[The Techniques of Astral Projection](#) Dr. Douglas M. Baker, 2014-07-08 The author's techniques for achieving astral projection are illustrated with 22 pen and ink line drawings by one of England's leading book illustrators The techniques described are based on the many hundreds of lectures presented by him to audiences in England and the USA Dr Baker relates case histories demonstrating the reality of astral projection He then describes in detail the techniques for bringing the physical body out of alignment with the astral as a precursor to increasing consciousness in the astral world Using his own experiences of the astral world he offers a description of what we may expect there

The Phenomena of Astral Projection Sylvan Muldoon, 2013-05-31 Astral projection is an interesting subject with some people convinced of its validity With this historic guide to the topic you can read how it was viewed at the turn of the 20th century during the peak of spiritualism

How to Experience Safe and Fulfilling Astral Projection Richard Armand, 2018-11-23 The astral projection is a unique way of living great adventures without moving from your bed or your chair This phenomenon is known as astral travel but it doesn't imply any movement in the physical sense of the word In fact the astral projection or astral travel is a temporary separation of your astral body from your physical body It is a transfer from a physical plane to an astral plane But WHO travels if it's not the physical body Let's take a look at the subtle composition of a human being just like the universe is made up of different planes or levels the physical plane the astral plane etc every human being is made up of several bodies

that form a layered structure Different layers surround the physical body in the following order the physical body the etheric body the astral body the mental body the causal body the Buddhist body or supra mental the divine body or atmic body When we make the decision to astral project it is of course the astral body that travels alone leaving the physical body behind This is why the phenomenon is also known as out of body experience You might want to know that the astral entities that you come across during your journey are not auras as some people think they are the astral bodies of different living or deceased beings They can be human beings or animals for that matter Do you find this intriguing but also a little worrying Well you are not the only one I don't think any astral traveler could claim they never felt the slightest apprehension The first fear everyone faces is not being able to return to one's physical body Making bad encounters is also a major concern to most people Although in theory accidents may happen this book will show you that in reality if you follow the proper techniques it is impossible for these unwanted events to occur during your astral projection If you feel an apprehension don't try to deny it it is a natural reaction But mastering a few safe techniques will make the fear disappear just as naturally as it appeared The purpose of this book is to teach you the right methods for safely undertaking out of body experiences It's a guide to traveling in the astral plane in a completely safe way even if you have NEVER tried it before You will learn how to start an astral projection without having any prior experience it's quite possible for a total beginner to embark on this new adventure However don't take things too lightly You don't start an astral projection as easily as you start a car You will learn the easiest and fastest projecting techniques but you will also be warned about those you must avoid if you are tired or under pressure at the end of a stressful day for example You will read about the possible encounters in the astral realm how to deal with them and how to make sure that nothing and no one can ever disturb you Most importantly you will learn everything about the unknown benefits of astral projection what they are and how you can empower yourself and literally improve your everyday life using this extraordinary experience This is the english version of one of Richard Armand's best selling ebooks he is a French author his books on astral traveling and extrasensory phenomena have been a great success in France in the past years

The Guide to Astral Projection Justin Rob, 2014-12-08 Astral Projection Astral projection refers to an out of body experience OBE during which the soul leaves the physical body and travels to the astral plane People often experience this state during illness or when involved in a near death experience but it is also possible to practice astral projection at will Astral projection or astral travel is an interpretation of out of body experience OBE that assumes the existence of an astral body separate from the physical body and capable of travelling outside it Astral projection or travel denotes the astral body leaving the physical body to travel in an astral plane The idea of astral travel is rooted in common worldwide religious accounts of the afterlife in which the consciousness or soul's journey or ascent is described in such terms as an out of body experience wherein the spiritual traveller leaves the physical body and travels in his/her subtle body or dreambody or astral body into higher realms with this ebook A complete guide for astral projection
