Royal Bhutan A Political History:

Royal Bhutan Ram Rahul, 1983 Political history of Bhutan **Royal Bhutan** Ram Rahul, 1997 *A Political & Religious History of Bhutan, 1651-1906* C. T. Dorji, 1995 Chiefly covers the period from early to 1906 **Paradigms and Public Sector Reform** Lhawang Ugyel, 2016-10-06 This book describes the administrative system of Bhutan Divided into two main parts the first part of the book describes the Bhutanese public administration by examining the various paradigms and ideal types of public administration Chapters examine the paradigms and ideal types in the field of public administration and the paradigm concept helps in explaining the dynamics and the interaction of the application of public sector reforms within the context of the ideal types Based on the historical and recent reforms the Bhutanese administrative system has been mapped onto the ideal type typology to show hybridity with a mix and layering of characteristics of paradigms The second part of the book examines the dynamics of implementing and evaluating the Position Classification System PCS This part includes chapters which evaluate the PCS and discusses the dynamics of the reform It synthesizes the findings of the implementation of the PCS and connects it to the broader discussions on public sector reforms It discusses the trajectory of public sector reform and the points of convergences and divergences within this trajectory **The Royal Semi-Authoritarian Democracy of Bhutan** Dhurba Rizal, 2015-07-22 The book puts into plain words a changing dimension of politics in a traditional regime and offers an insight into the emerging transition to royal semi authoritarian democracy in Bhutan Bhutan represents a political system which coalesces the rhetorical acquiescence of democracy with illiberal authoritarian attributes under the former royalist shadow Royal democracy is a myth and only paints the frontage of democracy The smokescreen of this kind of authoritarian regime is not yet democracy but is instead a new form of semi authoritarian rule The political reforms in Bhutan were orchestrated by the traditional regime and elites in a traditional society as a tightly controlled top down process without devolution of power outside the regime Royal Democracy can best be understood as an attempt to construct a political regime that impersonates democratic institutions but works outside the logic of political representation and seeks to repress any vestige of genuine political pluralism Exploring the authoritarian logic behind the democratic rhetoric is especially important for Bhutan which is today glorified by the UN as The Mecca of Gross National Happiness and depicted by many as a model of top down democracy on popular media and in academia Holding State controlled elections alone does not create a cure for deeper political economic and social predicaments besetting Bhutan and does not create a solid foundation for democratic transition The glitter of royal semi authoritarian democracy is a Jigmeocracy an old Jigme s system with new labels a classic case of transition from a traditional regime in a traditional society *The Cold War* Spencer C.
