Quinn,1996 The aim of Recharting the Thirties is to revitalize the awareness of the reading public with regard to eighteen writers whose books have been largely ignored by publishers and scholars since their major works first appeared in the thirties The selection is not based on a political agenda but encompasses a wide and divergent range of philosophies clearly the contrasts between Empson and Upward or between Powell and Slater indicated the wide ranging vision of the period Women writers of the period have largely been marginalized and the writings of Sackville West and Burdekin for example not only present distinct feminine voices of the period but also illuminate how much good literature has been forgotten **Herbert Read Reassessed** David Goodway,1998-01-01 Herbert Read 1893 1968 acquired in his lifetime a considerable international reputation in all the major areas of his diverse activities as poet as educationalist as anarchist as philosopher of aesthetics as art critic as historian of and above all as propagandist for modern art and design The papers assembled in Herbert Read Reassessed offer a comprehensive and authoritative coverage of Read s life work that is designed to stimulate debate An impressive volume it manages to present a unified but not totalizing portrait of one of England s most distinguished twentieth century critics English Historical Review **Herbert Read and Selected Works** Herbert Read,2022-07-30 Herbert Read and Selected Works includes four of Herbert Read s most seminal works A Coat of Many Colours Occasional Essays The English Vision An Anthology The Tenth Muse Essays in Criticism and The Politics of the Unpolitical This collection also includes the title Herbert Read A Memorial Symposium a collection of essays that illustrates the many different aspects and achievements of Read s career *Tristram Shandy (Routledge Revivals)* Max Byrd,2014-08-01 Max Byrd s lucidly written and compelling volume aims to provide a scholarly introduction to one of the most puzzling pieces of eighteenth century literature and a stimulus to critical thought and discussion Laurence Sterne an eccentric and largely unsuccessful clergyman was forty six when he sat down in January of 1759 to being his literary masterpiece Aside from his sermons only two of which had ever

been published Sterne had little more to do with the literary life than any other respectable provincial clergyman His explosion into the history of English literature occurred not only without preparation but also without apparent aptitude Tristram Shandy first published in 1985 sketches Sterne's life and literary antecedents closely analysing key passages of his great satire and concluding with the critical history and bibliography It will thus be of use to all students of eighteenth century English literature

Selected Essays of Sean O'Faolain Brad Kent, 2016-10-01 Sean O Faolain 1900 1991 was Ireland's leading social and political critic in the period following the country's independence from the United Kingdom Since his death scholarly opinion has alternately cast him as an arch revisionist a liberal nationalist and a frustrated republican The Selected Essays of Sean O Faolain reassesses his reputation by showing that he wrote in the tradition of post Enlightenment European intellectuals and that while he was a significant figure in Ireland his work extends beyond immediate national concerns This volume includes over fifty unabridged essays by O Faolain on a wide range of subjects from canonical writers to architecture from religious scandals to economics from nationalism to internationalism from long dead historical figures to recent controversies O Faolain's fearlessness in taking on the major political cultural and religious figures of his day his masterly use of rhetoric and his intellectual acuity have contributed to his works being quoted often by scholars working across several disciplines Many of these essays appear here in print for the first time since they were published in the foremost periodicals of their day An extensive introduction and helpful annotations contextualise and explain them for a new audience In his re readings of history and challenges to dominant historiographical trends O Faolain has become a pariah to some and a hero to others The Selected Essays of Sean O Faolain bridges some of these competing visions presenting a more complex figure through his varied corpus of writing
