**Echo Chamber** Kathleen Hall Jamieson, Joseph N. Cappella, 2008-07-22 Kathleen Hall Jamieson and Joseph Cappella two of the nation's foremost experts on politics and media offers a searching analysis of the conservative media establishment from talk radio to Fox News to the editorial page of *The Wall Street Journal* *Echo Chamber* is the first serious account of how the conservative media arose what it consists of and how it operates Jamieson and Cappella find that Limbaugh Fox News and *The Wall Street Journal* opinion pages create a self-protective enclave for conservatives shielding them from other information sources and promoting highly negative views toward conservatism's political opponents A thoughtful and incisive study *Echo Chamber* offers the most authoritative and insightful account of this revolutionary phenomenon and its indelible effect on the American political landscape      Weekly Compilation of Presidential Documents , 1995      *Journey of Purpose*

Paul Tsongas, 1996-01-11 In this inspiring book one of the most respected senior figures in American politics defines his political philosophy for the country as we approach the end of the twentieth century For many years Paul Tsongas the former United States senator from Massachusetts and 1992 Democratic presidential candidate has stressed the virtues of economic growth fiscal responsibility and social inclusiveness He now tells us how we can achieve these goals if responsible politicians and ordinary citizens view the future as a journey of purpose Tsongas begins with a personal account of his 1992 political campaign revealing why he entered the race for president how he felt as the campaign foundered for lack of funds and the lessons he learned He next discusses the need for a multicultural meritocracy in the United States presenting his opinions on gays in the military affirmative action and other controversial subjects Finally he offers his interpretation of the 1994 election that swept the Republican Party into power in both the Senate and House asserting that the election should be seen not as a mandate for Republican ideology but rather as a massive rejection of Democratic policy Tsongas suggests that there is a vast number of Americans who are socially liberal and fiscally conservative who are not satisfied with the programs of either major party and whose needs might be filled by a third party and he articulates principles that this party might follow He concludes by challenging America's young people to broaden the view of who Americans are and what Americans can be to make their own lives a journey of purpose      **Kiss the Boys Goodbye** Monika Jensen-Stevenson, William

acclaimed political writer John Ganz tells the story of America's late century discontents. Ranging from upheavals in Crown Heights and Los Angeles to the advent of David Duke and the heartland survivalists, the broadcasts of Rush Limbaugh and the bitter disputes between neoconservatives and the paleo-cons right, Ganz immerses us in a time when what Philip Roth called the indigenous American berserk took new and ever wilder forms. In the 1992 campaign, Pat Buchanan's and Ross Perot's insurgent populist bids upended the political establishment all while Americans struggled through recession, alarm about racial and social change, the specter of a new power in Asia, and the end of Cold War era political norms. Conspiracy theories surged, and intellectuals and activists strove to understand the Middle American Radicals whose alienation fueled new causes. Meanwhile, Bill Clinton appeared to forge a new vital center, though it would not hold for long. In a rollicking eye-opening book, Ganz narrates the fall of the Reagan order and the rise of a new and more turbulent America. *New York Magazine*, 1992-07-20.
