

Professors Presidents And Politicians

William G. Mayer

Professors Presidents And Politicians:

Professors, Presidents, and Politicians George Lynn Cross, 1981-01-01 **Presidents and Political Thought** David J. Siemers, 2010-01-01

What did the president know and when did he know it takes on a whole new meaning in *Presidents and Political Thought*. Though political philosophy is sometimes considered to be dry and abstract many of our presidents have found usable ideas embedded within it. In this first comparative study of presidents and political theory David Siemers examines how some of them have applied this specialized knowledge to their job. *Presidents and Political Thought* explores the connection between philosophy and practical politics through a study of six American chief executives: John Adams, Thomas Jefferson, James Madison, Woodrow Wilson, Franklin D. Roosevelt, and Bill Clinton. Writing at the intersection of politics, history, and philosophy, Siemers combines his extensive understanding of political philosophy with careful research and analysis of individual presidents to produce provocative and astute judgments about how their understanding of political theory affected their performance. Each chapter examines a particular president's attitude about political theory, the political theorists he read and admired, and the ways in which he applied theory in his activities as president. Viewing presidents through the lens of political theory enables Siemers to conclude that Madison and Adams have been significantly underrated. Wilson is thought to have abandoned his theoretical viewpoint as president but actually he just possessed an unorthodox interpretation of his favorite thinker Edmund Burke. Often thought to be so pragmatic or opportunistic that they lacked any convictions, FDR and Clinton gained their orientations to politics from political theory. These and other insights suggest that we cannot understand these presidencies without being more aware of the ideas the presidents brought to the office. Siemers's study takes on special relevance as the United States experiences regime change and a possible party realignment because, as he notes, Barack Obama has read and learned from political theory too. Avoiding much of the jargon that often accompanies political theory, this book demonstrates the relevance of political theory in the real world, chronicling both the challenges and potentially rich payoffs when presidents conceive of politics not just as a way to reward friends and punish enemies but as a means to realize principles.

The Professor and the President Stephen Hess, 2014-12-08

What happens when a conservative president makes a liberal professor from the Ivy League his top urban affairs adviser? The president is Richard Nixon, the professor is Harvard's Daniel Patrick Moynihan. Of all the odd couples in American public life, they are probably the oddest. Add another Ivy League professor to the White House staff when Nixon appoints Columbia's Arthur Burns, a conservative economist, as domestic policy adviser. The year is 1969, and what follows behind closed doors is a passionate debate of conflicting ideologies and personalities. Who won? How? Why? Now, nearly a half century later, Stephen Hess, who was Nixon's biographer, and Moynihan's deputy, recounts this fascinating story as if from his office in the West Wing. Daniel Patrick Moynihan, 1927-2003, described in the *Almanac of American Politics* as the nation's best thinker among politicians since Lincoln, and its best politician among thinkers since Jefferson, served in the administrations of four presidents: was

ambassador to India and U S representative to the United Nations and was four times elected to the U S Senate from New York Praise for the works of Stephen Hess Organizing the Presidency Any president would benefit from reading Mr Hess s analysis and any reader will enjoy the elegance with which it is written and the author s wide knowledge and good sense The Economist The Presidential Campaign Hess brings not only first rate credentials but a cool dispassionate perspective an incisive analytical approach and a willingness to stick his neck out in making judgments American Political Science Review From the Newsworld Series It is not much in vogue to speak of things like the public trust but thankfully Stephen Hess is old fashioned He reminds us in this valuable and provocative book that journalism is a public trust providing the basic information on which citizens in a democracy vote or tune out Ken A

Identities and Politics During the Putin

Presidency Philipp Casula, Jeronim Perovic, 2009-11-01 How could an undemocratic regime manage to stabilise Russia What is Putin s success formula What are the symbolic and discursive underpinnings of Russia s new stability Many outside observers of Russia regarded the authoritarian tendencies during the Putin presidency as a retreat from or even the end of democratization Rather than attempting to explain why Russia did not follow the trajectory of democratic transformation this book aims to attain an understanding of the stabilization process during Putin s tenure as president Proceeding from the assumption that the stability created under Putin is multi layered the authors attempt to uncover the underpinnings of the new equilibrium inquiring especially about the changes and fixations that occurred in the discourses on political and national identity In doing so the authors analyse the trajectories of the past years from the traditional perspective of transitology as well as through the lens of post structuralist discourse theory The two approaches are seen as complementary with the latter focusing less on the end point of transition than on the nature of the mechanisms that stabilize the current regime The book focuses on how nationalism became an increasingly important tool in political discourse and how it affected political identity Sovereign democracy is seen by many contributors as the most explicit manifestation of a newfound post Soviet identity drawing on nationalist ideas while simultaneously appeasing most sectors of the Russian political spectrum

The

Presidency and the Political System Michael Nelson, 2018-03-08 Written by top notch presidency scholars and carefully edited into a text reader format The Presidency and the Political System Eleventh Edition showcases a collection of original essays focused on a range of topics institutions and issues relevant to understanding the American presidency *Guide to the Presidency and the Executive Branch* Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic

The Politics of the Presidency John Anthony Maltese, Andrew Rudalevige, Joseph A. Pika, 2024-02-06 The Politics of the Presidency thoroughly analyzes the change and continuity in Biden's first two and a half years in office and looks forward to the competitive setting for the 2024 presidential race

The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2021-11-16 The Politics of the Presidency maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course Get the most up to date coverage and analysis of the 2020 election and the Biden administration in the Revised Tenth Edition of this bestseller

[Presidential Terms of Office](#) United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Constitutional Amendments, 1959 Considers S J Res 11 to repeal the 22d Amendment to the Constitution limiting the number of elected Presidential terms an individual may serve to two

The Polarized Presidency of George W. Bush George C Edwards III, Desmond King, 2007-05-24 This collection examines the foreign and domestic policies of President George W Bush's administration The analysis begins with an account of how highly polarized in terms of public opinion and electoral patterns this presidency has proved to be in a chapter by the editors This is followed by chapters on the use of unilateral executive powers by Louis Fisher and William Howell and prerogative powers by Richard Pious Because the policy choices of the Bush presidency have had such fundamental effects both in domestic policy and in US foreign policy three contributors Thomas Langston John Burke James Pfiffner then address the

processes of decision making especially in respect to the war against Iraq How the administration governs by a recurring process of campaigning is examined in chapters on public opinion and war by Gary Jacobson the promotional presidency by Larry Jacobs mobilizing congressional support for war by Scott Blinder and the White House communications system by Martha Kumar Finally the way in which the Bush White House relates to congress and the process of building congressional coalitions to enact laws is the subject of chapters on executive style of this administration by Charles O Jones and the failure to reform social security by Fiona Ross It will be essential reading for anyone wishing to understand one of the most controversial administrations in recent years

The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

Debating the Presidency Richard J. Ellis, Michael Nelson, 2019-12-20 The study of the presidency the power of the office the evolution of the executive as an institution the men who have served has generated a great body of research and scholarship What better way to get students to grapple with the ideas of the literature than through conflicting perspectives on some of the most pivotal issues facing the modern presidency Richard Ellis and Michael Nelson have once again assembled a cadre of top scholars to offer a series of pro con essays that will inspire spirited debate beyond the pages of the book Each essay written in the form of a debate resolution offers a compelling yet concise view on the American executive

The Obama Presidency Bert A. Rockman, Andrew Rudalevige, Colin Campbell, 2011-07-26 In the latest volume in this classic series Rockman Rudalevige and Campbell once again bring together top notch scholars this time to take a comprehensive look at the first two years of Barack Obama s presidency Assessing Obama s political strategy as well as his administration s successes and setbacks chapter authors critically examine a presidency marked by continued partisanship major policy battles and continued global turmoil

Investigating Political Tolerance at Conservative Protestant Colleges and Universities George Yancey, Laurel Shaler, Jerald H. Walz, 2019-02-21 This book aims to investigate the level of political tolerance at conservative Protestant colleges and universities Through innovative and methodologically sophisticated techniques the authors test the political openness of these institutions as a proxy for their willingness to accept opinions that fall outside of those held by their religious community The purpose of this study is to determine if there is an insular environment at conservative Protestant institutions beyond religious obligations or if these institutions are only restrictive as it concerns those theological commitments Drawing from five distinct sets of data the authors demonstrate that conservative Protestant institutions of higher education exhibit more political diversity and political tolerance than other institutions of higher education including elite Research 1 institutions

President's Report University of Minnesota, 1928
The 2020 Presidential Election in the South Scott E. Buchanan, Branwell DuBose Kapeluck, 2021-09-21 The 2020 Presidential Election in the South details how the 2020 presidential election developed in the twelve states of the South This

edited volume features preeminent scholars of Southern politics who analyze the momentous Election of 2020 In addition to chapters organized by state this volume also focuses upon the issues that drove southern voters the nominations process in early 2020 as well as a chapter focusing on where the region may be headed politically in the next decade In addition each state chapter includes analysis on notable congressional races and important patterns at the state level The authors also provide keen insight into the ever changing political patterns in the region Since the South continues to evolve in terms of politics and demographic shifts this book will be an important tool for academics However the book will also enlighten journalists and political enthusiasts seeking a deeper understanding of contemporary changes in Southern electoral politics

Controversial Issues in Presidential Selection Gary L. Rose,1994-01-01 The book is designed to stimulate lively debate and critical thinking about the modern process of presidential selection Eleven issues that impact directly on the selection of the president of the United States are examined in a scholarly and argumentative format Essays pro and con on each issue educate students in the dynamics of presidential selection and help them evaluate competing perspectives on today s pressing issues Strategy, Money and Technology in the 2008 Presidential Election Costas Panagopoulos,2014-06-11 The 2008 presidential election perhaps more so than the typical quadrennial race will undoubtedly spawn an abundance of scholarly inquiry The confluence of historic and peculiar features associated with the 2008 contest distinguishes it from modern campaign cycles in significant ways that provide researchers a rare opportunity to reflect on a plethora of topics These studies are certain to provide detailed knowledge about the 2008 election in particular and more generally to inform our understanding of contemporary electoral politics The selections in this volume probe specific facets of the 2008 contest to provide in depth analyses of key developments with respect to strategy money and technology in the election cycle The contributors are keen analysts of American elections and campaigns The insights they provide grapple with key questions about the 2008 election and help to demystify aspects of the historic race This book was published as a special issue of the Journal of Political Marketing The Making of the Presidential Candidates 2004 William G. Mayer,2004 Annotation This is the third in a series of books about the United States presidential nomination process and shares the same goals as its predecessors and Mayer political science Northeastern U presents nine papers exploring significant components of the nomination process including financing incumbency polling and the role of organized labor The only non academic contributing to the proceedings is an editor who provides a discussion of the role of the press Annotation 2004 Book News Inc Portland OR booknews com *The 2000 Presidential Election in the South* Robert P. Steed,Laurence W. Moreland,2002-03-30 This volume is the fifth in a series of analyses of elections in the South beginning with the 1984 general elections and continuing in 1988 1992 and 1996 While the presidential election has been the focus other important aspects of contemporary Southern electoral politics have also been examined including congressional and state elections as well as the overall status of party development and competition in each Southern state Steed and Moreland continue the general

organization plan of the previous publications in this volume beginning with an introductory chapter on general issues and background a chapter on presidential primaries an examination of the particular issues of the 2000 presidential election and a look at religion and Southern politics Experts on the individual states then analyze the contests in each state and the volume concludes with a summary of the lessons to be gained from the 2000 election cycle An definitive work for all scholars students and researchers involved with contemporary Southern politics and presidential elections
