Rowland Hill and the Fight for Penny Post, Etc. [With Plates, Including a Portrait.]. Henry Warburton HILL, Sir Rowland Hill, 1940 **Posting It** Catherine J Golden, 2009-10-04 Although snail mail may seem old fashioned and outdated in the twenty first century Catherine Golden argues that the creation of the Penny Post in Victorian England was just as revolutionary in its time as e mail and text messages are today Until Queen Victoria instituted the Postal Reform Act of 1839 mail was a luxury affordable only by the rich Allowing anyone from any social class to send a letter anywhere in the country for only a penny had multiple and profound cultural impacts Golden demonstrates how cheap postage which was quickly adopted in other countries led to a postal network that can be viewed as a forerunner of computer mediated communications Indeed the revolution in letter writing of the nineteenth century led to blackmail frauds unsolicited mass mailings and junk mail problems that remain with us today Cosmopolitan ,1893 *The Cosmopolitan* ,1893 **Punch, Or, The London Charivari** ,1844 **Punch** ,1844 **A history of our own times. Parliament, 1838 **The International Distribution of News** Jonathan Silberstein-Loeb, 2014-02-24 Based on newly available and extensive archival evidence this book traces the history of international news agencies and associations around the world from 1848 to 1947 Jonathan Silberstein Loeb argues that newspaper publishers formed news associations and patronized news agencies to cut the costs of news collection and exclude competitors from gaining access to the news In this way cooperation facilitated the distribution of news The extent to which state regulation permitted cooperation or prohibited exclusivity determined the benefit newspaper publishers derived from these organizations This book revises our understanding of the operation and organization of the Associated Press the BBC the Press Association Reuters and the United Press It also sheds light on the history of competition policy respecting the press intellectual property and the regulation of telecommunications *The London Blue Plaque Guide* Nick Rennison, 2009-05-29 Connecting people with places London s distinctive Blue Plaque scheme highlights the buildings where some of the most remarkable men and women in our history and culture have lived and worked From Richard Burton to Karl Marx Marie Stopes to Jimi Hendrix this fully
