreaking analysis that sets them both within highly revealing historical and artistic contexts Williams s biographical investigation of this poet dramatist novelist designer and filmmaker centers around Cocteau s constant self questioning and how it permeated his work From Cocteau s work in fashion and photography to his formal experimentation to his extensive collaborations with male friends and lovers the book charts the complex and unpredictable evolution of his work and aesthetic Williams argues that Cocteau s body of work is best viewed as an ethical erotic project of aesthetics that carries important ramifications for our contemporary understanding of being and subjectivity An engaging and wholly accessible account Jean Cocteau is essential reading for all those fascinated by the man and his unforgettable films **Les Six** Robert Shapiro,2014-07-01 The absorbing comprehensive story of an absolutely unique experiment in classical music involving many key figures of the Dada and Surrealist movements Les Six were a group of talented composers who came together in a unique collaboration that has never been matched in classical music and here their remarkable story is told for the first time A musical experiment originally conceived by Erik Satie and then built upon by Jean Cocteau Les Six were also born out of the shock of the German invasion of France in 1914 an avant garde riposte to German romanticism and Wagnerism Les Six were all and still are respected in music circles but under the aegis of Cocteau they found themselves moving among a whole new milieu the likes of Picasso Ren Clair Blaise Cendrars and Maurice Chevalier all appear in the story But the story of Les Six goes on long after the heyday of Bohemian Paris the group never officially disbanded and it was only in the last 20 years that the last member died moreover their spouses descendents and associates are still active ensuring that the remarkable legacy of this unique group survives *Cultures of Consumption* Frank Mort,2013-04-15 Examines the construction of images of masculinity and the effect they have on identity sexuality and sexual politics Influences from black and white culture are explored as well as the ironies of class colour and sexuality **American Environmental Fiction, 1782-1847** Matthew Wynn Sivils,2016-04-15 While Ralph Waldo Emerson and Henry David Thoreau are often credited with inventing American environmental writing Matthew Wynn Sivils argues that the works of these Transcendentalists must be placed within a larger literary tradition that has its origins in early Republic natural histories Indian captivity narratives Gothic novels and juvenile literature Authors such as William Bartram Ann Eliza Bleecker and Samuel Griswold Goodrich to name just a few enabled the development of a credibly American brand of proto environmental fiction Sivils argues that these seeds of environmental literature would come to fruition in James Fenimore Cooper s *The Pioneers* which he argues is the first uniquely environmental American novel He then connects the biogeographical politics of Cooper s *The Prairie* with European anti Americanism and concludes this study by examining how James Kirke Paulding Thomas Cole and James Fenimore Cooper imaginatively addressed the problem of human culpability and nationalistic cohesiveness in the face of natural disasters With their focus on the character and implications of the

imagined American landscape these key works of early environmental thought contributed to the growing influence of the natural environment on the identity of the fledgling nation decades before the influences of Emerson's *Nature* and Thoreau's *Walden*

The Biography of Alice B. Toklas Linda Simon, 1991-01-01 It's fitting that Alice B. Toklas, wife and literary impresario of Gertrude Stein, should be the subject of a biography and this is a good one: sensitive and lively. It's clear from this portrait that through her possessive affection she not only had a dominant influence on Stein's life but for good or ill on her highly idiosyncratic prose. With her acid tongue, shrewd judgment, vitality and intense loyalty, she was a fairly remarkable person in her self. Publishers Weekly Linda Simon writes beautifully of Alice's early years in California, of her Polish Jewish family, of her growing alienation from her surroundings and gravitation toward artists, of her awareness of the isolating burden homosexuality would force on her. Entertaining, thoroughly researched and well written, with a clear gaze fixed on undistorted truth. Saturday Review A study that shows Toklas as she must have been: not Miss Stein's obedient shadow but a multifaceted and complex creature with her own tastes and standards. Her story is an emotionally stirring experience. Washington Post Book World Linda Simon in her preface to this Bison Book edition calls Alice B. Toklas a woman who through a mixture of determination and good luck invented a new narrative for her life at a time when options for women were few. Simon is the author of Thornton Wilder's *His World* (1979), *Good Writing* (1988) and other books. She is now working on a biography of William James.

The Autobiography of a Fallen "Christ," Augustus J. Halbleib, 1927

Valiant for the truth: autobiography, ed. by G.H. Pike John Matthias Weyland, 1899

The Publishers Weekly, 1972

Sustaining Loss Gregg Horowitz, 2001 *Sustaining Loss* explores the uncanny, traumatic weaving together of the living and the dead in art and the morbid fascination it holds for modern philosophical aesthetics. Beginning with Kant, the author traces how aesthetic theory has been drawn back repeatedly to the moving power of the undead body of the work of art. He locates the most potent expressions of this philosophical compulsion in Hegel's thesis that art is a thing of the past and in Freud's view that the work of art is the haunting of the present by the endless suffering of what is dead but still has claims over the living. The book asserts that modern aesthetics holds the key to unlocking the tortured relation of modernity to the past; it is perpetually leaving behind. As the capacity to withstand the inescapable force of a past that is dead for us becomes the supreme test for a fully modern, fully secular philosophy, aesthetics moves to the center of philosophical reflection. But the author argues this secular philosophical orientation can be sustained only if aesthetic theory remains oriented by intimate contact with modernist works of art. *Sustaining Loss* examines not only Kant, Hegel and Freud but also the contemporary artists Gerhard Richter and Ilya Kabakov, whose art turns fruitfully against art's own past. To live as a modern, the author asserts, is to live with the dead past that modernist art ceaselessly disgorges. Overall, the book aims to articulate an aesthetic theory suitable to the task of living in a time when, in Flannery O'Connor's words, "The blind don't see and the lame don't walk and what's dead stays that way."
