Profiting From Abuse An Investigation Into The Sexual Exploitation Of Our Children:

Profiting from Abuse ,2001 The sex trade is a multibillion dollar international industry which in many countries fuels the expansion of tourism and is a significant source of foreign exchange earnings The commercial sexual exploitation of children assumes many forms and organised criminal networks can involve a long chain of people linking a child to an abuser sometimes thousands of miles away through intermediaries all of whom profit in some way This report a tribute to the courage of the many children affected by this inhuman trade presents the words and experiences of children who have suffered from this exploitation as well as the views of individuals and organisations working to ending it **Profiting from Abuse** ,2001 **Child Exploitation and Trafficking** Virginia M. Kendall,T. Markus Funk,2016-12-21 Each year more than two million children around the world fall victim to commercial sexual and labor exploitation Put simply the growing epidemic of child exploitation demands a coordinated response In addition to compliance concerns raised by the Foreign Corrupt Practices Act FCPA UK Bribery Act and other more familiar transnational anti corruption laws today s companies must also respond to more novel legal requirements such as those contained in the California Transparency in Supply Chains Act Federal Acquisition Regulations on Trafficking in Persons in Federal Contracts U K Modern Slavery Act of 2015 European Union s Directive on Transparency and its amendments and the proposed federal Business Transparency in Trafficking and Slavery Act and other laws This Second Edition of Child Exploitation and Trafficking Examining Global Enforcement and Supply Chain Challenges and U S Responses brings fresh practical thinking to this oft misunderstood area of the law helping erase some of its counterproductive mythology The book not only provides the first comprehensive practical introduction to the history and present day reality of child exploitation and supply chain issues but it also traces the interconnected web of domestic and transnational federal laws and law enforcement efforts launched in response thereto The Second Edition not only is updated to reflect the latest trends and other development presented by two of the premier experts concerning this constantly evolving field but it also contains new chapters examining areas such as special issues in the fight against human trafficking and the raft of landmark anti trafficking laws that herald a new compliance reality for the globe s business community Written from the distinctive perspective of those who have spent their careers in the trenches investigating prosecuting and adjudicating these intricate emotional cases as well as those who are tasked with ensuring that products are free from the taint of child exploitation and force labor the book is uniquely proscriptive as well as descriptive in the sense that it relies on real world examples to serve up practical advice and reform proposals for those involved at all levels of this challenging area **The Department of Labor's ... Findings on the Worst Forms of Child Labor** ,2004 **The Department of Labor's 2002 Findings on the Worst Forms of Child Labor** ,2003 **The Department of Labor's 2001 findings on the worst forms of child labor : Trade and Development Act of 2000.** , **The U.S. Department of Labor's 2003 Findings on the Worst Forms of Child Labor** United States. Bureau of International Labor Affairs,2004

The report describes the efforts of 144 countries and territories to meet their international commitments to eliminate the worst forms of child labor Elaine L Chao *Profiting From Abuse* Carol Bellamy,2004-02-01 The shocking commercial sexual trafficking of children is only one element of the even more pervasive the Philippines campaign against the sexual exploitation of children Albania s trafficked children a Cambodian village network fights back giving girls a second chance in Kenya Illustrations Sexual Abuse of Young Children in Southern Africa Human Sciences Research Council,2004 With contributions from leading legal and policy researchers clinical practitioners and child development specialists in southern Africa this volume is an invitation to reflect on the many sided nature of sexual abuse of young children Many of the contributors propose effective ways to prevent abuse or improve care and services for the many affected children and their families The book is in five parts The opening section confronts the realities of sexual abuse of pre pubertal children and the way abuse is represented in the press The second section discusses the individual and socio cultural causes of child sexual abuse Section three covers legal and policy responses to the problem while the fourth section presents a series of accounts of interventions on behalf of abused children drawn from South Africa Mozambique and Zimbabwe The book concludes with some critical reflections on research in this area **Beyond Criminology** Paddy Hillyard,Christina Pantazis,Steve Tombs,Dave Gordon,2004-09-20 Crime forms only a small and often insignificant amount of the harm experienced by people While custom and tradition play an important role in the perpetuation of some types of harm many forms of harm are rooted in the inequalities and social divisions systematically produced in and by contemporary states Exploring a range of topics including violence indifference corporate and state harms murder children asylum and immigration policies sexuality and poverty the contributors raise a number of theoretical and methodological issues associated with a social harm approach Only once we have identified the origins scale and consequences of social harms they argue can we begin to formulate possible responses and these are more likely to be located in public and social policy than in the criminal justice system The book provides an original and challenging new perspective that goes beyond criminology one which will be of interest to students teachers and policy makers **Advancing the Campaign Against Child Labor** ,2002 *Advancing the Campaign Against Child Labor, Vol. 2, Etc., 2002* ,2003 Gangs and Girls Michel Dorais,Patrice Corriveau,2009-01-19 They discuss how young men are drawn to gang life how young girls become attracted and attached to the gang members who eventually sell them into prostitution and why it is so hard to infiltrate and dismantle the distinct but interrelated worlds of the procurer victim and client Rooted firmly in first person testimony this research deepens our understanding of juvenile prostitution by identifying and exploring the types of motivations and circumstances that lead teenagers into prostitution rings **The Global Victimization of Children** Clayton A. Hartjen,S. Priyadarsini,2012-01-02 This book describes the concept of child victimization in all its facets Millions of young people throughout the world face violence sexual physical and emotional abuse and exploitation on a daily basis The worldwide victimization of young people can be prevented or at least

its incidence can be greatly reduced if purposeful action is taken to do so This volume researches and documents some of the ways in which young people throughout the world are victimized and suggests strategies for preventing various forms of child victimization Eight distinct forms of victimization are identified and analyzed in detail Included are discussions on child prostitution and pornography economic exploitation through child labor and trafficking physical and other abuse inflicted on young people in schools and other institutions the use of children as armed combatants and the denial of the basic needs and rights of children to such things as home and to education In each chapter the authors discuss the nature of the victimization its global dimensions and prevalence and the measures governments and or others are taking or failing to take to combat the harm based on the concept that youth victimization is a form of government crime
