Office**

Separates That Travel:

Separates that Travel ,1979 **Presidential Travel** Richard J. Ellis,2008-04-22 In office less than half a year President George Washington undertook an arduous month long tour of New England to promote his new government and to dispel fears of monarchy More than two hundred years later American presidents still regularly traverse the country to advance their political goals and demonstrate their connection to the people In this first book length study of the history of presidential travel Richard Ellis explores how travel has reflected and shaped the changing relationship between American presidents and the American people Tracing the evolution of the president from First Citizen to First Celebrity he spins a lively narrative that details what happens when our leaders hit the road to meet the people Presidents Ellis shows have long placed travel at the service of politics Rutherford the Rover Hayes visited thirty states and six territories and was the first president to reach the Pacific while William Howard Taft logged an average of 30 000 rail miles a year Unearthing previously untold stories of our peripatetic presidents Ellis also reveals when the public started paying for presidential travel why nineteenth century presidents never left the country and why earlier presidents such as Andrew Jackson once punched in the nose on a riverboat journeyed without protection Ellis marks the fine line between accessibility and safety from John Quincy Adams skinny dipping in the Potomac to George W clearing brush in Crawford Particularly important Ellis notes is the advent of air travel While presidents now travel more widely they have paradoxically become more remote from the people as Air Force One flies over towns through which presidential trains once rumbled to rousing cheers Designed to close the gap between president and people travel now dramatizes the distance that separates the president from the people and reinforces the image of a regal presidency As entertaining as it is informative Ellis s book is a sprightly account that takes readers along on presidential jaunts through the years as our leaders press flesh and kiss babies ride carriages and trains plot strategies on board ships and planes and try to connect with the citizens they represent Five Ballets from Paris and St. Petersburg Doug Fullington,Marian Smith,2024 Five Ballets from Paris and St Petersburg offers fascinating new looks at five classic story ballets Giselle 1841 Paquita 1846 Le Corsaire 1856 La Bayad re 1877 and Raymonda 1898 drawing on a treasure trove of manuscripts that offer explicit written information about how many nineteenth century ballets were performed in their earliest incarnations Bursting with details forgotten for more than a century these manuscripts bring the ballets to life by disclosing steps floor patterns and mime conversations as well as valuable insight into how the music helped create the drama Generously enriched with more than 50 images and more than 350 musical examples the book also includes in appendices English translations of seven French and Russian librettos Emerging from the plenteous new findings in this book is a fresh portrait of a living breathing art form with strong audience appeal Simply put Five Ballets fills huge gaps in dance history inviting both general readers and specialists to rethink the usual narratives about nineteenth century ballet its music characters and choreographies its depictions of Others and Elsewhere and the careers of its major choreographers It

also offers a rich resource to practitioners seeking to learn how the makers of these five classic ballets found such great success

Points of Entanglement in French Caribbean Travel Writing (1620-1722) Christina Kullberg, 2023-07-31 This open access book investigates Francophone Caribbean literature by exploring and analyzing French seventeenth century travel writings The book argues for a literary re examination of the representation of the early colonial Caribbean by proposing theoretical linkages to contemporary Caribbean theories of creolization and archipelagic thinking Using douard Glissant s notion of points of entanglement Christina Kullberg claims that the historical social and political messiness of the Caribbean seventeenth century make for complex representations and expressions generating textual instability despite the travelers apparent desires to domesticate the islands Taking a synoptic approach to travel narratives in French from 1620 up to the publication of Labat s *Nouveau voyage aux Isles de l Am rique* in 1722 Kullberg examines textual instances where the islands and the peoples of this period disrupt and unsettle dominant French narratives and enter productively into the construction of knowledge and the representations of the region Kullberg s contribution is to read French early modern travels in situ as shaped by the archipelagic geography its history and social formations in order to interrogate both the construction and the limitations of discourses of power

Travel Survey Manual ,1996 **Index Digest of the Published Decisions of the Comptroller General of the United States** United States. General Accounting Office,1976 **Travel** ,1911 **Navy Comptroller Manual** United States. Navy Dept. Office of the Comptroller,1985 **Travel Worlds** Raminder Kaur,John Hutnyk,1999 Everyone s Got a Traveller s Tale but Travel Worlds tells them with a sting African American musicians head East for Kung Fu kicks while paedophiles go for cheap sex pilgrimage Western bible bashers adopt missionary positions in India while heroic Saint George signs on as an Arab soldier in Britain the scars of Partition mock the protocols of transit while nomadic insurgents resist the Bangladeshi nation state with lyrical persuasion Kula Shaker and Madonna trinketize the Orient while dead tourists exchange values with travelling terrorists British Mirpuris and Black women travel back to the Old Country and beyond in ways that are not quite as they seem and ethnographers collide with tourists in the carousel of Goa s resorts Including poetry and fiction alongside academic essays this book refuses simplistic dichotomies of north south and east west and confronts head on existing conventions of writing about travel in post colonial literary and cultural studies
