Roundtable Conversations With European Theologians:

Roundtable Michael Bauman, 2005-01-01 Thomas F. Torrance and Evangelical Theology Myk Habets, R. Lucas Stamps, 2023-05-17 Thomas F Torrance invites evangelicals to think more Christianly Thomas F Torrance and Evangelical Theology A Critical Analysis brings Torrance into closer conversation with evangelical theology on a range of key theological topics Thomas F Torrance and the Evangelical Tradition Thomas A Noble Torrance The Tacit Dimension and The Church Fathers Jonathan Warren P Pag n Torrance and the Doctrine of Scripture Andrew T B McGowan Revelation Rationalism and an Evangelical Impasse Myk Habets Theology and Science in Torrance W Ross Hastings A Complexly Relational Account of the Imago Dei in Torrance s Vision of Humanity Marc Cortez Barth Torrance and Evangelicals Critiquing and Reinvigorating the Idea of a Personal Relationship with Jesus Marty Folsom Torrance and Atonement Christopher Woznicki Torrance and Christ s Assumption of Fallen Human Nature Toward Clarification and Closure Jerome Van Kuiken Torrance Theosis and Evangelical Reception Myk Habets Thinking and Acting in Christ Torrance on Spiritual Formation Geordie W Ziegler Seeking Love Justice and Freedom for All Using the Work of T F and J B Torrance to Address Domestic and Family Violence Jenny Richards Toward a Trinitarian Theology of Work Peter K W McGhee Torrance and Global Evangelicalism Some Potential Generative Exchanges with Contemporary Indian Evangelical Theology Stavan Narendra John Thomas Forsyth Torrance 1913 2007 was one of the most important theologians of the twentieth century yet his work remains relatively neglected by evangelicals A diverse collection of contributors engage Torrance s pioneering and provocative thought deriving insights from theological loci such as Scripture Christology and atonement as well as from broader topics like domestic violence and science These stimulating essays reveal how Torrance can help evangelical theologians articulate richer and deeper theology

Revelation in a Pluralistic World Louis Roy, 2022-08-25 Since the Enlightenment the churches have progressively suffered a severe loss of status because of their belief that revelation is realized only in Christianity The suggestion that Christian revelation might be truer than other so called revelations seems to be preposterous This book argues that this insistence has often remained unnuanced and simplistic with the consequence that not only unbelievers as well as believers of other religions but even numerous Christians no longer agree with the primacy of a truth revealed in Jesus Christ The book addresses the difficulties affecting the interpretation of belief given modernity s concerns The volume sets out a provisional synthesis on revelation and it makes available much expository and historical information It correlates distinctions between pair members such as the natural and the supernatural conceptualism and intellectualism heart and reason subjectivity and objectivity limited perspective and universal viewpoint permanence of doctrine and historicity Christian and non Christian claims regarding truth revelation and divine speech moderate and radical pluralism Jesus absolutized and Jesus relativized The thrust of the argument is towards an appropriation of what is best in ancient medieval and modern traditions on revelation This book delineates in an original way a position on revelation that is at once traditional and relevant for today It

accepts many values brought to the fore by modernity and draws from exegetes historians philosophers and theologians Its inspiration comes principally from the Bible Thomas Aquinas John Henry Newman and Bernard Lonergan *T. F. Torrance as Missional Theologian* Joseph H. Sherrard,2021-06-01 What contribution can T F Torrance make to the discussion of a missional view of the church Theologian and pastor Joseph Sherrard considers how Torrance s theology can inform the church s understanding of its ministry and mission in particular his appeal to the church s participation in the ascended Christ s threefold office as king prophet and priest *Theosis in the Theology of Thomas Torrance* Myk Habets,2016-02-17 Torrance s vision of Theosis deification divinisation is explored through his doctrine of creation and anthropology his characterisation of the incarnation his accounts of reconciliation and union with Christ and his theology of church and sacraments Myk Habets study distinguishes Torrance s Reformed vision of theosis from other possible accounts of salvation as divinisation as they are found for instance within patristic thought and Eastern Orthodoxy This book presents the first critique of the theology of T F Torrance to focus on theosis and examines a model of theosis within the realm of reformed theology built upon Western theology *Trinitarian Grace and Participation* Geordie W. Ziegler,2017-02-01 Geordie W Ziegler offers an exploration of the concept of grace in the thought of T F Torrance and what it means for understanding the Christian life as participation in Christ s ongoing humanity He clarifies Torrance s claim that Christ s vicarious humanity intensifies rather than lessens the necessity of human response to God in sacrificial and Christ like service Specifically Ziegler demonstrates the centrality of Torrance s concept of grace across the dogmatic spectrum and argues that grace for Torrance is a downward twofold movement from and to the Father through the Son in the Spirit This understanding of grace distinctly defines the Christian life as the gift of sharing in the Son s relation with the Father through the Spirit This project is distinct in that it articulates a Trinitarian approach to grace which spans the entire dogmatic spectrum Part One considers grace as a movement of the Trinity expressed in the economy of salvation Part Two applies this understanding of grace to the human person It traces the way in which human beings through the Holy Spirit participate in Christ s Sonship within the three concentric levels of anthropology ecclesiology and personal formation in Christ *Thomas F. Torrance's Theology of the Ascension* Stavan Narendra John,2025-05-29 The ascension is a crucial doctrine integrally related to the incarnation When it is underemphasized it results in an impoverishment of our theology of Christ the church human beings and eschatology T F Torrance s theology offers a compelling vision and holistic doctrine of the ascension that notwithstanding its flaws deserves a careful and detailed examination Torrance develops a holistic account of the ascension by considering the ontology spatiality and present ministry of the ascended Jesus What results is a theological construction that affirms the ascended body of Christ and understands the Lord to be currently serving as our human representative in a ministry of priestly intercession prophetic declaration and ascended kingship Torrance is able to do this without succumbing to literalism space travel demythologization metaphorical reading or Pelagianism human effort based sanctification and

glorification This book interprets and then develops Torrance's theology of the ascension in critical dialogue with contemporary theological interlocutors **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA **Covenant Theology** Guy Prentiss Waters, J. Nicholas Reid, John R. Muether, 2020-10-16 A Comprehensive Exploration of the Biblical Covenants This book forms an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life A host of 26 scholars shows how covenant is not only clearly taught from Scripture but also that it lays the foundation for other key doctrines of salvation The contributors who engage variously in biblical systematic and historical theology present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative As students pastors and church leaders come to see the centrality of covenant to the Christian faith the more the church will be strengthened with faith in the covenant keeping God and encouraged in their understanding of the joy of covenant life **Communion with the Triune God** Dick O. Eugenio, 2014-03-03 The revival of Trinitarian studies in the twentieth century ushered in a new era of theological innovation The renewed and dedicated articulation of the Trinity as a doctrine in its own right is indeed noteworthy but more important and praiseworthy are the recent endeavors of theologians in integrating the doctrine of the Trinity with other Christian doctrines and with the many variegated aspects of the life and ministries of the church Today it is common to encounter the term Trinitarian being used as a modifier Trinitarian worship Trinitarian ecclesiology etc This book presents Thomas F Torrance as a participant theologian in this integrative paradigm Because Torrance argues that the Trinity is the ground and grammar of theology his doctrine of salvation is consistently Trinitarian But how did he formulate his unique Trinitarian soteriology This book attempts to spell this out **Thomas F. Torrance** Paul D. Molnar, 2016-02-17 This book provides an important study of the theology of Thomas F Torrance who is generally considered to have been one of the most significant theologians writing in English during the twentieth century with a view toward showing how his theological method and all his major doctrinal views were shaped by his understanding of the doctrine of the Trinity Torrance pursued a theology that was realist because he attempted to think in accordance with the unique nature of the object that is known In holding to such

a methodology he drew an analogy between theology and natural science This book demonstrates how for Torrance God relates with humanity within time and space so that creation finds its meaning in relation to God and not in itself this enabled him to avoid many theological pitfalls such as agnosticism subjectivism and dualism while explaining the positive implications of various Christian doctrines in a penetrating and compelling manner This book offers an important resource for students of theology and for scholars who are interested in seeing how serious dogmatic theology shapes and should shape our understanding of the Christian life

The Nature of Doctrine in T.F. Torrance's Theology Elmer M. Colyer, 2001-11-09

Thomas F Torrance is considered by many to be the most important English speaking theologian of the last fifty years Torrance has written extensively over six hundred items on nearly every theme in theology especially theological method and the nature of theology Yet little secondary literature about his theology has been published to date The significance of this book by Elmer M Colyer is that it discusses a theme the nature of doctrine that takes readers into the heart of Torrance s critical realist epistemology theological method and understanding of the nature and purpose of theology Colyer also contributes significantly to the ongoing conversation concerning the nature of doctrine since Torrance s understanding of doctrine moves considerably beyond the work of George Lindbeck The Nature of Doctrine and Alister McGrath The Genesis of Doctrine in this area

Christology From Within and Ahead Mark Chan, 2021-10-01

Troeltsch s struggle with historicism sets the stage for a proposal that Christology be done from within and from ahead Gadamer s philosophical hermeneutics and Schleiermacher s experiential theology inform a Christology from within that is rooted in tradition and experience while Pannenberg s notion of proleptic eschatological fulfilment serves as resource for a Christology from ahead This volume develops a hermeneutical Christology that takes into account the historical contingency of knowledge and seeks a Christology beyond the objectivism of timeless truth and the relativism of absolutised contextuality The book is concluded with an examination of the convergence of critical traditionality experiential appropriation and eschatological prolepsis in the Christology of the apostle Paul The author explores how Christology might respond to the scandal of universality in postmodernity without defaulting on its claim to transcontextual referentiality

T. F. Torrance Alister E.

McGrath, 2006-03-23 T F Torrance is widely regarded as the most significant British academic theologian of the twentieth century He is especially noted for his ground breaking contribution to the study of the relationship of Christian theology and the natural sciences He is unquestionably one of the most prolific of theological writers and is the most senior member of the nearest thing to a theological dynasty that Great Britain has ever produced Here Alister McGrath himself one of this country s leading theologians traces the development of Torrance s theological thought and provides a comprehensive account of his life and career Particular attention is paid to the important role played by Torrance in the English language reception of the theology of Karl Barth and to his pioneering engagement with the relation between theology and science While making extensive reference to Torrance s published works McGrath also draws on important unpublished writings and private papers

The book contains many unpublished photographs together with a complete bibliography of Torrance's works *Introduction to Biblical Interpretation (Foundations for Spirit-Filled Christianity)* Jacqueline Grey, Paul W. Lewis, 2024-09-24 This introduction to biblical interpretation expands the interpretive task to encompass both comprehension of the Bible's content and active participation in God's redemptive plan. The authors help readers engage with the beauty of God's Word and read it holistically for their intellectual and spiritual growth. They address the nature of interpretation, emphasize the Holy Spirit's role in the production, interpretation, and application of the Bible as a communication of the triune God, and explore the Bible's genres and historical contexts through the lens of God's redemptive story. They also provide principles and accessible guidelines for biblical interpretation in global contexts, including a simple outline for beginning students to follow as they start interpreting and applying Scripture. Above all, the authors emphasize the transformative nature of reading Scripture. This series reflects the changing face of global Christianity. Series volumes highlight themes of interest to Pentecostal/Charismatic students; however, the books are respectful and inclusive of a variety of church traditions. Series editors are Jerry Ireland, Paul W. Lewis, and Frank D. Macchia **Evangelical Dictionary of Theology** Walter A. Elwell, 2001-05 This thoroughly updated edition of a standard reference tool covers systematic, historical, and philosophical theology as well as theological ethics **German Idealism's Trinitarian Legacy** Dale M. Schlitt, 2016-10-20 Dale M. Schlitt presents a study of trinitarian thought as it was understood and debated by the German Idealists, broadly engaging Schelling's philosophical interpretations of Trinity as well as Hegel's and analyzing how these Idealist interpretations influenced later philosophers and theologians. Divided into different sections, one considers nineteenth-century central Europeans: Philipp Marheineke, Isaak August Dorner, and Vladimir Sergeyevich Solovyov under the rubric "Testimonials." Another section studies twentieth-century Germans: Karl Barth, Karl Rahner, and Wolfhart Pannenberg, who share family resemblances with the Idealists; and a third addresses the work of twentieth and twenty-first-century Americans: Robert W. Jenson, Catherine Mowry LaCugna, Joseph A. Bracken, and Schlitt himself, whose work reverberates with what Schlitt terms "transatlantic Idealist echoes." The book concludes with reflection on the overall German Idealist trinitarian legacy, noting several challenges it offers to those who will pursue creative trinitarian reflection in the future Resurrection, Apocalypse, and the Kingdom of Christ Stanley S. MacLean, 2012-04-19 In recent decades, few Christian themes have attracted as much attention as that of eschatology or Christian hope. *Resurrection, Apocalypse, and the Kingdom of Christ* explores the meaning of this theme for Thomas F. Torrance, one of the twentieth century's leading theologians. This study, the first of its kind, brings Torrance's eschatology to light through an exploration of the whole range of his corpus, including sermons, lectures, and correspondence. It also demonstrates that his eschatology is molded by momentous historical events such as World War II, the spread of communism, and the ecumenical movement. Out of all this, we realize that eschatology is a central component of Torrance's theology so much so that it conditions his thinking on other Christian doctrines *Befreiung Am Ende? Am Ende Befreiung!*

Europäische Gesellschaft für die Theologische Forschung von Frauen. Internationale Konferenz, Charlotte Methuen, Angela Berlis, 2002 This volume collects the key note addresses on feminist theology and feminist theory given at the international conference of the ESWTR held in Salzburg in August 2001 together with other papers given at that conference and relating to this theme It explores the interactions between liberation theology and feminist theory in European and other contexts considering particularly aspects crossing boundaries gender national disciplinary The papers are complemented by a comprehensive bibliography of relevant literature and by an extensive review section *The Trinitarian Faith* Thomas F. Torrance, 2016-03-24 Cutting across the divide between East and West and between Catholic and Evangelical Thomas F Torrance illuminates our understanding of the doctrine of the Holy Trinity Torrance combines here the Gospel and a theology shaped by Karl Barth and the Church Fathers and offers his readers a unique synthesis of the Nicene Creed This volume remains a tremendously helpful resource on the doctrine of the Trinity and the Nicene Creed The new introduction for this Cornerstones edition is written by Myk Habets the leading Thomas F Torrance scholar today
