Sense Of An Ending Studies In The Theory Of Fiction:

The Sense of an Ending Frank Kermode, 1968 The Sense of an Ending Frank Kermode, 2000-04-06 Frank Kermode is one of our most distinguished critics of English literature Here he contributes a new epilogue to his collection of classic lectures on the relationship of fiction to age old concepts of apocalyptic chaos and crisis Prompted by the approach of the millennium he revisits the book which brings his highly concentrated insights to bear on some of the most unyielding philosophical and aesthetic enigmas Examining the works of writers from Plato to William Burrows Kermode shows how they have persistently imposed their fictions upon the face of eternity and how these have reflected the apocalyptic spirit Kermode then discusses literature at a time when new fictive explanations as used by Spenser and Shakespeare were being devised to fit a world of uncertain beginning and end He goes on to deal perceptively with modern literature with traditionalists such as Yeats Eliot and Joyce as well as contemporary schismatics the French new novelists and such seminal figures as Jean Paul Sartre and Samuel Beckett Whether weighing the difference between modern and earlier modes of apocalyptic thought considering the degeneration of fiction into myth or commenting on the vogue of the Absurd Kermode is distinctly lucid persuasive witty and prodigal of ideas The Sense of an Ending John Frank Kermode, 1975 *The Sense of an Ending.* Studies in the Theory of Fiction. (The Mary Flexner Lectures, 1965.). Frank Kermode, 1967 Hans Urs von Balthasar and the Question of Tragedy in the Novels of Thomas Hardy Kevin Taylor, 2013-09-26 What role do novels drama and tragedy play within Christian thought and living The twentieth century Catholic theologian Hans Urs von Balthasar addressed these questions using tragic drama For him Christ was the true tragic hero of the world who exceeded all tragic literature and experience Balthasar demonstrated how ancient pre Christian tragedy and Renaissance works contained important Christian concepts but he critiqued modern novels as failing to be either truly tragic or Christian By examining the tragic novels of Thomas Hardy on their own terms we have an important counterpoint to Balthasar's argument that the novel is too prosaic for theological reflection Hardy's novels are an apt pairing for examination and critique as they are both classically and biblically influenced as well as contemporary The larger implication for Balthasar's theology is that his innovations in theological aesthetics and tragedy must be expanded in the light of modernity and the tragic novel International Companion Encyclopedia of Children's Literature Peter Hunt, 2004-08-02 Children's literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies of interest to anyone concerned with literature education internationalism childhood or culture in general The second edition of Peter Hunt's bestselling International Companion Encyclopedia of Children's Literature offers comprehensive coverage of the subject across the world with substantial accessible articles by specialists and world ranking experts Almost everything is here from advanced theory to the latest practice from bibliographical research to working with books and children with special needs This edition has been expanded and includes over fifty new articles All of the other articles have been updated substantially revised or rewritten or

Yahav, 2018-05-08 Literary historians have tended to associate the eighteenth century with the rise of the tyranny of the clock the notion of time as ruled by mechanical chronometry. The transition to standardized scheduling and time discipline the often told story goes inevitably results in modernity s time keeper societies and the characterization of modern experience as qualitatively diminished In Feeling Time Amit Yahav challenges this narrative of the triumph of chronometry and the consequent impoverishment of individual experience She explores the fascination eighteenth century writers had with the mental and affective processes through which human beings come not only to know that time has passed but also to feel the durations they inhabit Yahav begins by elucidating discussions by Locke and Hume that examine how humans come to know

time noting how these philosophers often consider not only knowledge but also experience She then turns to novels by Richardson Sterne and Radcliffe attending to the material dimensions of literary language to show how novelists shape the temporal experience of readers through their formal choices Along the way she considers a wide range of eighteenth century aesthetic and moral treatises finding that these identify the subjective experience of duration as the crux of pleasure and judgment described more as patterned durational activity than as static state Feeling Time highlights the temporal underpinnings of the eighteenth century s culture of sensibility arguing that novelists have often drawn on the logic of musical composition to make their writing an especially effective tool for exploring time and for shaping durational Mind, Body, Motion, Matter Mary Helen McMurran, Alison Conway, 2016-04-06 Mind Body Motion Matter experience investigates the relationship between the eighteenth century s two predominant approaches to the natural world mechanistic materialism and vitalism in the works of leading British and French writers such as Daniel Defoe William Hogarth Laurence Sterne the third Earl of Shaftesbury and Denis Diderot Focusing on embodied experience and the materialization of thought in poetry novels art and religion the literary scholars in this collection offer new and intriguing readings of these canonical authors Informed by contemporary currents such as new materialism cognitive studies media theory and post secularism their essays demonstrate the volatility of the core ideas opened up by materialism and the possibilities of an aesthetic The Literary Devices in John's Gospel David W. Wead, 2018-07-18 As an interdisciplinary forerunner of the new literary approaches to gospel narratives over the last four decades in New Testament scholarship the revised and expanded monograph by David Wead makes a timely contribution to the advancement of those studies Rooted in comparative analyses of contemporary Hellenistic and Jewish literary techniques and drawing from the best of Continental scholarship Wead not only points Johannine scholars to relevant ancient resources but his analyses prepare the way for fresh interpretations of John's story of Jesus today Published originally in Switzerland this book was overlooked by many scholars to the detriment of their work However in addressing such themes as John's post resurrection point of view the Johannine sign the Johannine double meaning irony in the Fourth Gospel and metaphor in the Fourth Gospel Wead s work is now available to new generations of scholars who will find his work both instructive and provocative This newly revised and expanded edition edited by Paul Anderson and Alan Culpepper not only includes a new epilogue by David Wead featuring new reflections and insights but it also includes an expansive overview of the literature before and after Wead s work including a helpful assessment of Wead's monograph in service to ongoing Johannine scholarship No serious study of Gospel literary features devices and strategies can afford to overlook this important book UGC-NET/SET: English (Paper II & III) JRF and Assistant Professor Exam Guide High Definition Books, The Shade of the Saguaro / La sombra del saquaro. Essays on the Literary Cultures of the American Southwest / Ensayos sobre las culturas literarias del suroeste norteamericano Gaetano Prampolini, Annamaria Pinazzi, 2013 This volume springs from that fruitful project of scientific

cooperation between the humanities departments of Universit di Firenze and University of Arizona which was the Forum for the Study of the Literary Cultures of the Southwest 2000 2007 Tri cultural at least Native Hispanic and Anglo American and multi lingual today s Southwest presents a complex coexistence of different cultures the equal of which would be hard to find elsewhere in the United States Of this virtually inexhaustible object of study the essays here collected tackle an ample range of themes While the majority of them are concerned with the literatures of the Southwest still a good third falls into the fields of history art history ethnography sociology or cultural studies. They are partitioned in four sections the first three reflecting the chronology of the stratification of the three major cultures and the fourth highlighting one of the most sensitive topics in and about contemporary Southwest the borderlands la frontera Richardson's 'Clarissa' and the Eighteenth-Century **Reader** Tom Keymer, Thomas Keymer, 2004-06-24 Whilst drawing to some extent on recent theoretical studies this book restores Clarissa to its largely neglected eighteenth century context **The Tumble of Reason** Ajay Heble, 1994-01-01 Munro's stories confer their meaning not simply by referring to an outer reality but also by bestowing upon the reader a stimulating wealth of possibilities taken from what we might call a potential or absent level of meaning During the Covid-19 Pandemic Ben Davies, Christina Lupton, Johanne Gormsen Schmidt, 2022 Drawing on an ethnographic study of novel readers in Denmark and the UK during the Covid 19 pandemic this book provides a snapshot of a phenomenal moment in modern history showing what novels people turned to during the pandemic how people experienced time during this period and whether they chose to fill it with reading Humanistic Heritage Daniel R. Schwarz, 1989-06-18 This is an examination of the principle works of Anglo American novel criticism defining the values method and concepts that these works have in common and advancing a defence of Anglo American humanistic criticism and the ideas proposed by Structuralism Marxism and deconstruction I.M. Coetzee David Attwell, 1993-06-11 David Attwell defends the literary and political integrity of South African novelist J M Coetzee by arguing that Coetzee has absorbed the textual turn of postmodern culture while still addressing the ethical tensions of the South African crisis As a form of situational metafiction Coetzee s writing reconstructs and critiques some of the key discourses in the history of colonialism and apartheid from the eighteenth century to the present While self conscious about fiction making it takes seriously the condition of the society in which it is produced Attwell begins by describing the intellectual and political contexts surrounding Coetzee's fiction and then provides a developmental analysis of his six novels drawing on Coetzee's other writings in stylistics literary criticism translation political journalism and popular culture Elegantly written Attwell's analysis deals with both Coetzee's subversion of the dominant culture around him and his ability to see the complexities of giving voice to the anguish of South Africa **Piers** Plowman and the Books of Nature Rebecca Davis, 2016-09-08 Piers Plowman and the Books of Nature explores the relationship of divine creativity poetry and ethics in William Langland's fourteenth century dream vision These concerns converge in the poem s rich vocabulary of kynde the familiar Middle English word for nature broadly construed But in a

remarkable coinage Langland also uses kynde to name nature s creator who appears as a character in Piers Plowman The stakes of this representation could not be greater by depicting God as Kynde that is under the guise of creation itself Langland explores the capacity of nature and of language to bear the plenitude of the divine In doing so he advances a daring claim for the spiritual value of literary art including his own searching form of theological poetry This claim challenges recent critical attention to the poem s discourses of disability and failure and reveals the poem s place in a long and diverse tradition of medieval humanism that originates in the twelfth century and indeed points forward to celebrations of nature and natural capacity in later periods By contextualizing Langland s poetics of kynde within contemporary literary philosophical legal and theological discourses Rebecca Davis offers a new literary history for Piers Plowman that opens up many of the poem s most perplexing interpretative problems
