Profiting from Emerging Market Stocks Mitchell J. Posner, 1998 An increasingly open global economy multiplies excellent investment opportunities abroad This easy to understand book presents savvy advice with dozens of real world examples for any investor going global

Stock Market Trading Rules Philip Jenks, Stephen Eckett, 2012-01-11 Back in 2001 The Harriman House Book of Investing Rules was compiled and published The project was a huge success the rules provided by the contributors were fascinating insightful and entertaining and for the first time the book pooled together collected wisdom of 150 of the world's greatest traders in one place One of the many strengths of the rules that were written for and included in the original publication was their timeless quality these gems of investing and trading wisdom apply to a range of markets across a spread of time periods and are not confined to one market or one set of circumstances And so it is that the decision was made to republish the original rules in a more condensed form and in a new format In this eBook you will find just that 80 sets of trading rules from expert international traders As with the original publication these rules provide condensed knowledge from experts about what they consider to be the key determinants of trading success You will notice that the experts do not agree this is intentional as trading is a diverse and conflicting pursuit and you will notice that the rules are not comprehensive this is also intentional as this is a reference guide to be dipped into and to encourage you to take up further reading elsewhere on subjects that appeal to you Traders of all experience levels will find these rules useful in clarifying aspects of their trading approach The original publication of 150 rules is also available as an eBook from all good online retailers www.harrimanhouse.com/investingrules

Investment University's Profit from Uranium Investment U, Alexander Green, Horacio Márquez, Louis Bass, Mark Whistler, 2007-04-10 Proven ways to profit from the most critical energy shortage in history At a time when commodities have taken a hefty hit crude oil has dropped 28.8% from its high on May 2 gold is down more than 25% and natural gas has corrected 49.5% one commodity is moving higher by the day The fact is this wonder metal uranium is not only moving up it's continued to set record highs throughout 2006 even during the most severe market corrections It's up more than 50% this year and a staggering 435% since 2003 and as the Investment U research team knows chronic supply shortages and unprecedented demand mean this boom is far from over Investors willing to take immediate action on this unprecedented opportunity are in for the ride of their lives and Investment U's Profit from Uranium is the perfect roadmap As part of a new Investment U series created for the savvy investor Investment U's Profit from Uranium provides you with the top picks and key strategies to take 3 150% returns or more from the most critical energy crisis in world history While the facts are clear and the time is right only investors who follow the advice found here will be prepared to capture the incredible profits that uranium has to offer

Investment University's Profit from China Investment U, Alexander Green, Horacio Márquez, Louis Bass, Mark Whistler, 2007-04-10 Profit from the record growth of one of the hottest markets in the world China's economy keeps on revving at record breaking speed turning its factories and 1.3 billion

people into bottomless pits of consumption For investors this is nothing short of the opportunity of a lifetime Those who are first to recognize the prime movers and building blocks of this enormous growth will surely take the lion's share of the profits That's exactly why Investment U has created this special time sensitive report Investment U's Profit from China will show you precisely how and where to take advantage of the raging Chinese economy It includes four investment recommendations so closely tied to this record growth that you'll want to add them to your portfolio immediately But Investment U's Profit from China doesn't stop there it will also introduce you to an exclusive can't miss strategy for making sure that you get out of these investments with profits intact Investors may never again have a chance at a windfall like the one offered by the booming Chinese economy But with this report from Investment U as your guide you'll learn exactly how to take advantage of such an opportunity
