Markham, 2023-07-07 Institutions are very precious If any idea is going to persist into the future then it needs an institution to keep it going Each of us comes to understand often only gradually over the decades how some influences from our earlier life have affected us Some will have been inspiring Some will have given us direct models of how to behave or how not to behave Indeed it is often the case that the deeper an influence turns out to have been in the long run the less likely it is that we noticed it at the time it was happening For this reason it has become necessary to find the time to reflect on and express gratitude for the institutions that helped form who we are and the work that we do This collection of essays explores the impact of one institution on twenty five participants twenty five years after we worked together The Institution was Liverpool Hope University College and is now Liverpool Hope University By telling and reflecting on our stories we aim to encourage others to think about their own experiences and ultimately our earnest hope is that a greater awareness of this aspect of university life will help to transform our collective understanding of the nature of universities in particular and of communities institutions or societies in general But there was something special about belonging to a community called Hope *Serendipity* Kris Bryant, 2022-09-13 Music runs through Annie Foster's veins A jingle writer by day and hostess of Coffee Chords an open mic night at her best friend's coffee shack by night Annie is doing exactly what she loves Hitting the big time was never her dream She has enough followers online to know her music matters If it's the right combination of success and happiness why does she feel empty inside Bristol Baines is top of the pop charts internet famous and so lonely she could cry She was tossed into the business at fourteen and any other kind of life wasn't in the cards Living the dream with everything at her fingertips really means a life of disguises secrecy and failed relationships Success has been a big disappointment and she's ready for a fresh start even if that means walking away from fame *Serendipity* brings Annie and Bristol together and their undeniable attraction keeps them close but will their different paths drive them apart *Sex, Serendipity, and Salacia Station* Jessie Pinkham, 2018-04-07 After months cooped up on a spaceship Kevin Roth is more than ready to get out and interact with people on Salacia Station If that interaction happens to be with a hot guy and involve orgasms even better He isn't expecting more than a hookup because he's on his way back to Earth Mick Santorino the station's head chef doesn't have a problem finding sex But finding a deeper connection is difficult in the outer solar system Mechanical failures keeping Kevin on Salacia Station are a blessing because now Mick gets to spend more time with a great guy Despite the pull they feel Kevin and Mick are convinced nothing more than highly enjoyable sex can come of
