The Art of Serendipity Wendy Ross,Samantha Copeland,2022-02-10 Serendipity and creativity are both broad widely disputed and yet consistently popular concepts which are relevant to understanding the positive aspects of our daily lives and even human progress in the arts and sciences The chapters in this book reflects a variety of theoretical and practical approaches to serendipity in various domains including creative problem solving sculpture writing theatre and design Chapter authors address issues such as the nature of the prepared mind the role of accidents serendipity as a skill or way of engaging with the world and indeed how serendipity works as a concept and practice in relation to the dynamic flow of the creative system Those who wish to explore the nature of chance in art and creativity as well as in their daily lives will find much to ponder in these pages

Serendipity Science Samantha Copeland,Wendy Ross,Martin Sand,2023-07-14 This volume brings together for the first time the diverse threads within the growing field of serendipity research to reflect both on the origins of this emerging field within different disciplines as well as its increasing influence as its own field with foundational texts and emerging practices The phenomenon of serendipity has been described in many ways since Horace Walpole initially coined the term in 1754 to categorize those discoveries that happen by both accidents and sagacity This book offers a sampling of perspectives from experts in serendipity research from organizational

studies management theory information science and library studies psychology literature computer science social science ethics and the history and philosophy of science Considerations about the importance and role of serendipity are being raised now across science both empirical and theoretical as well as practice from art and innovation to leadership and governance with ever more eyes looking closer at its significance in human history and the likelihood it will play a key while unpredictable role in forming our future Serendipity Science represents an emerging and also important and potentially necessary field of study if we are to deal well as a society with our complex times and uncertain future

Humaniqueness:
The Gift of Your Inner God Glauco Ortolano, 2008-07-04 After reading a recently published book by a paleontologist who claims he found the missing link between humans and aquatic species that lived billions of years ago Glauco Ortolano answers back with HUMANIQUENESS a thought provoking and inspirational book linking humans to a more divine heritage than fish From a poem written by Vicente Huidobro an early 20th Century Chilean poet Glauco Ortolano builds a fascinating paradigm to challenge the contemporary views on human evolution based solely on scientific evidences We are small gods not evolved fish and it s time we put an end to all that nonsense says Ortolano The response from the scientific community has been outrageous including personal attacks on Mr Ortolano s reputation as a prominent scholar Humaniqueness is a must read for anyone interested in gaining a deeper understanding of what it means to be human and semi divine It will enlighten and bring you into full realization of our unique faculties gifts and destiny as a species

Serendipity Carly Phillips, 2023-02-03 He s from the wrong side of the tracks She lived in the house on the hill Now their fortunes have reversed but their long ago attraction still burns From high school golden girl to wife of a high powered New York attorney Faith Harrington lived the dream Until divorce and her father s imprisonment for fraud left her with almost nothing Now she s back in her hometown to redesign her life and not every face is friendly Least of all the town rebel whose memory lingered long after they shared one searing teenage kiss Ethan Barron is a bad boy Was Was a bad boy Now a man a very rich man he quietly buys the old Harrington mansion to thumb his nose at Serendipity and the people who looked down on him But until he reconciles with his brothers and builds a life the victory rings hollow Faith had been a rich girl ripe for rebellion and his shamelessly stolen kiss still burns in his dreams Only a fool would risk feeding town gossip by asking her to redecorate the house she grew up in But Ethan never did choose easy Not when the hard way promises a much sweeter and hotter reward Note Serendipity is book one of a previously published series by NYT Bestselling Author Carly Phillips Contains a tarnished golden girl a bad boy in search of redemption a brother whose first order of business is to ticket his big bro s Jag and a town that runs on nosiness

Service Automation Framework Jan Willem Middelburg, 2017-01-01

Service Automation is the concept of achieving customer loyalty by the use of automated technologies and builds upon a large demographic and sociological trend. We are the self service generation who are able to make our own decisions. The self service generation is nowadays used to search evaluate and purchase products online for a number of years now. This book will give you deep insight into the concept of Service Automation the concept by which you can automate customer service in your organization. If you adequately apply Service Automation in your organization you will see both employee and customer satisfaction rise and significantly increase the number of people who like your company. The Service Automation Framework SAF has been created to find a methodical way to discuss Service Automation. It offers a simplistic version of any organization which includes a number of processes that every organization can think of to systematically enhance its Service As with any model it is a simplified version of reality but it structures the mind and provides uniform terminology when discussing the contents with co workers and colleagues. Nothing more nothing less. We encourage you to adapt and apply the model in any way that you see fit and which helps you and your organization. This book is intended for anyone who has ever experienced that the level of Service in his organization can be increased and is looking for guidance on a step by step model to achieve this whether you are an entrepreneur executive consultant or work in the field of academia.
