Separation Of The Monophysites:

The Separation of the Monophysites William Ainger Wigram, 1923 **The Separation of the Monophysites** William Ainger Wigram, 1922 **Asceticism and Society in Crisis** Susan Ashbrook Harvey, 2024-06-04 John of Ephesus traveled throughout the sixth century Byzantine world in his role as monk missionary writer and church leader In his major work *The Lives of the Eastern Saints* he recorded 58 portraits of monks and nuns he had known using the literary conventions of hagiography in a strikingly personal way War bubonic plague famine collective hysteria and religious persecution were a part of daily life and the background against which asceticism developed an acute meaning for a beleaguered populace Taking the work of John of Ephesus as her guide Harvey explores the relationship between asceticism and society in the sixth century Byzantine East Concerned above all with the responsibility of the ascetic to lay society John s writing narrates his experiences in the villages of the Syrian Orient the deserts of Egypt and the imperial city of Constantinople Harvey s work contributes to a new understanding of the social world of the late antique Byzantine East skillfully examining the character of ascetic practices the traumatic separation of Monophysite churches the fluctuating roles of women in Syriac Christianity and the general contribution of hagiography to the study of history This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Lectures on the History of the Eastern Church** Arthur Penrhyn Stanley, 1872 **The Assyrians and Their Neighbours** William Ainger Wigram, 1929 LECTURES ON THE HISTORY OF THE EASTERN CHURCH ARTHUR STANLEY, D.D., 1862 **Byzantium in the Seventh Century** John F. Haldon, 1990 An analytical account of developments within Byzantine culture society and the state from c 610 to 717 **From Monophysitism to Nestorianism** Theodore Sabo, 2018-04-18 The most important Christological controversies were waged during the Third through the Sixth Ecumenical Councils This book argues that each of these councils can be characterized by the labels Nestorian Monophysite or proto Monophysite In the Third and Fourth Councils a Nestorian or Antiochene victory followed a Monophysite one and the pattern was repeated identically with the Fifth and Sixth Councils If this seems to damage the religious interpretation of the councils as the slow hammering out of orthodoxy or to contradict the current interpretation of the councils it is not meant to In contrast to R V Sellers the distinctions between the Alexandrian and Antiochene approaches to Christology are maintained and each council is labeled as coming down on one or the other of the two sides The book s title reflects a half truth Orthodox Christology at least until the outbreak of the Iconoclastic crisis was characterized by a progression from the

deifying and unifying impulse of the Alexandrian school in favor of the humanizing and dichotomizing tendency of the Antiochene However this book does not affirm anything other than that early orthodoxy successfully navigated the often narrow strait between Nestorianism and Monophysitism By continually changing sides and by declaring the decrees of all previous councils binding it found itself outwitting both the Monophysites and the Nestorians **Journal of Theological Studies** ,1924 **The In-Between People** Girma Bekele,2011-03-29 In the midst of partial competing and often hostile forms of human solidarity David Bosch challenged the church to be the Alternative Community called to live in the in between of various opposing socio political economic and ecclesiastical polarities Girma Bekele explores and renews that call in the context of Ethiopia Acute poverty and the lingering question of the balance between ethnic distinctiveness and national unity together constitute a two edged challenge to Christian identity Constructive dialogue that fosters unity is intrinsic to effective response to the plight of the poor This means a turning away from institutional self preservation towards a contextually relevant mission that crosses all human made frontiers Taking Ethiopia as the immediate context Dr Bekele offers important insight to the church in the majority world and beyond **The Realm of Prester John** Robert Silverberg,2020-12-04 In this modern account of the genesis of a great medieval myth celebrated science fiction author Robert Silverberg s explores the mysterious origins of Prester John the astonishing Christian potentate of the East Prester John was a legendary figure who cast a powerful spell over Latin Christendom for almost five centuries Rumors of the warrior king prelate s fabulous realms first reached Europe in the eleventh century and quickly assumed an exalted status alongside such fabled wonders as El Dorado The Fountain of Youth and the Holy Grail The defeat of a Moslem Turkish tribe by a Buddhist Chinese warlord seems to have been the unlikely historical nugget around which the Prester John myth grew but contributions to this strange saga have also been traced all around the globe to the Apostle Thomas apocryphal preaching in India to the actual existence of small colonies of Nestorian schismatics in central Asia and even to Genghis Khan
