Royal Air Force 1939 1945:

Royal Air Force Handbook, 1939-1945 Chaz Bowyer, 1984 Beskrivelse af RAF under 2 verdenskrig **Royal Air Force, 1939-1945** Denis Richards, Hilary Aidan St. George Saunders, 1974 A Time for Courage John Terraine, 1985 **Royal Air Force, 1939-1945** Denis Richards, Hilary Aidan St. George Saunders, 1954 *Royal Air Force, 1939-1945: The fight is won, by H. St. G. Saunders* Denis Richards, 1953 *The Right of the Line* John Terraine, 1998-02-19 This text is Jones's account of his part in British Scientific Intelligence between 1939 and 1949. It was his responsibility to anticipate German applications of science to warfare so that their new weapons could be countered before they were used. Much of his work had to do with radio navigation as in the Battle of the Beams with radar as in the Allied Bomber Offensive and in the preparations for D Day and in the war at sea. He was also in charge of intelligence against the V 1 flying bomb and the V 2 rocket retaliation weapons and although the Germans were some distance behind from success against their nuclear developments.

Royal Air Force, 1939-1945: The fight at odds, by D. Richards Denis Richards, 1953 **The Flyer** Martin Francis, 2011-05-19 Between 1939 and 1945 the British public was spellbound by the martial endeavours and dashing style of the young men of the RAF especially those with silvery fabric wings sewn above the breast pocket of their glamorous slate blue uniform. Martin Francis provides the first scholarly study of the place of the flyer in British culture during the Second World War. Examining the lives of RAF personnel and their popular representation in literary and cinematic texts, he illuminates broader issues of gender, social class, national and racial identities, emotional life and the creation of a national myth in twentieth-century Britain. In particular, Francis argues that the flyer's relationship to fear, aggression, loss of his comrades, bodily dismemberment and psychological breakdown reveals broader ambiguities surrounding the dominant understandings of masculinity in the middle decades of the century. Despite his star appeal, cultural representations of the flyer encompassed both the gentle chivalrous warrior and the uncompromising agent of destruction. Paying particular attention to the romantic universe of wartime aircrew, Francis reveals the extraordinary contrasts of their daily lives: dicing with death in the sky one moment before sitting down to lunch with wives and children in the next. Male and female experiences during the war were not polarized and antithetical but were complementary and interrelated, a conclusion which has implications for the history of gender in modern Britain that reach well beyond either the specialized military culture of the wartime RAF or the chronological parameters of the Second World War. **Royal Air Force, 1939-1945, etc** Great Britain.
