Semitic Background Of The New Testament:

Essays on the Semitic Background of the New Testament Joseph A. Fitzmyer, 1971 **The Semitic Background of the New Testament, Volume 1** Joseph A. Fitzmyer, 1997-09-26 This is a print on demand book and is therefore non returnable **The New Testament and Rabbinic Literature** Reimund Bieringer, 2010 This book brings together the contributions of the foremost specialists on the relationship of the New Testament and Rabbinic Literature They present the history of scholarship and deal with the main methodological issues and analyze both legal and literary problems **Essays on the Semitic Background of the New Testament** Joseph Augustine Fitzmyer, 1971 **Mapping the New Testament** Serge Ruzer, 2007-09-30 This volume discusses links between the exegetical trends current in various Second Temple Jewish circles and patterns of New Testament conversation with Jewish Scripture The standard focus on Jewish background of Christianity is complemented here by an alternative direction the mapping of New Testament evidence as the early witness to more general trends attested in their fully developed form only later in rabbinic literature The question that dominates much of the discussion is How can the New Testament be used for creating a fuller picture of Second Temple Jewish exegesis The book deals with a representative variety of samples from different layers of the New Testament tradition Synoptic Gospels Pauline Epistles and Acts **Essays on the Semitic Background of the New Testament** Joseph A. Fitzmyer, 1974 **Early Jewish Messianism in the New Testament** Serge Ruzer, 2020-07-13 In Early Jewish Messianism in the New Testament Serge Ruzer takes a new tack on the investigation of early Christian polemical strategies against the backdrop of Second Temple Judaism Complementing traditional inquiry on the subject Ruzer focuses on those elements of Messiah and Christ centered ideas that bear witness to patterns of broader circulation namely the Jewish messianic ideas that provided the underpinning for the identity making moves of Jesus early followers The volume suggests that such attempts can be expected to reflect eschatological ideas of the Jewish Other Exploring cases where the New Testament shows itself an early witness for belief patterns found in contemporaneous or only later rabbinic sources this volume reveals a fuller picture of Second Temple Jewish messianism **Qumran, Early Judaism, and New Testament Interpretation** Jörg Frey, 2019-08-28 Back cover How did the Qumran discoveries change New Testament scholarship What are the main insights to be gained from the Qumran corpus with regard to the Jesus tradition Paul's language and theology the dualistic language and worldview of the Fourth Gospel or the formation of the biblical Canon The articles of this volume present the fruits of 25 years of scholarship on Qumran and the New Testament **A Narrative Theology of the New Testament** Timo Eskola, 2015-07-21 Focusing on the metanarrative of exile and restoration Timo Eskola claims that a post liberal narrative New Testament theology is both consistent and explanative Combining a post New Quest perspective on Jesus with an eschatological reading of Paul the author states that Jesus temple criticism aims at restoration eschatology Jesus starts a priestly community that expects God's jubilee to begin with Jesus work and proceed with the preaching of the new gospel The

reception of this message in the post Easter church results in resurrection Christology that proclaims Jesus Davidic kingship on God's throne of glory Both Paul and Jewish Christian teachers later present Christ's community as a new temple where believers serve the Lord as priests of the new covenant Furthermore restoration eschatology provides a new basis for understanding Paul's contrast with the words of the law and his teaching of justification *The Dead Sea Scrolls and Christian Origins* Joseph A. Fitzmyer, 2000-03-03 Originally written to appeal to both scholars and general readers interested in the Dead Sea Scrolls all of the articles in this volume have been updated to take into account current discussions of this extraordinary archaeological find BOOK JACKET The Jewish Roots of Christological Monotheism Newman, James Davila, Lewis, 2021-10-25 Although there are many studies of second Temple Judaism in general and of Christianity's relationship with Judaism in particular there has not been a sustained and comprehensive investigation of the way in which Christ devotion in the first two centuries of the common era represents a manifestation of Jewish monotheism This volume fills this gap in four distinctive ways 1 by re-examining the theological force of monotheism during the Second Temple period 2 by retracing the historical steps of Christianity's adaptation mutation re-definition of Jewish monotheism 3 by exploring and debating the influence of non-Jewish traditions on this process and 4 by mapping the ways in which Christianity's unique appropriation of Jewish monotheism helps explain the intriguing relationships among emerging Christian Jewish and Gnostic communities In particular the eighteen essays demonstrate how the creation mythic of narratives the revelatory power of mystical experiences and the sociology of community formation capitalized on the Jewish mediotoral tradition to encourage and legitimate the Christian praxis of Christ devotion Some Observations on the Semitic Background of the New Testament Hedley Frederick Davis Sparks, 1940 *Dictionary of New Testament Background* CRAIG A EVANS, STANLEY E PORTER, 2020-05-21 The Dictionary of New Testament Background joins the Dictionary of Jesus and the Gospels the Dictionary of Paul and his Letters and the Dictionary of the Later New Testament and its Developments as the fourth in a landmark series of reference works on the Bible In a time when our knowledge of the ancient Mediterranean world has grown this volume sets out for readers the wealth of Jewish and Greco-Roman background that should inform our reading and understanding of the New Testament and early Christianity The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls In addition the Dictionary encompasses the fullness of second temple Jewish writings whether pseudepigraphic rabbinic parables proverbs histories or inscriptions Articles abound on aspects of Jewish life and thought including family purity liturgy and messianism The full scope of Greco-Roman culture is displayed in articles ranging across language and rhetoric literacy and book benefactors travel and trade intellectual movements and ideas and ancient geographical perspectives No other reference work presents so much in one place for students of the New Testament Here an entire library of scholarship is made available in summary form The Dictionary of New Testament Background can stand alone or work in concert with

The Christological Witness Function of the Old Testament Characters in the Gospel of John Sanghee M Ahn,2014-06-01 This book investigates the narrative function of the Old Testament characters in the Gospel of John The fascinating thesis is that the Hebrew characters in John s narrative uniformly function as a witness for the messianic identity of Jesus The Jewish scriptural traditions Hebrew and intertestamental ones are compared to shed light on John s indebtedness for its formation of his Christology A compelling argument ensues which informs our understanding not only of the Gospel itself but also of Jesus Christ revealed in the Gospel COMMENDATION Dr Ahn s thorough and careful study represents a solid contribution from which many will benefit All serious interpreters of the Johannine witness will want to refer to this work Mark A Seifrid Southern Baptist Theological Seminary USA

Targum and New Testament Martin McNamara,2011 The relevance of the Targums Aramaic translations of the Hebrew Bible for the understanding of the New Testament has been a matter of dispute over the past three hundred years principally by reason of the late date of the Targum manuscripts and the nature of the Aramaic The debate has become more focused by reason of the Qumran finds of pre Christian Aramaic documents 1947 and the identification of a complete text of the Palestinian Targum of the Pentateuch in the Vatican Library Codex Neofiti 1956 Martin McNamara traces the history of the debate down to our own day and the annotated translation of all the Targums into English He studies the language situation Aramaic and Greek in New Testament Palestine and the interpretation of the Scriptures in the Targums with concepts and language similar to the New Testament Against this background relationships between the Targums and the New Testament are examined A way forward is suggested by regarding the tell like structure of the Targums with layers from different ages and a continuum running through for certain texts
