Beautiful Untrue Things Gregory Mackie, 2019-05-09 Borrowing its title from Oscar Wilde's essay *The Decay of Lying* this study engages questions of fraudulent authorship in the literary afterlife of Oscar Wilde The unique cultural moment of Wilde's early twentieth century afterlife Gregory Mackie argues afforded a space for marginal and transgressive forms of literary production that ironically enough Wilde himself would have endorsed *Beautiful Untrue Things* recovers the careers of several forgers who successfully inhabited the persona of the Victorian era's most infamous homosexual and arguably its most successful dramatist More broadly this study tells a larger story about Oscar Wilde's continued cultural impact at a moment when he had fallen out of favour with the literary establishment It probes the activities of a series of eccentric and often outrageous figures who inhabited Oscar Wilde's much mythologized authorial persona in forging him they effectively wrote as Wilde in order to argue that literary forgery can be reimagined as a form of performance But to forge Wilde and generate beautiful untrue things in his name is not only an exercise in role playing it is also crucially a form of imaginative world making resembling what we describe today as fan fiction

Integrative Problem-Solving in a Time of Decadence George Christakos, 2010-12-10 Presents a unique study of Integrative Problem Solving IPS The consideration of Decadence is essential in the scientific study of environmental and other problems and their rigorous solution because the broad context within which the problems emerge can affect their solution Stochastic reasoning underlines the conceptual and methodological framework of IPS and its formulation has a mathematical life of its own that accounts for the multidisciplinary of real world problems the multisourced uncertainties characterizing their solution and the different thinking modes of the people involved Only by interpolating between the full range of disciplines including stochastic mathematics physical science neuropsychology philosophy and sociology and the associated thinking modes can scientists arrive at a satisfactory account of problem solving and be able to distinguish between a technically complete problem solution and a solution that has social impact

bodied norm Queer artists today respond to social stigma in multiple creative ways for example by transforming negative affect fostering a politics of care and rewriting history This volume considers how feminist queer and trans musicians filmmakers curators and performance artists contribute to popular culture It explores the many ways of relating to difference however this is conceived that their contributions enable What affects do their works engender How do they rouse their audience and to what ends How do they fabricate and circulate provocative messages about new forms of gender race class and desire What other visions do they inspire *Human Rights in Criminal Procedure* John Albert Andrews, United Kingdom National Committee of Comparative Law, 1982-05-26 Revised papers from a conference organised by the United Kingdom National Commission on Comparative Law at Manchester 1978 Modern Sentimentalism Lisa Mendelman, 2019-12-17 Modern Sentimentalism examines how American female novelists reinvented sentimentalism in the modernist period Just as the birth of the modern woman has long been imagined as the death of sentimental feeling modernist literary innovation has been understood to reject sentimental aesthetics Modern Sentimentalism reframes these perceptions of cultural evolution Taking up icons such as the New Woman the flapper the free lover the New Negro woman and the divorcee this book argues that these figures embody aspects of a traditional sentimentality while also recognizing sentiment as incompatible with ideals of modern selfhood These double binds equally beleaguer the protagonists and shape the styles of writers like Willa Cather Edith Wharton Anita Loos and Jessie Fauset Modern sentimentalism thus translates nineteenth century conventions of sincerity and emotional fulfillment into the skeptical self-conscious modes of interwar cultural production Reading canonical and under examined novels in concert with legal briefs scientific treatises and other transatlantic period discourse and combining traditional and quantitative methods of archival research Modern Sentimentalism demonstrates that feminine feeling far from being peripheral to twentieth century modernism animates its central principles and preoccupations

correctness creates but a dream world made of rules policies and words no more real than when he dreamt he was a butterfly Written in a provocative tone this book looks at political correctness through the lens of ancient Chinese philosophy as well as through Brummell's and Wilde's aesthetic philosophy of dandyism Several scholars have established links between Zhuangzi and dandyism and Wilde wrote one of the first reviews of Herbert Giles's English translation of the Zhuangzi Like Daoism dandyism does not engage in a Confucian correction of language instead preferring aimless roaming and rambling The Daoist carefree wanderer is a flâneur and both Daoist and dandy deconstruct the puritanism and correctness sought by Confucianism Victorianism and our contemporary neoliberal culture Instead of seeking to induce correct opinions they seek to liberate the mind

Performing the Queer Past Fintan Walsh, 2023-08-24 Tender and rigorous this book invites readers to linger with difficult pasts and consider how best to grasp their hauntings demands and manifestations in the present This is a book about mourning as well as holding a simultaneous act of exhumation and a laying to rest Anna Six author of Madness Art and Society Beyond Illness This is an extraordinary book in which queer theatre and performance become sites of celebration and resistance as well as holding the potential for performers and audiences to work through painfully felt yet difficult to articulate experiences towards feelings of hope Replete with rigorous generous and creative readings it is also a meditation on Walsh's own emotional engagement with queer theatre and performance and how our cultural attachments can sustain enliven and contain us Noreen Giffney psychoanalytic psychotherapist and author of The Culture Breast in Psychoanalysis Why do contemporary queer theatre and performance appear to be possessed by the past What aesthetic practices and dramaturgical devices reveal the occupation of the present by painful history How might the experience of theatre and performance relieve the present of its most arduous burdens Following recent legislation and cultural initiatives across many Western countries hailed as confirming the darkest days for LGBTQ people were over this book turns our attention to artists fixed on history's enduring harm Guiding us through an eclectic range of examples including theatre performance installation and digital practices Fintan Walsh explores how this work reckons with complex cultural and personal histories Among the issues confronted are the incarceration of Oscar Wilde the Holocaust racial and sexual objectification the AIDS crisis and Covid 19 alongside more local and individual experiences of violence trauma and grief Walsh traces how the queer past is summoned and interrogated via what he elaborates as the aesthetics and dramaturgies of possession which lend form to the still stinging aches and generative potential of injury injustice and loss These strategies expose how the past continues to haunt and disturb the present while calling on those of us who feel its force to respond to history's unresolved hurt
