Seminole Skies:

Seminole Skies Paul Joseph Lederer,1983-05-03 Shanna and her younger sister are captured by the ruthless Seminoles to serve as slaves Shanna refuses to surrender to despair A legendary warrior turns her hate into love The Seminoles of Florida Minnie Moore-Willson,1914 *Seminole Skies* Paul J. Lederer,1983-05-03 Shanna is captured and enslaved by the Seminole Indians but finds herself falling in love with the powerful warrior Yui **Spirits of Blood, Spirits of Breath** Barbara Alice Mann,2016-01-06 Before invasion Turtle Island or North America was home to vibrant cultures that shared long standing philosophical precepts The most important and wide spread of these was the view of reality as a collaborative binary known as the Twinned Cosmos of Blood and Breath This binary system was built on the belief that neither half of the cosmos can exist without its twin Both halves are therefore necessary and good Western anthropologists typically shorthand the Twinned Cosmos as Sky and Earth but this erroneously saddles it with Christian baggage and worse imposes a hierarchy that puts sky quite literally above earth None of this Western ideology legitimately applies to traditional Indigenous American thought which is about equal cooperation and the continual recreation of reality *Spirits of Blood Spirits of Breath* examines traditional historical concepts of spirituality among North American Indians both at and to the extent it can be determined before contact In doing so Barbara Alice Mann rescues the authentically indigenous ideas from Western and especially missionary interpretations In addition to early European source material she uses Indian oral traditions traced as much as possible to their earliest versions and sources and Indian records including pictographs petroglyphs bark books and wampum Moreover Mann respects each Indigenous culture as a discrete unit rather than generalizing them as is often done in Western anthropology To this end she collates material in accordance with actual historical linguistic and traditional linkages among the groups at hand with traditions clearly identified by group and where recorded by speaker In this way she provides specialists and non specialists alike a window into the purportedly lost and often caricatured world of Indigenous American thought The Bowden Dynasty Charlie Barnes,Bobbie Bowden,2017-01-03 **More Star People, Sky Gods And Other Paranormal Tales Of The Native American Indians** G.W. Mullins,2020-05-25 In Native American history there are many legends about UFOs gods the paranormal and aliens There has always been a connection between Native Americans and beings from other parts of the universe referred to as Star People Perhaps due to familiarity with celestial fixtures it has been easier for Native Americans to relate events they have experienced on earth with things such as the formation of the Pleiades It is not hard to believe they would identify an event with a star being the nature and history of tribes was to exist outdoors The night sky would be paid much more attention by one who did not live indoors Through the many legends and tribes you can find instances where natives are either rescued or helped by gods or Star Beings The Pleiades is the basis of the creation of the Hopi Indians The Dakota also speak of the abode of the ancestors or Tiyaami as a place of their origin Other native oral histories or legends speak of an origin in the stars generally or other constellations The Cree did not originate from human

beings but from people from the constellations who later became humans While others like the Lakota tell stories of beings from the skies Regardless of the tribe or the whether the interaction is through a god or star people there is proof that the ancient people of North America believed they have been visited by unexplainable beings from the heavens and beyond The stories in the collection tell of many different tribes and their experiences and the outcome of walking with these beings From experiences with aliens to the dead rising in spirit form this book will cover a wide range of stories of the paranormal

The Seminole Baptist Churches of Oklahoma Jack Maurice Schultz,1999 Observers often assume that American Indians identifying themselves as Christian have assimilated into the larger Anglo world The Oklahoma Seminole Baptists have actively adapted non native structures to accommodate their community needs They gather several times weekly in steepled churches for prayers hymn singing and sermons based on biblical texts But they conduct services primarily in the Mvskoke language and practice Native customs such as fasting in the woods and constructing grave houses to shelter the spirit as it returns to visit the body Schultz traces the history of the Seminoles to the present day He then discusses Seminole Baptist beliefs and practices leadership roles and the church s organizational structure illustrating his observations with a detailed account of the social life of a single congregation
