Bibliographic Guide to North American History ,1986 To Antietam Creek D. Scott Hartwig,2012-10-15 A richly detailed account of the hard fought campaign that led to Antietam Creek and changed the course of the Civil War In early September 1862 thousands of Union soldiers huddled within the defenses of Washington disorganized and discouraged from their recent defeat at Second Manassas Confederate General Robert E Lee then led his tough and confident Army of Northern Virginia into Maryland in a bold gamble to force a showdown that could win Southern independence The future of the Union hung in the balance The campaign that followed lasted only two weeks but it changed the course of the Civil War D Scott Hartwig delivers a riveting first installment of a two volume study of the campaign and climactic battle It takes the reader from the controversial return of George B McClellan as commander of the Army of the Potomac through the Confederate invasion the siege and capture of Harpers Ferry the daylong Battle of South Mountain and ultimately to the eve of the great and terrible Battle of Antietam September Echoes John W. Maryland Campaign of September 1862 Ezra A. Carman, Thomas Clemens, 2017-02-15 The Battle of Shepherdstown and the End of the Campaign is the third and final volume of Ezra Carman's magisterial *The Maryland Campaign of September 1862*. As bloody and horrific as the battle of Antietam was, historian Ezra Carman, who penned a 1,800-page manuscript on the Maryland campaign, did not believe it was the decisive battle of the campaign. Generals Robert E. Lee and George B. McClellan intended to continue fighting after Sharpsburg, but the battle of Shepherdstown, Ford, September 19 and 20, forced them to abandon their goals and end the campaign. Carman was one of the few who gave this smaller engagement its due importance, detailing the disaster that befell the 118th Pennsylvania Infantry and Maj. Gen. A. P. Hill's success in repulsing the Union advance and the often overlooked foray of Jeb Stuart's cavalry to seize the Potomac River ford at Williamsport. Carman also added a statistical study of the casualties in the various battles of the entire Maryland Campaign and covered Lincoln's decision to relieve McClellan of command on November 7. He also explored the relations between President Lincoln and General McClellan before and after the Maryland Campaign, which he appended to his original manuscript. The before section, a thorough examination of the controversy about McClellan's role in the aftermath of the Second Manassas campaign, will surprise some and discomfort others and includes an interesting narrative about McClellan's reluctance to commit General Franklin's corps to aid Maj. Gen. John Pope's army at Manassas. Carman concludes with an executive summary of the entire campaign. Dr. Clemens concludes Carman's invaluable narrative with a bibliographical dictionary and genealogical goldmine of the soldiers, politicians, and diplomats who had an impact on shaping Carman's manuscript. While many names will be familiar to readers, others upon whom Carman relied for creating his campaign narrative are as obscure to us today as they were during the war. *The Maryland Campaign of September 1862, Vol. III: The Battle of Shepherdstown and the End of the Campaign* concludes the most comprehensive and detailed account of the campaign ever produced. Jammed with firsthand accounts, personal anecdotes, detailed footnotes, maps, and photos, this long-awaited study will be appreciated as Civil War history at its finest.

A veteran of the Battle of Antietam, Ezra A. Carman served as a colonel of the 13th New Jersey Infantry. After the horrific fighting of September 17, 1862, he recorded in his diary that he was preparing a good map of the Antietam battle and a full account of the action. Unbeknownst to the young officer, the project would become the most significant work of his life. Appointed as the Historical Expert to the Antietam Battlefield Board in 1894, Carman solicited accounts from hundreds of veterans, scoured through thousands of letters and maps, and assimilated the material into the

hundreds of cast iron tablets that still mark the field today Carman also wrote an 1 800 page manuscript on the campaign Although it remained unpublished for more than a century many historians and students of the war consider it to be the best overall treatment of the campaign ever written Dr Thomas G Clemens recognized internationally as one of the foremost historians of the Maryland Campaign has spent more than two decades studying Antietam and editing and richly annotating Carman s exhaustively written manuscript The result is The Maryland Campaign of September 1862 Carman s magisterial account published for the first time in two volumes Jammed with firsthand accounts personal anecdotes maps photos a biographical dictionary and a database of veterans accounts of the fighting this long awaited study will be read and appreciated as battle history at its finest The Maryland Campaign of September 1862 Ezra Carman, Thomas Clemens, 2012-09-19 Antietam is the eagerly awaited second volume of Ezra Carman s magisterial The Maryland Campaign of September 1862 Many authors have written about the climactic September 17 battle of the 1862 invasion of Maryland but it is impossible to do so without referencing Carman s sweeping and definitive maps and 1 800 page manuscript His work guides every Civil War historian and comprises the basis of the National Park Service s interpretive programs at Antietam Indeed even the basic layout of the National Park battlefield was based upon Carman s groundbreaking work Carman had the advantage of not only participating in the battle as a colonel in the Union army but knowing corresponding and conversing with hundreds of Northern and Southern soldiers from corps commanders all the way down to privates Over the decades he amassed a vast collection of letters maps and personal memoirs from many key participants He used this treasure trove of firsthand accounts to create his compelling narrative No one has devoted more time and effort to understanding what happened at Antietam than did Ezra Carman the campaign s first true historian Unfortunately Carman did not always note from where he obtained his information making the authenticity and reliability of his work problematic Editor Thomas G Clemens recognized internationally as one of the foremost historians of the Maryland Campaign has spent more than two decades studying Antietam and editing and richly annotating Carman s exhaustively written manuscript As Clemens discovered Carman used his sources judiciously and the stories he relates withstand scrutiny for accuracy and reliability Carman s invaluable prose is augmented by his detailed maps of the dawn to nearly dusk fighting on September 17 which have never appeared in their original form in any book on the battle Even more exciting are the newly discovered 19th century photographs authorized by Carman to document his work laying out the battlefield a haunting visual record of how the battlefield appeared to Carman as he tried to unravel its mysteries The result is The Maryland Campaign of September 1862 Antietam the most comprehensive and detailed account of the battle ever produced Jammed with firsthand accounts personal anecdotes detailed footnotes maps and photos this long awaited study will be read and appreciated as battle history at its finest Indeed we will never see such a study again About the Author Ezra Ayres Carman was born in Oak Tree New Jersey on February 27 1834 and educated at Western Military Academy in Kentucky He fought with New Jersey organizations
