Offers a global perspective on medical education from leading experts from across the world. Providing practical guidance and exploring medical education in all its diversity. *Understanding Medical Education* continues to be an essential resource for both established educators and all those new to the field. *Channel Improvements, Columbia and Lower Willamette River Federal Navigation Channel, (OR, WA)*, 1999 Ethical Business Practice and Regulation Christopher Hodges, Ruth Steinholtz, AreteWork LLP, 2018-01-11

This book explains the concepts of Ethical Business Practice (EBP) and Ethical Business Regulation (EBR) a new paradigm in compliance and enforcement based on behavioural science and ethics. EBR provides the basis for an effective relationship between a business and its regulators resulting in better outcomes for both. EBR is attracting extensive attention from regulators and businesses around the world. The UK Government's 2017 Regulatory Futures Review draws on EBR as the foundation for its policy of regulatory self-assurance. EBR draws on findings from behavioural science responsive regulation safety and business and integrity management to create a practical and holistic approach. Examples include the open culture that is essential for civil aviation safety the Primary Authority agreements between regulators and national businesses and feedback mechanisms provided by market vigilance systems and sectoral consumer ombudsmen. This book provides an essential blueprint for sustainable business and effective future regulation. Fake Degrees and Fraudulent Credentials in Higher Education Sarah Elaine Eaton, Jamie J. Carmichael, Helen Pethrick, 2023-01-10 This book addresses an important topic in higher education: credential fraud. This includes but is not limited to fake degrees diploma mills admissions fraud and cheating on standardized admissions tests. The book directly addresses fake and fraudulent credentials in higher education. It

explores transcript tampering and fraud in varsity athletics and discusses lazy practices in the higher education hiring processes that open the door for professors without proper credentials to get jobs in post secondary institutions The book also discusses how technology is being used to stop the proliferation of fake and fraudulent credentials in a variety of ways including blockchain technology **PISA Data Analysis Manual: SPSS, Second Edition** OECD,2009-03-31 This publication includes detailed information on how to analyse the PISA data enabling researchers to both reproduce the initial results and to undertake further analyses Commerce Business Daily ,1998-03
