

THEORIES AND METHODOLOGIES

Sensitivity Training

ERICA FRETWELL

Aesthetic education is a labile term that variously denotes art appreciation, fostering the imagination, and the cultivation of taste. But we tend to overlook an elemental definition: learning to perceive. This meaning indexes the *aesthesis* that underwrites European aesthetic philosophy, first defined by Alexander Baumgarten as the “scientia cognitionis sensitivae” (“science of sensitive knowing”; qtd. in Davey), or the study of intuitive knowledge arrived at through the senses. This “sensitive knowing,” Friedrich Schiller posited in *On the Aesthetic Education of Man* (1795), has a civilizing function—hence aesthetic education is a liberal project of spiritual cultivation that has the potential to engender the moral freedom necessary for a self-governing community of taste. In this Schillerian vein, the early-twentieth-century educator Maria Montessori wrote, “The sensory education which prepares for the accurate perception of all the differential details in the qualities of things . . . helps us to collect from the external world the material for the imagination” and thereby renovate society (*Advanced Montessori Method* 248). One way to understand aesthetic education, then, is as sensitivity training: as learning to differentiate “details in the qualities of things” through the micro-operations of perception. At the granular level of sensory experience—distinguishing periwinkle from purple, or velvet from satin—sensitivity training takes part in the broader imperative of aesthetic education to realize *sensus communis*, a community organized around shared judgments or sensing in common, by “negotiat[ing] the tension between democratic autonomy and cultural authority,” in Jesse Raber’s words (15).

While Schiller’s philosophy is a useful reminder of aesthetic education’s basis in sensitivity training, it is eighteenth- and nineteenth-century literacy training that discloses what sensitivity training looked like in practice. Literacy is typically considered a technical skill, a

ERICA FRETWELL is associate professor of English at the University at Albany, State University of New York. She is the author of *Sensory Experiments: Psychophysics, Race, and the Aesthetics of Feeling* (Duke UP, 2020). Her current research tracks the nineteenth-century literary and cultural practices from which the concept of haptic mediation emerged.

Sensitivity Training The Laborato 2nd Edition:

ORGANIZATIONAL BEHAVIOUR, SECOND EDITION CHITALE, AVINASH K., MOHANTY, RAJENDRA

PRASAD, DUBEY, NISHITH RAJARAM, 2019-07-01 For creating a balance in the organizational environment harmony amongst the employees and the employer is a prerequisite. The factors that help in determining an organizational balance are the sociology of an environment, psychology of the people working there, channels of communication along with a sound and rational management. The book highlights the fundamental concepts of organizational behaviour and its applications in the Indian organizational scenario. The second edition of the book maintaining the same chapters organization as in the previous edition comprises 28 chapters based on the fundamental concepts of organizational behaviour and case studies from various Indian industry verticals. These case studies reveal the authors' experience in real life scenarios as consultants as well as their observations pertaining to the concepts of organizational behaviour. Besides the text, it lays emphasis on some modern tools of management such as TQM, BPR and Knowledge Management which is a unique feature of this book. The book is designed for the students of management and psychology. Moreover, it is useful for the postgraduate students of commerce as well as it is of immense use to the personnel associated with technical, commercial and IT based industries requiring human resource management. **KEY FEATURES** Every chapter is concluded with a real life case study. Appendices added to most of the chapters contain research based questionnaire instruments. Discussion Questions on Case studies enhance learning among students. **NEW TO THE SECOND EDITION** Includes three new sections on Case Study Method as an Important Pedagogy, Classification of Case Studies and Steps of Solving a Case. Incorporates 29 new short and sharp cases at the end of the book to make the reader aware of real life situations. **TARGET AUDIENCE** MBA, PGDM, BBA, BA Hons, Psychology, MCom.

Change and Knowledge Management Second Edition ,

Management in Health Care Elaine la Monica, Philip Ian

Morgan, 1993-12-07 This book covers the processes of management and leadership in healthcare practices. Content focuses on increasing organisational effectiveness in service and practice. Theories and concepts from the fields of business, organisational psychology and educational administration are applied to health care. Within the book are included simulation activities to provide practice experiences that illustrate the content of the chapters as well as serving to expand the reader's range of experience within a safe low risk practice environment. **PRINCIPLES OF MANAGEMENT AND**

ADMINISTRATION, SECOND EDITION BOSE, D. CHANDRA, 2012-03-09 This book now in its second edition continues to provide a thorough treatment of the principles of management and administration. The contents of this book in this edition have been enhanced to serve the expanding needs of management students. Divided into eleven parts, this book in Part I Introduction provides an overview of the key concepts of management. In Part II Planning and in Part III Organising and Staffing the emphasis has been laid on the traditional functions of management. Similarly, Part IV Direction and Controlling and Part V Management in Future of this book outline the key futuristic thoughts. As the book advances to Part VI Personnel

Management and Part VII Financial Management it explains the best practices and steps to their implementation its potential benefits and pitfalls Part VIII Production Management deals with the organisational functions Part IX Marketing Management and Part X Management Information System of this book discuss the role played by the information system in an organisation Finally in Part XI Project Management it describes the meaning life cycles and the method of preparing a project in an organisation Designed for the students of B Com Pass and Hons and BBA courses this book will also be valuable to all those who are studying for professional qualifications such as MBA CA ICWA and CS NEW TO THIS EDITION Includes three new parts Part VIII Production Management Part X Management Information System and Part XI Project Management Contains two new chapters Organisational Culture and Group Dynamics Chapter 11 and Career Strategy and Career Development Chapter 23 Incorporates new sections in several chapters to broaden the coverage **Social Treatment**

James K. Whittaker, Elizabeth M. Tracy, 1989 The book has two principal purposes To provide an introduction to interpersonal helping in the context of social work practice and to develop a conceptual framework for interpersonal helping called social treatment that will enable the social worker and members of other helping professions effectively to use all the various methods and strategies currently practiced The book offers an orderly and systematic way of proceeding through a complex and often confused area of practice in it large issues such as remediation versus prevention are explored along with concrete suggestions for intervention with individuals families and small groups Theoretical systems are considered not merely for the techniques they suggest but also for the values and views of man inherent in them The helping process itself is analyzed from the point of view of the consumer as well as the worker A conceptual framework for practice is developed that allows for systematic eclecticism in theory and technique providing a framework for evaluating and comparing different methods of social treatment The author defines social treatment as an approach to interpersonal helping which utilizes direct and indirect strategies of intervention to aid individuals families and small groups in improving social functioning and coping with social problems Beginning with a discussion of the concept of remediation within the context of the larger contemporary issues of social reform and environmental protection Professor Whittaker proceeds to consider several critical issues in present social work practice such as client advocacy service delivery systems and professionalization Subsequent chapters discuss the multiple roles that social work practitioners perform the major theoretical bases of social treatment the treatment sequence from intake to after care and the full range of helping activities that practitioners undertake indirectly on behalf of their clients The final chapter explores current trends and future directions in social treatment In the Appendix a framework for evaluating methods of interpersonal helping is developed and 21 approaches to social treatment are described and resource bibliographies are provided This book brief lucid and systematic is a major step toward that redefinition and will be invaluable to beginning students and advanced practitioners in social work and in all the other professional and paraprofessional fields engaged in providing human services James K Whittaker is Charles O Cressey endowed professor in

the School of Social Work University of Washington He is a frequent consultant on child care training both in the Seattle area and nationally and is a consultant on research and training to the Child Development and Mental Retardation Center University of Washington He has served as director of the Social Welfare Program He is also a founding member of the International Association for Outcome Based Evaluation Research on Family and Children s Services in Italy as well as an associate board member of European Scientific Association for Residential and Foster Care for Children and Adolescents in Belgium

Managing Diversity in the Military James Stewart, 2017-09-05 Although diversity is a twentieth century term as the United States continues through the twenty first century the issue of diversity in society and in organizations is becoming more complex Managing Diversity in the Military addresses current equal opportunity and diversity issues and explores how the military is attempting to resolve them The research presented reflects interests of scholars from various backgrounds who use different models approaches and methodologies many of which are adapted from the study of civilian institutions The work is divided into five sections Contemporary Approaches to Managing Diversity Diversifying Leadership Equity in Evaluation and Promotion Gender Integration and Sexual Harassment Military Discipline and Race and Where Do We Go from Here which proposes future research directions for equal opportunity and diversity management in the armed forces All of the areas explored in this accessibly written volume have counterparts in the civilian sector The book offers insights practical methodologies and effective management guidelines for commanders civilian sector executives and human resource practitioners responsible for equal opportunity programs and outcomes This is now the standard social research tool in an area of profound practical concerns [Resources in Education](#) , 1997
