Sergeant Marco:

Fame Amid the Ruins Stephen Gundle, 2019-11-04 Italian cinema gave rise to a number of the best known films of the postwar years from *Rome Open City* to *Bicycle Thieves*. Although some neorealist film makers would have preferred to abolish stars altogether, the public adored them and producers needed their help in relaunching the national film industry. This book explores the many conflicts that arose in Italy between 1945 and 1953 over stars and stardom, offering intimate studies of the careers of both well known and less familiar figures, shedding new light on the close relationship forged between cinema and society during a time of political transition and shifting national identities.

To D-Day and Back Bob Bearden, 2007-10-15 In the predawn hours of D Day June 6 1944 which would become immortalized as the Longest Day, Bob Bearden and his comrades in the 507th Parachute Infantry Regiment jumped into the inky skies over Normandy. Their mission: defend the west bank of the Merderet River against German counterattack. After long months of training, they were finally taking the war to the Germans. Bearden's time in combat proved short-lived, however, when he was captured on D+2, June 8. This was only the beginning of a new war for his very survival through multiple German POW camps and ultimately on an epic journey that would take him largely on foot all the way to Moscow on his journey home, all of which makes for exciting reading in this remarkable memoir.

Atlantic Split Neil A. King, 2018-02-16 What do you do when the fate of something so massive lies in your hands and your hands only? Do you let it pass you by or do you do something about it? Don't believe that there should still be prejudice in 2018. If you're a young person who wants to make a difference to the world and stand up to bullies in power, then this is the book for you. In an alternate 2018, it's been almost 45 years since the UK and the USA went to war and the nations are still bitter enemies. So when two Americans are framed for an assault and meet young British police officer Luke Bright, there's outrage when a friendship forms between them. Luke's desperate to help his friends but ends up accidentally shooting another police officer in the process. Barely weeks after turning nineteen, he's branded a murderer to be thrown into jail when his only crime was wanting peace and equality. This isn't the adult life he was expecting. How exactly is he meant to bring an end to prejudice between the two most powerful nations in the world when he's destined to be stuck in jail for life? Can Luke really change the rest of the world when he's isolated from everyone he knows and no one believes he's innocent?

Atlantic Split is the first of four novels in the Luke Bright series and is recommended for ages 15+.
