*Sense and Goodness Without God* Richard Carrier, 2005-02-23 If God does not exist then what does Is there good and evil and should we care How do we know what s true anyway And can we make any sense of this universe or our own lives Sense and Goodness answers all these questions in lavish detail without complex jargon A complete worldview is presented and defended covering every subject from knowledge to art from metaphysics to morality from theology to politics Topics include free will the nature of the universe the meaning of life and much more arguing from scientific evidence that there is only a physical natural world without gods or spirits but that we can still live a life of love meaning and joy Perfect Will

Theology J. Martin Bac, 2010-04-16 This book revisits four early modern debates of Reformed theology concerning the will of God Reformed scholasticism advocated a particular relationship between divine knowledge will and power which was altered by Jesuits Remonstrants Descartes and Spinoza In all these debates modal categories like contingency and necessity play a prominent part Therefore these positions are evaluated with the help of modern modal logic including possible world semantics The final part of this study presents a systematic defense of the Reformed position which has been charged of theological determinism and of making God the author of sin In modern terms therefore the relation of divine and human freedom and the problem of evil are discussed **A World of Difference (Reasons to Believe)** Kenneth Richard

Samples, 2007-09-01 Recent Barna research indicates that less than one in ten evangelical Christians hold a biblical worldview A World of Difference seeks to change this disturbing fact by educating readers on how the Christian perspective is uniquely reasonable verifiable and liveable Author Kenneth Richard Samples faced a profound test of his own belief system during a personal life and death crisis In A World of Difference he uses nine distinct tests to compare the Christian worldview with current religious and philosophical competitors including Islam postmodernism naturalism and pantheistic monism Samples tackles tough issues through this in depth study of Christianity s history creed and philosophical basis An excellent resource for readers who want their view of life and the world to make sense **Atheism Is False Richard Dawkins and**

**the Improbability of God Delusion** David Reuben Stone, 2007-08-01 David Reuben Stone presents a modern defense of the existence of God Two new arguments are presented The Argument From The Laws Of Physics and the Fine Tuning Argument The atheism of Richard Dawkins is refuted in great detail as well as writings of the following atheistic authors Quentin Smith Michael Martin William Rowe Victor Stenger Theodore Drange J L Schellenberg Nicholas Everitt Michael Ikeda Bill Jefferys Theodore Schick Jr Wesley C Salmon Walter Sinnott Armstrong Victor Cosculluela Thomas Metcalf and Bruce and Frances Martin The defenses of atheism by these leading thinkers now stand thoroughly critiqued and in need of substantial revision A must read for anyone interested in the existence of God The defense of Hugh Ross s fine tuning arguments against objections raised by Ikeda and Jefferys is alone worth the price of this book David Reuben Stone is president and founder of Atheism Is False Ministries [www.atheismisfalse.com](http://www.atheismisfalse.com) **Science, Worldviews and Education** Michael

Answering the Music Man B. Kyle Keltz, Tricia Scribner, 2020-05-29 Dan Barker ex preacher and co founder of the Freedom From Religion Foundation travels widely arguing in debates and speaking on his beliefs that Christianity is false God does not exist and the Bible is filled with errors and mythology He has been touted as one of America's leading atheists Yet close examination of his arguments shows that Barker's reasons for disbelief are poorly reasoned and miss the mark as they are aimed at a mistaken caricature of Christian theism Answering the Music Man exposes Barker's misunderstandings of Christianity and provides compelling answers to Barker's arguments **God, Morality, and Beauty** Randall B.

Bush, 2019-07-01 Randall B Bush analyzes the ways unacknowledged axiological assumptions e.g. about what is important why human beings are valuing creatures and where the capacity to value comes from prejudice the perspectives and approaches of various academic disciplines especially in the social sciences and the humanities The disciplines of ethics and aesthetics provide the most useful tools for a philosophy of value but academic overspecialization has compartmentalized and segregated these disciplines from others threatening to unravel the unity of conceptions of the moral and the beautiful in human existence Bush argues that a dialectical approach to conflicts between ethics and aesthetics can point to a broader axiological vision informed by a Trinitarian conception of reality in which the whole a coherent theory of value is more than the sum of its parts Language into Language Saúl Sibirsky, Martin C. Taylor, 2017-07-28

Loftus, Randal Rauser, 2013-04-15

Perhaps the most persistent question in human history is whether or not there is a God Intelligent people on both sides of the issue have argued sometimes with deep rancor and bitterness for generations The issue can't be decided by another

apologetics book but the conversation can continue and help each side understand the perspectives of the other In this unique book atheist John Loftus and theist Randal Rauser engage in twenty short debates that consider Christianity the existence of God and unbelief from a variety of angles Each concise debate centers on a proposition to be resolved with either John or Randal arguing in the affirmative and the opponent the negative and can be read in short bits or big bites This is the perfect book for Christians and their atheist or agnostic friends to read together and encourages honest open and candid debate on the most important issues of life and faith      *The Humanism of Doctor Who* David Layton,2014-01-10 From 1963 to 1989 the BBC television program Doctor Who followed a time traveling human like alien called The Doctor as he sought to help people save civilizations and right wrongs Since its 2005 revival Doctor Who has become a pop culture phenomenon surpassing its classic period popularity and reaching a larger more diverse audience Though created as a family program the series has dramatized serious themes in philosophy science religion and politics Doctor Who s thoughtful presentation of a secular humanist view of the universe stands in stark contrast to the flashy special effects central to most science fiction on television This examination of Doctor Who from the perspective of philosophical humanism assesses the show s careful exploration of such topics as justice ethics good and evil mythology and knowledge      **The Debaters of This Age** Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time      Happily Godless: A Young Adult's Guide to Atheism Paul Donovan,2007-12-24 Almost every young adult today deals with issues of religion though they may not be comfortable talking about it Many of them have problems with the Christian influence in their family and society It s an important topic and has become the subject of several best selling books for adults However young people have been mostly left out of the discussion Until now Happily Godless introduces the main ideas of atheism to the people who matter the most the generation just coming into society as decision makers With a skeptical look at the existence of God the story of Jesus and the founding of the United States the book also includes essays contributed by young atheists from all over North America Happily Godless opens the door for all

young adults who are questioning religion or who believe that reason is more powerful than faith      *Godless* Dan Barker, 2008-09-01 One man shares the story of his transformation from evangelical Christian to atheist and examines the train of thought that brought him there After almost twenty years of evangelical preaching missionizing and Christian songwriting Dan Barker threw out the bathwater and discovered that there is no baby In *Godless* Barker describes the intellectual and psychological path he followed in moving from fundamentalism to freethought *Godless* includes sections on biblical morality the historicity of Jesus biblical contradictions the unbelievable resurrection and much more It is an arsenal for skeptics and a direct challenge to believers Along the way Barker relates the positive benefit readers will experience from learning to trust in reason and human kindness instead of living in fear of false judgment and moral condemnation Advance Praise for *Godless* Valuable in the human story are the reflections of intelligent and ethical people who listen to the voice of reason and who allow it to vanquish bigotry and superstition This book is a classic example Christopher Hitchens author of *God is Not Great* The most eloquent witness of internal delusion that I know a triumphantly smiling refugee from the zany surreal world of American fundamentalist Protestantism is Dan Barker Richard Dawkins author of *The God Delusion* *Godless* was a revelation to me I don't think anyone can match the devastating clarity intensity and honesty which Dan Barker brings to the journey faith to reason childhood to growing up fantasy to reality intoxication to sobriety Oliver Sacks author of *Musicophilia* In *Godless* Barker recounts his journey from evangelical preacher to atheist activist and along the way explains precisely why it is not only okay to be an atheist it is something in which to be proud Michael Shermer publisher of *Skeptic Magazine* *Godless* is a fascinating memoir and a handbook for debunking theism But most of all it is a moving testimonial to one man's emotional and intellectual rigor in acclaiming critical thinking Robert Sapolsky author of *Why Zebras Don't Get Ulcers*      Meaning and Mystery David M. Holley, 2009-11-19 *Meaning and Mystery* offers a challenge to the way Philosophy has traditionally approached the issue of belief in God as atheoretical problem proposing instead a form of reflection more appropriate to the practical nature of the issue Makes use of abundant illustrative material from both literature such as *Les Misérables* Edwin Abbott's *Flatland* Yann Martel's *Life of Pi* and Leo Tolstoy's *A Confession* and popular culture such as advertisements the television series *Joan of Arcadia* and the film *Stranger Than Fiction* Uses imaginative scenarios to offer explanations of central concepts Incorporates theories on human thought and behavior in exploring the formation of religious belief Written in a style that is accessible to readers with little background knowledge of philosophy
