Community

Suzanne Keller, 2018-06-05 This book tells the story of how a human community comes to be and how aspirations for the good life confront the dilemmas and detours of real life Suzanne Keller combines penetrating analysis of classic ideas about community with a remarkable and unprecedented thirty year case study of one of the first planned unit developments in America and the first in New Jersey Twin Rivers this pioneering venture featured townhouses and shared spaces for children s play and adult work and play in a society that stresses individual over collective goals and private over public concerns Hence the timeless questions asked over millennia How does an aggregate of strangers create an identity of place shared goals viable institutions and a spirit of mutuality and reciprocity What obstacles stand in the way and how are these overcome And how does design generate or deter community spirit Inspired by the legacy of Plato Rousseau de Tocqueville and T nnies Keller traces the difficult birth and the rich unfolding of Twin Rivers from a former potato field into a vibrant contemporary community Most community studies remain at a highly descriptive level This book has both broader and deeper aims endeavoring to develop principles of the common life as we enter the age of cyberspace Keller reveals the community of Twin Rivers through a multidimensional social microscope having monitored the community from the day it opened by participant observation attitude surveys the study of collective records and nearly 1 000 in depth interviews with homeowners She offers fascinating insight into how residents maintain privacy relate to neighbors cope with social conflict and develop ideas about the common good She shows that Twin Rivers residents remain hopeful about the possibility of community despite variable success in achieving their desires Indeed she argues that the hard won experience more than the utopian ideal is the true measure of community Keller concludes that despite the homogenizing effects of mass communication and globalization local communities will continue to proliferate in the foreseeable future due to changing lifestyles and the continuing quest for roots This important and engaging book will be appreciated by social scientists architects physical planners developers and lenders and community leaders as well as by the general reader interested in creating a bridge between individualism and community

Thucydides and Pindar Simon Hornblower, 2004-10-08 Simon Hornblower argues for a relationship between Thucydides and Pindar not so far acknowledged in modern scholarship He argues that ancient critics were right to detect stylistic similarities between these two great exponents of the severe style in prose and verse In Part One he explores the background of epinikian poetry and athletics the values shared by the two authors and religion and colonization myths and presents a geographically organized survey of Pindar s Mediterranean world

exploiting onomastic evidence Part Two includes an analysis of Thucydides account of the Olympic games of 420 BC discussions of the four components of Thucydides history in their relation to Pindar statements of method excursuses speeches and narrative especially the Sicilian books and a stylistic literary comparison of Thucydides and Pindar Social Integration of an Elderly Native American Population Randy A. John,2017-03-28 The building of the Kinzua Dam abrogated one of the oldest Indian Treaty with the United States the 1794 Pickering Treaty The dam flooded 10 000 acres of Seneca land and damaged the way of life of the Senecas and their elders The stories of their loss are distressing The Senecas survived this traumatic event but not without significant cultural change and loss This is the story of the dislocated Seneca Elders of the Allegany Territory **New lifestyles in old age** Miriam Bernard,Bernadette Bartlam,Simon Biggs,Julius Sim,2004-06-30 This report explores what it is like to live and work in the new Berryhill Retirement Village in Stoke on Trent developed by The ExtraCare Charitable Trust and Touchstone Housing Association and shows that retirement housing does not have to be planned and developed solely with middle class professionals in mind Based on the experiences of residents staff families and other stakeholders the report identifies the factors that facilitate the development of a positive environment in which to age asks why people moved into the Village and whether they felt that their lives had improved there considers the full range of sources of support both inside and outside the Village details some of the ways in which such environments can facilitate people in their efforts to overcome illness and poor health and enjoy a good quality of life and draws out wider policy and practice lessons for those who might be considering developing similar schemes The report is essential reading for policy makers and practitioners in housing health and social care as well as academics interested in these fields **African Seminars** Various Authors,2021-02-25 Originally published between 1986 and 1989 the 8 volumes in this set reflect the research and debate surrounding many issues for the African economy society and culture and as such make a vital contribution to effective development both rural and urban They re issue key titles from the International African Library and the International African Seminars and address themes of direct relevance to contemporary Africa on topics as diverse as medicine migration housing pastoralism and marriage Khoesan and Imperial Citizenship in Nineteenth Century South Africa Jared McDonald,2023-04-24 This volume explores the formative and expressive dynamics of Khoesan identity during a crucial period of incorporation as an underclass into Cape colonial society Khoesan and Imperial Citizenship in Nineteenth Century South Africa emphasises loyalism and subjecthood posited as imperial citizenship as foundational aspects of Khoesan resistance to the debilitating effects of settler colonialism The work argues that Khoesan were active in the creation of their identity as imperial citizens and that expressions of loyalty to the British Crown were reflective of a political and civic consciousness that transcended their racially defined place in Cape colonial society Following a chronological trajectory from the mid 1790s to the late 1850s author Jared McDonald examines the combined influences of colonial law evangelical humanitarianism imperial commissions of inquiry and the abolition of slavery as conduits for the notion of imperial

citizenship As histories and legacies of colonialism come under increasing scrutiny the history of the Khoesan during this period highlights the complex nature of power and its imposition and the myriad nuanced ways in which the oppressed resist and engage This book will be of interest to scholars and students working on British imperialism in Africa as well as histories of settler colonialism nationalism and loyalism

Ecological Migration, Development and Transformation

Peilin Li,Xiaoyi Wang,2015-06-05 After over 30 years of reform and opening up China s aggregate economic volume is now the second largest in the world Over the past decade many provinces in the western region of China have implemented ecological migration projects of different scales which have attracted considerable attention both in China and abroad The projects indicate first that there is an urgent need for this type of endeavor whether the goal is to reduce poverty or to protect the environment we need to move the poor populations out of the ecologically fragile regions Secondly the projects indicate that the Chinese government is capable of meeting this need Migration projects are complex and costly and without sufficient financial resources and systematic planning migration may fail to reduce poverty and could even aggravate it The rapid economic growth in China however makes such migration projects viable

Urban Migrants in Rural Japan Susanne Klien,2020-02-01 Offers an in depth ethnography of paradigm shifts in the lifestyles and values of youth in post growth Japan *Urban Migrants in Rural Japan* provides a fresh perspective on theoretical notions of rurality and emerging modes of working and living in post growth Japan By exploring narratives and trajectories of individuals who relocate from urban to rural areas and seek new modes of working and living this multisited ethnography reveals the changing role of rurality from postwar notions of a stagnant backwater to contemporary sites of experimentation The individual cases presented in the book vividly illustrate changing lifestyles and perceptions of work What emerges from *Urban Migrants in Rural Japan* is the emotionally fraught quest of many individuals for a personally fulfilling lifestyle and the conflicting neoliberal constraints many settlers face In fact flexibility often coincides with precarity and self exploitation Susanne Klien shows how mobility serves as a strategic mechanism for neophytes in rural Japan who hedge their bets gain time and seek assurance inspiration and courage to do or further postpone doing what they ultimately feel makes sense to them This book is a valuable contribution to knowledge about diversifying rural Japan and evokes reflection about the future of post growth Japan Klien s study benefits from assiduous and long term field research and insightful analysis She excels at locating the specifics of the study in theoretical observations and concepts thereby setting the work into a larger consideration of Japan s paradigm shifts in lifestyle and values Nancy Rosenberger author of *Gambling with Virtue Japanese Women and the Search for Self in a Changing Nation*

Track-II Diplomacy Hussein Agha,Shai Feldman,Ahmad Khalidi,Zeev Schiff,2004-01-09 Track II talks in the Middle East unofficial discussions among Israeli and

Arab scholars, journalists, and former government and military officials have been going on since soon after the 1967 Six Day War and have often paved the way for official negotiations. This book, a unique collaboration of Israeli and Palestinian authors, traces the history of these unofficial meetings, focusing on those that took place in the 1990s beginning just after the Gulf War. These talks were carried on without media coverage, and this book is the first sustained account of what took place. It is the inside story; the authors themselves participated in some of these discussions and interviewed participants in others. After describing the background of early Arab-Israeli discussions, the authors present six case studies of Track II talks in the 1990s: the 1992-1993 discussions in Norway that led to the Oslo accords; Palestinian-Israeli talks held in the early 1990s under the auspices of the American Academy of Arts and Sciences; Israeli-Syrian meetings of 1992-1994; the 1994-1995 Stockholm talks convened by the Swedish government; talks held in 1995-1996 between Israeli settlers and representatives of the Palestinian Authority; and arms control and regional security discussions throughout the decade. Despite their different perspectives, the book's two Israeli and two Palestinian authors are able to reach shared conclusions about the effectiveness and consequences of Track II talks. Track II Diplomacy not only makes a valuable contribution to the historical record of Arab-Israeli diplomacy but also offers insights into the role of informal and non-official discussions in resolving conflicts.
